Dacca Division.

NOTIFICATION.

Dacca, the 6th July 1936.

Rules for the admission of private candidates to the Calcutta University Matriculation Examination, 1937.

1. A student who has not attended any school, recognized or unrecognized, for at least one year previous to the examination, will be treated as a private candidate. Teachers of schools are also considered as private candidates.

2. Private candidates who desire to sit for the ensuing University Matriculation Examination must appear at the Test Examination of any one of the undermentioned schools, to be held on the 1st December 1936 and the days following :—

(1) Dacca Collegiate School.

(2) Mymensingh Zilla School.

(3) Jamalpur Government High School.

(4) Faridpur Zilla School.

(5) Barisal Zilla School.

(6) Bhola Government High School.

(7) Jhalakati Government High School.

(8) Pirozpur Government High School.

3. Every private candidate must submit his application for admission to the Test Examination in the prescribed form on or before the 2nd November 1936 to the Inspector of Schools, Dacca Division. He must produce a certificate from a responsible Government officer to the effect (1) that he has not attended any school, recognized or unrecognized, for at least one year previous to the examination, (2) that his conduct and character have been good, (3) that he has diligently and regularly prosecuted his studies, and (4) that he has been subject to proper discipline.

Candidates who intend to appear at the Test Examination in the Dacca Collegiate School must submit their applications in duplicate.

A student, who failed to pass the annual examination for promotion to class X at the end of the session 1935 and then left the school will not be allowed to appear at the examination.

4. Every private candidate must also forward with his application his transfer certificate from the school (if any) in which he last read, or the Registrar's receipt (if he appeared at any previous Matriculation Examination).

Those who have never read in any school should produce either their horoscope or an affidavit sworn by their parents or guardians before a competent Magistrate declaring their age and a certificate from a respectable person with personal knowledge of the fact of the case that he has never been to any school.

5. Private candidates offering Hygiene as one of their subjects will be required to satisfy the Inspector of Schools that they have undergone a course of training in the subject. For this purpose they should submit along with their applications, certificates of training in it from a registered medical practitioner or from a recognised teacher in Hygiene.

6. Private candidates from outside the territorial jurisdiction of the Calcutta University including teachers of schools must obtain the sanction of the University to their migration before they are allowed to appear at the Test Examination for private candidates.

7. Teachers of schools recognised by the Calcutta or any other University or any Board of Secondary Education in India, who intend to appear at the Matriculation Examination as private candidates, are not required to pass the Test Examination. They should apply to the University for permission to appear at the Final Examination in proper time.

8. Every private candidate must pay a fee of Rs. 5 which should be remitted to the Inspector of Schools, Dacca Division, along with the application for admission to the Test Examination, on or before the prescribed date (2nd November 1936), after which a fine of Rs. 2 will have to be paid for each week's delay up to 16th November 1936. No application will be entertained after that date. *Where there are Treasuries or Sub-Treasuries near the residence of candidates the fee should be deposited there and chalans in duplicate showing the deposit submitted to the Inspector of Schools along with the application.* If the candidate be considered eligible for admission to the Test Examination a letter of permission will be issued. This should be shown to the Headmaster on the first day of examination. *In no circumstances will this fee be refunded.*

9. On the first date of examination, he must be accompanied, for the purpose of identification, by some person known to the officer conducting the examination, otherwise he will not be admitted to the Test Examination.

10. The Headmasters of the schools named above should send to this office, for orders, a statement, *in duplicate*, showing the marks gained by each private candidate in each subject at the Test Examination, *within a fortnight from the date of the said examination.* The application forms of candidates who are declared eligible should be forwarded to this office for countersignature, duly filled in and signed.

11. Private candidates allowed to go up for the Matriculation Examination should submit their fees to the Headmaster of the Government High School where they appear at the Test Examination at the time of filling up their application forms. The Headmaster will send the fees to the Controller of Examinations along with the applications countersigned by the Inspector of Schools so as to reach him on or before the date fixed by the University.

12. The Matriculation Examination will be held in March 1937. The dates will be notified by the Calcutta University.

Intermediate and B.A. Examinations, 1937.

Bona fide teachers of recognized English schools and inspecting officers of the Education Department, who have been employed as such for at least three academical years (32 calendar months) preceding the dates of examinations, will be admitted to the I.A. and B.A. Examinations of the Calcutta University as non-collegiate students, provided they have obtained special permission of the Senate.

Demonstrators, Laboratory Assistants and Librarians of affiliated colleges are regarded as teachers.

2. Candidates who have obtained special permission of the Senate must submit their applications to this office for countersignature not later than the 2nd January 1937.

3. Candidates should carefully read the printed form of application and supply all the necessary information.

4. The following documents in original must accompany the application :—

(*a*) The letter from the Senate of the Calcutta University permitting the candidate to appear at the ensuing examination.

(*b*) The University certificate to show that the candidate has passed the next preceding examination.

(*c*) Registrar's receipt in the case of those who were admitted to the same examination in a previous year.

(*d*) Registrar's receipt to show that the candidate's name has been registered as a "University student." If his name has not already been registered, he should produce a Post Office receipt showing that the required fee of Rs. 2 has been remitted to the University to get his name registered.

(*e*) A certificate from the Secretary in the case of teachers, and from the immediate superiors in the case of others, showing (*i*) that he has been serving as such for three academical years (32 calendar months), (*ii*) that he has been diligently and regularly prosecuting his studies and (*iii*) that his character and conduct have been good.

5. The dates of I.A. and B.A. Examinations, 1937, will be notified by the Calcutta University in the *Calcutta Gazette* in due course.

6. Applications with the countersignature of the undersigned, together with the fees for the above examinations, must reach the office of the Controller of Examinations, Calcutta University, on or before the dates to be fixed by the University and must be sent to that office by the candidate himself direct.

NOTIFICATION.

Test Examination of Private Candidates for the Matriculation Examination, 1937, in the Rajshahi Division.

1. Private students are those—(*a*) who never attended any recognised school previous to the Matriculation Examination they are going to sit for, and (*b*) who have attended schools but after leaving them waited till the time they would normally require to appear at the Matriculation Examination had they been students of some recognised schools. The period of non-attendance in any institution for at least one year prior to the Final Matriculation Examination is compulsory for such students.

The term "Private candidate" includes *bona fide* teachers of schools.

2. A test examination of private students will be held at the Government high, zilla and collegiate schools in the Rajshahi Division, on Wednesday, the 25th November 1936, and the six following days (one paper being held daily from 11 a.m. to 2 p.m.). Such candidates only as reside in any of the districts of the Rajshahi Division and Cooch Behar will be admitted to the examination.

3. Each private candidate will have to pay a fee of Rs. 5, which is to be remitted to the Inspector of Schools, Rajshahi Division, at Jalpaiguri, and not to the undersigned by name, so as to reach him on or before the 15th October 1936, along with an application for permission to appear at the test examination. Candidates applying after the prescribed date will have to pay a fine of Rs. 2 for each week's delay up to 5th November 1936, after which no application will be entertained. The candidates must decide definitely to enter for the examination before depositing their fees. The fees once deposited will not be refunded under any circumstances whatsoever. Regular receipts will be issued to candidates for any payment made by them in the shape of admission fees and fines.

4. Each application for permission to appear at the test examination must be accompanied with an application in the printed form and the documents noted below :—

(*a*) The name of the school in which the candidate last studied.

(*b*) The transfer certificate (in original) granted to the candidate by the Head Master of the school in which he last read, or

(*c*) In the case of a candidate who previously appeared at the Matriculation Examination, the Controller's receipt (in original) for the fees paid.

(*d*) In the case of a candidate who has not attended any school (*i*) a certificate from his guardian to that effect, (*ii*) a certificate from a respectable gentleman as in rule (*f*), (*iii*) his horoscope or an affidavit sworn by his guardian before a 1st class Magistrate in support of his age, (*iv*) a declaration from his legal guardian to the effect that he did not join any political movement and is not under any orders of restriction or surveillance.

(*e*) A certificate from a Government servant in Certificate I in the application form to the effect that the candidate has prosecuted a regular course of study and has been subject to proper discipline, and that he has not read in any school since the last Matriculation Examination.

(*f*) In the case of a schoolmaster a certificate of good conduct from the Secretary of the school in which he is serving or from the District Inspector of Schools of the district concerned.

(*g*) Private candidates having Hygiene as their optional subject are required to produce certificate from a registered medical practitioner or from a recognised teacher in Hygiene to the effect that they have undergone a full course of training in it under them.

(*h*) *No action will be taken on any application which will come to this office in incomplete form.*

(*i*) No candidate who has not completed the age of 15 years on the first day of the month in which the Matriculation Examination is held shall be allowed to appear at it.

(*j*) A statement by the candidate giving the following facts :—

(1) Residence, giving the name of the village, post office and district clearly.

(2) Father's name.

(3) The name of the centre at which he intends to appear.

(4) Second language besides English.

(5) Vernacular language from which translation is to be made into English in English first paper.

(6) Which of the following subjects to be taken up :—

(*i*) Additional Mathematics.

(*ii*) Additional paper in the classical language.

(*iii*) History.

(*iv*) Geography.

(*v*) Elementary mechanics.

(*vi*) Hygiene.

5. The Inspector of Schools on being satisfied will issue a passport for admission to the test examination. No candidate will, however, be admitted unless he is identified to the satisfaction of the Head Master of the school at which he appears.

6. The Head Masters of the institutions named above should direct candidates who appear at their schools to fill up the application form for permission to appear at the Matriculation Examination in their presence. These applications will be forwarded to the office of the Inspector of Schools. The Inspector of Schools will then countersign the applications of those candidates who pass the test examination and forward them to the Head Masters concerned for transmission to the Registrar with the fees for the examination.

7. In no circumstances should the fee for the Matriculation Examination be sent to the Inspector's office. It should be sent to the Head Masters of the schools concerned where the candidates sat for the test examination for submission to the Controller together with the countersigned applications.

8. The Matriculation Examination will be held in March 1937, and the applications and fees must reach the office of the Controller on or before the date fixed by the University.

N.B.—A student who failed to pass the annual examination for promotion to class X at the end of the session of 1935 and then left the school can, under no circumstances, be allowed to appear at the examination.

Intermediate and B. A. Examinations.

1. District and Subdivisional Inspectors of Schools, Sub-Inspectors of Schools and *bona fide* masters of English schools, who have served as such for the full period of three academical years preceding the examinations, will be admitted to the abovenamed examinations.

2. Candidates for the Intermediate and B.A. Examinations must produce certificates of character and length of service from the Secretaries of their respective schools. Candidates for the B.A. Examination must forward with their applications their I.A. or F.A. certificates, and those for the Intermediate Examination, their Entrance or Matriculation certificates. Those candidates who were admitted to a former examination must produce the Controller's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B.A. Examinations are informed that their applications for admission to these examinations will not be considered unless they enclose with their applications to this office the sanction of the Senate to appear at the said examinations. Candidates who have applied for or have obtained the special permission of the Senate for the purpose are required, under section 9, Chapter XV of the Revised Regulations dealing with the registration of University students, to apply at once to the Registrar, for the registration of their names as "University students". No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 3rd January 1937, together with other papers mentioned in rules 2 and 3, after which no application will be received.

5. The examinations will be held on dates to be notified by the University. Application with the countersignature of the undersigned and fees for the examination must reach the office of the Controller on dates to be fixed by the University and must be sent to that office by the candidates direct.

Office of the Inspector of Schools, Presidency Division.

40/1A, Free School Street, Calcutta, the 13th July 1936.

NOTIFICATION.

Rules for the guidance of the private candidates for the Test Examination for admission to the Matriculation Examination for 1937.

A Test Examination of private candidates for permission to appear at the Matriculation Examination of the Calcutta University to be held in March 1937, will be held in the Senate Hall, Calcutta, or at any other place, which may be notified hereafter from Thursday, the 26th November 1936, according to the programme annexed hereto.

2. Applications for permission to appear at the Test Examination of private candidates should be made in printed forms only to be obtained *in person* from the office of the Inspector of Schools, Presidency Division. Candidates desirous of appearing at a muffasil centre should obtain forms from the Head Master of the Government School concerned.

3. Private candidates are those who have not attended any school, recognised or unrecognised, imparting general education for at least one year previous to the Matriculation Examination.

4. Private candidates are broadly divided into two groups, viz.—

(A) Candidates coming from within the territorial jurisdiction of the Calcutta University.

(B) Candidates coming from outside the territorial jurisdiction of the Calcutta University who have resided for one year or more in Calcutta or in one of the districts of the Presidency Division.

5. Each of these groups is again subdivided into the following four classes :—

(*i*) Candidates who once read at schools but since leaving them will have been out of school for at least one year up till 1st March 1937.

(*ii*) Candidates who have never read at any school.

(*iii*) *Bona-fide* teachers employed at schools recognised by any University or any Board of Secondary Education.

(*iv*) Teachers employed in other schools, *e.g.*, Primary Schools, Middle Schools, Junior Madrasahs, etc.

6. Every candidate for the Test Examination must produce—

(*a*) An affidavit in the appended form A sworn before a competent authority in Bengal by the candidate's father or his legal guardian (if the father is dead). Two copies of the candidate's photo, one affixed to the affidavit which should be duly attested by the swearer of the affidavit and the Magistrate and the other to be affixed to the application duly attested by the candidate and his father and guardian.

(*b*) If he had previously attended any school a transfer certificate (bearing the school stamp) from the school in which he last read or the admit card if he failed at the last or any previous Matriculation Examination or the Test Examination held by the Inspector of Schools, Presidency Division.

7. Candidates under class (*iii*) of rule 5 are exempt from appearing at the Test Examination. They should apply to the Registrar, Calcutta University, for necessary permission in accordance with the procedure laid down in his Notification No. 283/OUP, dated 15th May 1935.

8. Besides fulfilling the appropriate conditions as laid down for the foregoing three classes a candidate under class (*iv*) of rule 5 must produce a certificate of employment duly signed or countersigned by the District Inspector of Schools of the district.

9. *B group candidates* (*vide* rule 4) *whether ever read in any school or not, shall in addition produce* (*i*) *necessary permission from the University of Calcutta* commonly called migration certificate in terms of its circular No. S/272/O.U.Pri., dated the 16th June 1934, published at page 938, Part IB of the *Calcutta Gazette*, dated the 19th July 1934.

10. Every candidate must attach to his application a copy of the chalan showing the deposit of the prescribed fee at a treasury or sub-treasury in Bengal. (*See* also rule 15.)

11. No candidate under "group A" (*i.e.* Bengali or Assamese), whose father or guardian is not a native or a permanent resident of or permanently employed in any district of the Presidency Division including Calcutta, will be admitted to the Test Examination to be held by or under orders of the Inspector of Schools, Presidency Division.

12. A student, who failed to pass the annual examination for promotion to class X at the end of the year 1935 and then left school, will, in no circumstances, be allowed to appear at the Test Examination of 1936. But a student who failed to pass the Matriculation Examination of the Calcutta University, held in March 1936 will be admitted to the ensuing Test Examination.

13. No candidate who has not completed the period required for reaching class X calculated from the date of his leaving the school and completing one year thereafter will be admitted to the Test Examination.

14. Any candidate desirous of taking up Hygiene for the Matriculation Examination shall submit along with his application a certificate from a registered medical practitioner or a recognised teacher of Hygiene to the effect that the candidate has been undergoing training in that subject under him. The registered medical practitioner should give his registration number for his identification.

15. The admission fee for the examination is Rs. 6 for each candidate to be examined in Calcutta and Rs. 5 for candidates to be examined in other centres. The fee for examination must be deposited into a Government Treasury or Subtreasary in Bengal and the chalan showing the deposit attached to the application (*vide* rule 10). THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

BOARD OF REVENUE, BENGAL.

"A" Group—Wards Branch.

ORDER—No. 9770 W.

WHEREAS an application has been made by Raja Gopal Lal Roy Bahadur of Tajhat in the district of Rangpur, praying that he may be declared to be a disqualified proprietor for the purpose of managing his own estate and that his estate be brought under the management of the Court of Wards, under clause (*c*) of section 6 of the Bengal Court of Wards Act, IX (B. C.) of 1879, as amended by the Bengal Decentralisation Act, 1915 (Bengal Act V of 1915), the Court of Wards is pleased to declare that the said Raja Gopal Lal Roy Bahadur is a disqualified proprietor within the meaning of that section and that it is expedient in the public interest that the estate should be managed by the Court of Wards.

Under sections 7 and 35 of the said Act [Act IX (B. C.) of 1879] the Court of Wards also declares that it has decided to take under its charge the property of the disqualified proprietor abovenamed and it directs that possession be taken of such property on behalf of the said Court.

By order of the Court of Wards, Bengal,

S. BANERJEE, Secretary.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 23rd July 1936.

Forecast of the Summer Til (Sesamum) Crop of Bengal, 1936-37.

(*Note.*—On an average of the five years ending 1933-34, the area under *til* in Bengal has represented some 2·4 per cent. of the total area under *til* in British India.)

Character of the season.—At the outset defective rainfall interfered with progress of sowings in parts of West and North Bengal. Elsewhere the operation was carried on under favourable conditions. Subsequent conditions were generally satisfactory for germination and growth. Some damage was, however, caused by heavy rain in Jessore, Khulna, Pabna, Dacca and Bakarganj.

Acreage.—The area sown this year is estimated at 131,800 acres as against 115,200 acres last year.

Outturn.—From the District Officers' estimates the average outturn of the crop for the province works out at 81 per cent. of the normal this year as against the same estimate last year.

Taking the normal yield as 7⅞th maunds per acre, the gross outturn of the crop for the province is estimated at about 29,000 tons this year as against 25,400 tons last year.

K. McLEAN,

Director of Agriculture, Bengal.

NOTIFICATION.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

Burdwan.—No. 2979P.H.—1st August 1936.—In pursuance of rule 8 of the rules for the preparation, publication and execution of projects for water-supply, sewerage or drainage by municipal authorities, it is hereby notified for general information that the sewerage scheme submitted by the Commissioners of the Asansol Municipality has been approved by the Government of Bengal (Ministry of Public Health) and that the particulars of the said scheme are as follows:—

1. (*a*) The scheme consists of a main sewer running along Boston Bazar Street and Central Road and discharging into septic tanks located near the river bank below the town. At the north end of the railway tunnel the main sewer will receive a branch sewer which will serve the Railpur bustee and at the upper end of the main sewer two branch sewers will join, one from Budhadanga Road and the other from Southern Road. Four hand dumping depôts will be provided, viz., three along Southern Road, and one at Railpur bustee. A cart dumping depôt will also be provided in Budhadanga Road. The main sewer will pass through the railway property and will be at a level low enough to receive the effluent from the railway septic tanks. Provision has been made for special crossings over the existing main drain and for detritus tanks and septic tanks, the former will be sufficient to deal with six times the dry weather flow during wet weather and the latter will deal with three time the dry weather flow.

(*b*) The estimated cost of the scheme is Rs. 1,43,600 to be financed as follows:—

(*1*) Municipal contribution—Rs. 3,600.

(*2*) Loan from Government—Rs. 1,40,000.

(*c*) and (*d*) No extra cost of maintenance is involved

(*e*) A loan of Rs. 1,40,000 from Government is required for the scheme by the municipality to be repaid in thirty years in equal yearly instalments of Rs. 8,096-3-5 each.

2. The scheme will be taken into consideration on or after the 1st September 1936, and any objection or suggestion with regard thereto, which may be received by the undersigned before that date, will be duly considered.

No. 2513Edn.—31st July 1936.—In exercise of the powers conferred by clause (*z6*) of sub-section (*2*) of section 66 of the Bengal (Rural) Primary Education Act, 1930 (Bengal Act VII of 1930), the Government of Bengal (Ministry of Education) are pleased to make the following rules:—

Rules under section 66 (2) (z6) of the Bengal (Rural) Primary Education Act, 1930, regarding the form of application for, and the conditions of grant of, and withdrawal of, recognition to a primary school under section 54 of the Act.

1. Application to the Board for recognition as a primary school shall be made in writing, and shall give information on the following points and upon such other points as the Board shall direct:—

(*a*) name of the school;

(*b*) location of the school;

(*c*) description of the school building and grounds;

(*d*) number of pupils in each class of the school, Hindus, Moslems and other communities being shown separately;

(*e*) names, qualifications, and pay of the school staff;

(*f*) sources and amount of school income;

(*g*) names and designations of persons who form the managing authority of the school.

2. As soon as possible after the receipt of the application, the Board shall cause the school to be inspected by an inspecting officer of the Department of Public Instruction, and after considering his report shall either recognise the school, or refuse recognition.

3. The Board may grant recognition unconditionally, or subject to the fulfilment within a stated period, of certain specified conditions, but in no case shall a school be recognised for a period of more than five years, at the expiry of which period the managing authority of the school may apply again to the Board for recognition.

4. Before recognising a school in respect of which no application for recognition as a primary school has been made, the Board shall cause the school to be inspected by an inspecting officer of the Department of Public Instruction and shall follow the same procedure as if an application for recognition has been made.

5. The Board shall not, except for reasons to be recorded in writing, grant recognition to any school which does not fulfil the following conditions:—

(*a*) The school has been in continuous existence for at least six months previous to the date of the application for its recognition;

(*b*) The school has a managing authority approved by the Board;

(*c*) The school has a house in which there is room enough for the children to be taught and which is well lighted and airy and equipped with the necessary furniture and teaching appliances;

(*d*) The school has grounds adequately shaded and of sufficient extent to permit of its classes being held out of doors during the dry months of the year;

(*e*) The school has four classes and on its staff at least two trained teachers;

(*f*) The school follows a course of studies approved by the Department of Public Instruction;

(*g*) The school makes proper provision in its staff and in its teaching for the religious and other interests of Moslems and members of other communities;

(*h*) The school observes the rules framed by the Department of Public Instruction regarding admission and withdrawal of pupils and such other matters;

(*i*) The school maintains the following registers:—

(*i*) Admission register.

(*ii*) Attendance register for teachers.

(*iii*) Attendance and fee register for pupils.

(*iv*) Cash and monthly abstract account book.

(*v*) Acquittance roll of teachers.

(*vi*) Acquittance roll of scholars.

(*vii*) Visitors' book.

(*viii*) Transfer certificate register.

(*ix*) Proceedings book for managing authority.

(*x*) Library catalogue.

(*xi*) Result book of class and other examinations.

(*xii*) Stock book.

6. The order of the Board granting recognition to a school shall specify the date from which recognition is granted, the period of such recognition and the conditions, if any, attaching to it.

7. A school recognised by the Board shall be open to inspection by officers of the Department of Public Instruction, by members of the Board, by the Commissioner of the Division, the District Magistrate, the Subdivisional Officer and the Circle Officer.

8. If the Board has reason to believe that a school to which recognition has been granted is no longer fit for continuing to be recognised, it shall cause the school to be inspected by an officer of the Department of Public Instruction, call for a report from such officer and may after considering the report withdraw the recognition granted.

9. It shall be open to an inspecting officer of the Department of Public Instruction to submit at any time a report to the Board on any school recognised by the Board, and the Board shall deal with such a report, as though the report had been called for by the Board.

10. An order of the Board withdrawing recognition from a school shall state—

(*i*) the name and location of the school;

(*ii*) the date from which recognition is withdrawn;

(*iii*) the reasons.

No. 2521Edn.—31st July 1936.—In exercise of the powers conferred by clause (*z7*) of sub-section (*2*) of section 66 of the Bengal (Rural) Primary Education Act, 1930 (Bengal Act VII of 1930), the Government of Bengal (Ministry of Education) are pleased to make the following rules:—

Rules under section 66(2) (z7) of the Bengal (Rural) Primary Education Act, 1930, regarding the form of application for, and the conditions of grant of, aid to a primary school under private management under section 55 of the Act.

General.

1. Grants-in-aid to a primary school given by the Board may be either capital or recurring.

2. The managing authority of a primary school under private management desiring to receive a grant-in-aid from the Board shall submit an application in writing, and the Board may prescribe a date or dates on or before which such applications are to be made.

3. Every application for a grant shall give information on the following points and on such other points as the Board may direct:—

(*a*) Name and location of the school.

(*b*) Number of pupils in each class of the school.

(*c*) Names, qualifications and pay of the school staff.

(*d*) Rates of fees, if any, charged from the pupils.

(*e*) Sources and amount of other school income.

(*f*) Details of monthly expenditure of the school.

(*g*) Nature and amount of grant asked for.

(*h*) Names and designations of the persons forming the managing authority of the school.

(*i*) Number and date of the order granting recognition to the school.

4. On receipt of an application for a grant, the Board shall, if it deems such a course necessary, cause the school to be inspected by an inspecting officer of the Department of Public Instruction, and, after considering the application from the school and the report, if any, of the inspecting officer, may give a grant to the school.

5. The order of the Board giving a grant to a school shall specify the name and location of the school, the nature, amount and purpose of the grant, the period for which it is given (in the case of recurring grants), the conditions, if any, attaching to the grant and the method of payment.

6. The Board shall not give a grant to a school which is not recognised by the Board.

Capital grants.

7. The Board shall be competent to sanction a capital grant to a primary school under private management for—

(*a*) the buying or acquiring of land for the school;

(*b*) the buying, constructing or extending of the school building;

(*c*) the making of extraordinary repairs to the school building;

(*d*) the buying of furniture or appliances for the school;

(*e*) any other purpose approved by the Local Government.

8. The Board shall not, without the previous approval of the Director of Public Instruction, sanction a capital grant the amount of which exceeds one thousand rupees.

9. Any application for a grant-in-aid for the purposes mentioned in clauses (*a*), (*b*) and (*c*) of rule 7 shall be accompanied by a rough plan and approximate estimate of the cost, and a statement of the amount of local contribution.

10. The Board, if necessary, may itself buy or cause to be acquired land for a school under the provisions of the Land Acquisition Act, 1894, and make over the land for use by the school under a license in the form prescribed by Government.

11. Payment of capital grants may be made in one or more instalments, but no instalment shall be paid until the whole of the local contribution, if this is in money, is paid into a bank approved by the Board, and the final instalment of a grant for the building or repairs shall not be paid until the work is finished according to plan, and a certificate to that effect from a competent authority received by the Board.

12. Grants for furniture and appliances shall not be paid until vouchers for the amount have been received by the Board.

Recurring grants.

13. The Board shall be competent to sanction a recurring grant to a primary school under private management to meet expenditure on—

(*a*) rent of land or building occupied by the school;

(*b*) salaries of teachers of the school;

(*c*) upkeep and ordinary repairs of school buildings and lands;

(*d*) miscellaneous items including the buying of books for the school;

(*e*) any other item approved by the Local Government.

14. The Board shall before sanctioning a recurring grant to a school fix an "approved scale of expenditure" for the school under the heads mentioned in rule 13, and the grant shall not, except for reasons to be stated in writing, exceed the difference between this approved scale and the total income of the school from other sources including fees.

Provided that the conditions laid down in this rule may be relaxed by the Board with the previous approval of the Director of Public Instruction.

15. The "approved" pay of teachers in a school shall be—

Head Master—Rs. 20.

Trained teacher—Rs. 15.

Untrained teacher—Rs. 10.

and the approved scale of expenditure on salaries of teachers shall depend upon the number of pupils in the school. Each school shall have at least two trained teachers on its staff, and, where the number of pupils exceeds 50, the Board may allow for the pay of additional teachers in the approved scale.

Provided that the conditions laid down in this rule may be relaxed by the Board with the previous approval of the Director of Public Instruction.

16. The "approved" grant to a school for the purpose of upkeep and ordinary repairs of its buildings and land shall not ordinarily exceed one-fortieth of the total expenditure of the school.

17. The "approved" grant to a school for miscellaneous items including the buying of books shall not exceed one-fortieth of the total expenditure of the school

18. Recurring grants are payable quarterly in arrears on the first day of the months of March, June, September and December, and on production by the managing authority of the school of a certificate that the salaries of the teachers have been paid for the preceding quarter.

19. The Board shall be competent to sanction a recurring grant to a school for a period of one year only, but the Board may renew the grant yearly up to a total period of five years, provided that—

(*a*) the managing authority of the school certify at the end of each year that the grant given to the school during the preceding year has been fully and properly expended;

(*b*) the Board may increase or decrease the grant (subject to the provision of rule 14) if altered circumstances of the school justify such a course.

20. The Board shall not renew a recurring grant to a school beyond the period of five years unless the school applies for the renewal, and such application shall be dealt with as if it were an original application.

21. The Board shall refuse to make a further grant to a school, the recognition of which is withdrawn by the Board, from the date from which recognition is so withdrawn.

22. (*i*) If the Board has reason to believe that a school in receipt of a recurring grant is not fulfilling the condition on which the grant is given, it shall cause the school to be inspected by an inspecting officer of the Department of Public Instruction, call for a report from such officer and, after considering the report, may either reduce the grant or refuse further grant as it deems necessary.

(*ii*) It shall be open to an inspecting officer of the Department of Public Instruction to submit to the Board at any time a report on a school in receipt of a recurring grant, and the Board shall deal with such a report as though the report had been called for by the Board

DEPARTMENT OF AGRICULTURE AND INDUSTRIES.

Agriculture.

NOTIFICATION.

Minister-in-charge: The Hon'ble Nawab Sir Mohiuddin Faroqui, Kt., of Ratanpur.

No. 4848 Agri.—25th July 1936.—In exercise of the powers conferred by section 23 of the Bengal Water Hyacinth Act, 1936 (Bengal Act XIII of 1936), the Government of Bengal (Ministry of Agriculture) are pleased to make the following rules :—

Bengal Water Hyacinth Rules.

Short Title.

1. These rules may be called the Bengal Water Hyacinth Rules, 1936.

Definitions.

2. In these rules "the Act" means the Bengal Water Hyacinth Act, 1936.

Publication of notifications prohibiting water hyacinth in certain areas (section 7).

3. A notification issued under section 7 shall be published in the following manner :—

(*a*) copies shall be hung up in the office of the Collector of the district and in the offices of any Subdivisional Officer, District Judge, Munsif or Sub-Registrar within whose jurisdiction the area specified in the notification or any part thereof is situated ; and

(*b*) the fact that such notification has been thus published shall be announced by beat of drum or other customary manner in such places in that area as the Collector may think fit.

Service of notice to occupier to cut branches or remove vegetation (section 8).

4. A notice under section 8 shall be served in any of the following ways :—

(*a*) a copy may be tendered or delivered to the occupier by or in the presence of the authorised officer who has signed it, and such authorised officer shall record on the original notice a note that this has been done, or

(*b*) a copy may be served in the manner laid down in rule 179 of the Bengal Practice and Procedure Manual ; or

(*c*) a copy may be served through the union board in whose jurisdiction the occupier resides, in the manner laid down for the service of processes by duffadars and chaukidars under the Bengal Village Self-Government Act, 1919.

Rate at which interest may be recovered on costs under section 12.

5. The rate at which interest may be realised on costs due under section 12 shall be 6¼ per cent.

Publication of schemes and service of notices under section 15.

6. A scheme under section 15 shall be published in the manner laid down for notification in rule 3.

7. Notices under section 15 shall be served in the manner laid down in rule 4.

Notice regarding use of land for destruction of water hyacinth (section 16).

8. A notice under section 16 shall be served in the manner laid down in clause (*b*) or clause (*c*) of rule 4.

Removal and destruction of water hyacinth.

9. Subject to the provisions of the Act water hyacinth may be removed in any manner convenient, provided that no plant or part of a plant shall be permitted to remain on any spot between the place from which it is removed and the place where it is to be destroyed.

10. When water hyacinth is to be destroyed it shall be destroyed in any of the following ways :—

(*a*) without being first dried, it may be—

(*i*) rotted in stacks on dry ground, or

(*ii*) rotted in stacks under water, or

(*iii*) utilised for the preparation of compost, or

(*iv*) destroyed by chemical sprays : or

(*b*) after being first dried, it may be—

(*i*) burnt, or

(*ii*) rotted in stacks on dry ground, or

(*iii*) utilised for the preparation of compost.

11. (*1*) Water hyacinth shall be stacked for rotting on dry ground at a distance of not less than fifteen feet from any stream or channel that may contain water or from any place where standing water may accumulate.

(*2*) When water hyacinth is stacked for rotting on dry ground, any plant that shows any sign of putting out new shoots or taking root in the stack or in the ground shall at once be turned over and buried within the stack.

12. Except when it is to be utilised for the preparation of compost, no water hyacinth that has been stacked for rotting on dry ground shall be removed from the stack until all the water hyacinth in the stack has completely disintegrated.

13. Water hyacinth that is stacked for rotting under water shall be secured by bamboo stakes or other adequate means against being carried away by the water, and shall be so stacked that no part of any leaf is exposed to the air above water.

14. Water hyacinth may be utilised for the preparation of compost after being mixed with suitable proportions of withered vegetable matter, such as leaves, weeds, grass, jute waste, or sugarcane pith, or with straw, chaff or wood-ashes.

15. Water hyacinth shall be dried by being spread out, with the roots uppermost, on dry ground at a distance of not less than fifteen feet from any stream or channel that may contain water or from any place where standing water may accumulate.

16. When water hyacinth has been destroyed by burning, any residue other than ashes shall be buried beneath not less than one foot of earth which shall be beaten or rammed hard above it, and the ashes shall either be thus buried or be dug into soil for the purpose of cultivation.

Forests.

NOTIFICATION.

No. 967For.—28th July 1936.—In exercise of the powers conferred by clause (*i*) of sub-section (*1*) of section 26 of the Indian Forest Act, 1927 (XVI of 1927), the Governor in Council is pleased to make the following amendment in the rules to regulate hunting, shooting, fishing, the poisoning of water and the setting of traps or snares within the reserved and protected forests in the Presidency of Bengal, published under notification No. 839For., dated the 23rd January 1915, as subsequently amended :—

IRRIGATION DEPARTMENT.

NOTIFICATIONS.

No. 12-I.—1st August 1936.—In exercise of the power conferred by clause (5) of section 2 of the Bengal Development Act, 1935 (Bengal Act XVI of 1935), and in supersession of the notification No. 2-I., dated the 20th January 1936, published at page 194, Part I of the *Calcutta Gazette* of the 23rd January 1936, the Governor in Council is pleased to declare the Damodar Canal to be an improvement work for the purposes of the said Act.

No. 13-I 1st August 1936.—Whereas in the opinion of the Governor in Council the Damodar Canal, which has been declared to be an improvement work and a full description of which is given and the object of which is stated below, has increased or is likely to increase the profits from the produce from agricultural land or to increase the outturn of such produce within the undermentioned area:

Now, therefore, in exercise of the power conferred by section 3 of the Bengal Development Act, 1935, (Bengal Act XVI of 1935), and in supersession of the notification No. 3-I., dated the 20th January 1936, published at pages 194-198, Part I of the *Calcutta Gazette* of the 23rd January 1936, the Governor in Council is pleased to declare his intention to impose an improvement levy within the said area.

II. Any objection or suggestion with regard to the above, which may be submitted to the undersigned within a fortnight from the date of publication of this notification in the *Calcutta Gazette*, will be duly considered:—

Damodar Canal Project.

(a) Description of the work.

General.—The Damodar Canal Project was designed and constructed to irrigate an area of 180,000 acres on the left bank of the Damodar river in the district of Burdwan. A measure of control of the water levels has been obtained by the construction of a weir with undersluices and a head regulator at Rondia

some 30 miles west of the town of Burdwan. The water so controlled flows through a canal system and is passed on to the land through permanent outlets to irrigate the crops by flowing from field to field.

The total length of canals on the system is 232 miles 1,160 feet.

Headworks.—The headworks are situated at Rondia and consist of a weir wall with three river sluices (usually called undersluices) and a head regulator with the usual abutments, guide banks and flood bunds.

The weir is 3,750 feet long and is designed to raise the ordinary low water levels by 9½ feet. The three undersluices are each 60 feet wide and are situated on the left bank of the river in continuation of the weir wall and their purpose is to ensure that the main thread of the current shall pass close to the canal offtake.

Control is obtained by Stoney's sluice-gates 60 feet wide and 8½ feet high. The gates are counterbalanced and operated by hand winches.

The head regulator is a sluice with five vents 20′ × 4½′ each in size and are designed to pass 2,000 cusecs of the river water into the canal system.

The controlling gates are of a type known as the "rising cill" which means that when the sluice is fully open, the gates have to be dropped behind a breast wall. This ensures that the supply of water passing into the canal will be free from sand, the sand passes along the floor of the undersluices and is retained in the river bed.

The canal system.—The canal system consists of—

(*a*) A main canal with distributaries.

(*b*) A branch canal with distributaries.

(*c*) A large distributary (No. 6) with minors.

(*a*) *The main canal* is 26 miles 774 feet in length, for its first 13 miles it flows in a north-easterly direction and at that point it crosses the Grand Trunk Road (in its 89th mile). This canal then flows in an easterly direction parallel to and to the north of the Grand Trunk Road for a further 12 miles, where it turns to the south to cross the Grand Trunk Road in the 75th mile to flow into the Eden Canal in Issofabad mauza. There are three important cross drainage works, viz., the Kookooee syphon (5th mile), the Banka syphon (8th mile) and the Kandar syphon (13th mile). These are designed to pass the waters of the Kookooee, Banka and Kandar rivers under the canal.

Falls have been provided in the 15th, 16th, 17th, 20th, 21st, 24th, 26th and 27th miles.

Distributaries Main Canal.—Distributary No. 1 takes off in the 8th mile from the right bank and flows in a southerly direction for a distance of 1 mile 3,320 feet.

Distributary No. 2 takes off in the 10th mile from the right bank and flows in an easterly direction for a distance of 4 miles 1,680 feet.

Distributary No. 2A takes off in the 2nd mile of distributary No. 2 from its left bank, and flows in a north-easterly direction for a distance of 1 mile 4,195 feet.

The Branch Canal takes off in the 14th mile (*vide* separate description).

Distributary No. 3 takes off in the 15th mile from the right bank, and flows in a south-easterly direction for a distance of 3 miles 1,024 feet.

Distributary No. 4 takes off in the 17th mile from the right bank, and flows in an easterly direction for a distance of 4,173 feet.

Distributary No. 4A takes off from the right bank of Distributary No. 4 and flows in a south-easterly direction for 3,100 feet.

Distributary No. 4B takes off in the 18th mile from the right bank, and flows in an easterly direction for a distance of 2 miles 5,080 feet.

Distributary No. 4C takes off in the 19th mile from the right bank, and flows for a distance of 5 miles 3,530 feet in an easterly direction.

Distributary No. 5 takes off in the 21st mile from the left bank, and flows in an easterly direction for a distance of 1 mile 600 feet.

Distributary No. 6 takes off in the 26th mile from the left bank (*vide* separate description).

Distributary No. 7 takes off in the 26th mile from the left bank, and flows in an easterly and southerly direction for a distance of 1 mile 3,065 feet.

The total length of the main canal and its distributaries, exclusive of the Branch Canal and Distributary No. 6, is 49 miles 4,148 feet.

(*b*) *The Branch Canal* takes off from the left bank of the main canal in its 14th mile, and flows in a general north-easterly direction for a distance of 21 miles 2,120 feet.

In its 4th mile it is carried across the Khurria river on an important aqueduct (viz., the Khurria aqueduct).

Distributaries Branch Canal.—Distributary No. 1 takes off from the right bank in the 1st mile, and flows in an easterly direction for a distance of 16 miles 520 feet.

Distributary No. 1A takes off from the left bank of Distributary No. 1 in the 2nd mile, and flows in a northerly direction for a distance of 1 mile 1,534 feet.

Distributary No. 1B takes off from the left bank of Distributary No. 1 in the 3rd mile, and flows in a north-easterly direction for a distance of 1 mile 4,720 feet.

Distributary No. 1C takes off from the left bank of Distributary No. 1 in the 5th mile, and flows in a north-easterly direction for a distance of 3 miles 106 feet.

Distributary No. 1D takes off from the right bank of Distributary No. 1 in the 9th mile, and flows in a south-easterly direction for a distance of 3 miles 2,596 feet.

Distributary No. 1E takes off from the left bank of Distributary No. 1 in the 10th mile, and flows for a distance of 4 miles 23 feet in a north-easterly direction.

REFORMS OFFICE.

NOTIFICATION.

Simla, the 21st July 1936.

No. F. 5/III/36-G. (A).—The following Orders of the King's Most Excellent Majesty in Council are published for general information :—

(1) The Government of India (Commencement and Transitory Provisions) Order, 1936.

(2) The Government of India (Distribution of Revenues) Order, 1936.

(3) The Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936.

THE GOVERNMENT OF INDIA (COMMENCEMENT AND TRANSITORY PROVISIONS) ORDER, 1936.

AT THE COURT AT BUCKINGHAM PALACE.

The 3rd day of July, 1936.

PRESENT :

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by section three hundred and twenty of the Government of India Act, 1935 (hereafter in this Order referred to as "the new Act"), it is provided that the provisions of that Act other than those of Part II thereof shall, subject to any express provision to the contrary, come into force on a date to be appointed by His Majesty in Council for the commencement of Part III thereof, but His Majesty in Council is empowered to fix an earlier or later date for the coming into operation, either generally or for particular purposes, of any particular provisions of the Act :

AND WHEREAS by section three hundred and ten of the new Act His Majesty in Council is empowered, for the purpose of facilitating the transition to the provisions of the new Act from the provisions of the Government of India Act (hereafter in this Order referred to as "the old Act"), to direct that the new Act and any provisions of the old Act still in force shall, during a limited period, have effect subject to adaptations and modifications, to make with respect to a limited period temporary provision for ensuring that during and after the transition there are available to all Governments in India sufficient revenues to enable the business of those Governments to be carried on, and to make other temporary provisions for the purposes of removing any difficulties arising in relation to the transition :

AND WHEREAS a draft of this Order was laid before Parliament in accordance with the provisions of sub-section (1) of section three hundred and nine of the new Act and an Address has been presented to His Majesty by both Houses of Parliament praying that an Order may be made in the terms of this Order :

NOW, THEREFORE, His Majesty, in the exercise of the said powers and of all other powers enabling him in that behalf, is pleased, by and with the advice of His Privy Council, to order, and it is hereby ordered, as follows :—

1. This Order may be cited as "The Government of India (Commencement and Transitory Provisions) Order, 1936."

2. The Interpretation Act, 1889, applies for the interpretation of this Order as it applies for the interpretation of an Act of Parliament.

3.—(1) The provisions of the new Act, other than those of Part II thereof and other than those referred to in the next succeeding sub-paragraph, shall, subject to the provisions of that Act and of this and any other Order in Council made thereunder, come into force on the first day of April, nineteen hundred and thirty-seven, and accordingly that date is the date referred to in that Act as the date of the commencement of Part III thereof.

(2) The provisions of Part VIII of the new Act, of Chapter I of Part IX of that Act, and of the Eighth Schedule to that Act, shall come into force on such dates as His Majesty in Council may hereafter appoint, and section two hundred and thirty-two of that Act shall not come into force until the establishment of the Federation.

(3) In this paragraph the reference to Part II of the new Act shall be deemed to include a reference to the First and Second Schedules thereto, and to so much of the Third Schedule thereto as relates to the Governor-General.

4.—(1) So far as may be necessary for the purpose of enabling the members of all the Provincial Legislatures to be duly chosen in time for those Legislatures to be ready to meet by the commencement of Part III of the new Act—

(*a*) the provisions of Parts III and XII of, and of the Fifth and Sixth Schedules to, the new Act shall (so far as those provisions are not already in force) come into force on the date of the making of this Order ; and

(*b*) any Orders in Council or rules made under the new Act with respect to those Legislatures, whether before or after the making of this Order, shall come, or, as the case may be, be deemed to have come, into operation at the date of the making of the Orders or rules in question, and shall authorise or, as the case may be, be deemed to have authorised the giving of any notice or direction and the taking of any other step, given or taken in anticipation of the making or coming into force of the Orders or rules in question.

(2) References in sub-section (2) of section sixty-eight of the new Act to the Federal Legislature shall during the period before the commencement of Part III of that Act (as well as during the period in which Part XIII of that Act is in force) be construed as references to the Indian Legislature.

(3) For the avoidance of doubt it is hereby declared that a person who has been chosen to be a member of the Legislative Assembly of Bengal or of the Legislative Assembly of Bihar may, before the commencement of Part III of the new Act, take part in an election to choose members of the Legislative Council of the Province notwithstanding that he has not taken his seat or taken the oath prescribed by section sixty-seven of the new Act.

5.—(1) The Governor of each Province may in his discretion from time to time authorise such expenditure from the revenues of the Province as he deems necessary to enable the business of the Provincial Government to be carried on between the commencement of Part III of the new Act and the date on which a schedule of authorised expenditure is authenticated in accordance with the provisions of section eighty of the new Act, or until the expiration of six months from the commencement of Part III of the new Act, whichever first occurs :

Provided that, except with the consent of the Governor-General in his discretion, the expenditure so authorised shall not exceed one-half of the total expenditure from the revenues of the Province in the previous financial year as shown in the revised estimates for that year.

(2) The expenditure authorised under the preceding sub-paragraph shall be included under the appropriate heads in the first estimates of expenditure laid before the Provincial Legislature under section seventy-eight of the new Act, and the provisions of that section and of sections seventy-nine and eighty of that Act shall apply in relation thereto :

Provided that any expenditure so authorised shall, so far as regards moneys paid and liabilities incurred before the date on which a schedule of authorised expenditure is authenticated in accordance with the provisions of the said section eighty, be deemed for all purposes of the new Act to have been duly authorised notwithstanding that it may not be included in the Schedule so authenticated.

(3) The following provisions of this sub-paragraph shall apply in relation to any expenditure incurred from the revenues of a Province in respect of a period before the commencement of Part III of the new Act in excess of the expenditure authorised in respect of that period under the relevant provisions of the old Act

(*a*) the Governor of the Province may, in his discretion, at any time before the expiration of six months from the commencement of Part III of the new Act declare any such expenditure to have been duly authorised ; and

(*b*) in so far as no such declaration has been made, the provisions of section eighty-one of the new Act (which relates to supplementary statements of expenditure) shall apply in relation to any such expenditure as they apply in relation to expenditure in respect of financial years after the commencement of the said Part III.

6. The Governor of each Province in his discretion may by public notification continue for a period not exceeding twelve months from the commencement of Part III of the new Act any taxation which was being levied for the purposes of the Province and would otherwise expire, without prejudice, however, to the powers of the Provincial Legislature as to the imposition and remission of taxation.

7. Before the first general elections are held to choose the members of the Legislative Assembly of any Province, the Governor shall prorogue the existing Legislative Council, if any, of that Province until the first day of April nineteen hundred and thirty-seven, and on the commencement of Part III of the new Act the Council shall automatically be dissolved.

The reference in this paragraph to elections held to choose members of a Legislative Assembly does not include a reference to primary elections held to choose candidates for seats in that Assembly.

8. On the commencement of Part III of the new Act, the members of the Council of State and the Legislative Assembly of the Indian Legislature who have been elected or nominated to represent Burma or Burma constituencies shall vacate their seats.

9. (1) Acts of the Indian Legislature made before the commencement of Part III of the new Act (including Acts made under section sixty-seven B of the old Act) may, notwithstanding the repeal of the old Act and notwithstanding anything in section two hundred and ninety two of the new Act, be validly made so as first to come into force at, or at any time after, the commencement of Part III of the new Act, but any Act which is valid only by virtue of this paragraph shall, except as respects things done or omitted to be done before its expiration cease to have effect on the expiration of twelve months from the commencement of Part III of the new Act :

Provided that—

(*a*) any such Act may be continued, repealed or amended by any Legislature or authority having for the time being power to legislate in relation to the subject-matter of the Act :

(*b*) any such Act shall have effect as part of the law of British India, but not as part of the law of Burma ;

(*c*) if and in so far as any such Act is inconsistent with the new Act, or any Order in Council made thereunder (whether made before or after the Act of the Indian Legislature) the new Act, or the Order in Council, as the case may be, shall prevail.

(2) This paragraph shall apply in relation to regulations and ordinances made under sections seventy-one and seventy-two of the old Act as it applies in relation to Acts of the Indian Legislature.

10. Where any functions of a Local Government under any existing Indian law are transferred by or under the new Act to the Federal Government, the Provincial Government shall, nevertheless, continue, to perform those functions for such period, if any, not exceeding one year from the commencement of Part III of the new Act, as the Governor-General may fix, and shall, in the exercise thereof, be subject to the like control by the Governor-General in Council as immediately before the commencement of the said Part III.

11. Section sixteen of the new Act (which authorises the appointment of an Advocate-General for the Federation) and so much of sub-section (3) of section thirty-three thereof as declares his salary and allowances to be charged on the revenues of the Federation shall come into force on the commencement of Part III of the new Act.

12. So much of section three hundred and twenty-one of, and of the Tenth Schedule to, the new Act as repeals sub-section (2) of section sixty-seven of the old Act down to the words " the revenues of India " shall not take effect until the establishment of the Federation.

13.—(1) The provisions of this paragraph shall have effect with respect to the period before the commencement of Part III of the new Act.

(2) The accounts for the said period which, but for the commencement of the said Part III would have been audited in India, shall be audited under Part VII of the new Act as if they were accounts of the Governor-General in Council, but the Auditor-General of India shall transmit to the Secretary of State such information as is necessary to enable him properly to perform the duties mentioned in the subsequent provisions of this paragraph.

(3) The accounts for the said period which, but for the commencement of Part III of the new Act, would have been audited in England by the auditor of the accounts of the Secretary of State in Council shall be audited by the Auditor of Indian Home Accounts, who shall have the like powers and perform the same duties in relation thereto as the auditor of the account of the Secretary of State in Council would have had if the new Act had not been passed, except that anything to be done by or to the Secretary of State in Council shall be done by or to the Secretary of State ; and sub-section (3) of section twenty-seven of the old Act and paragraph nine of the Order in Council of nineteen hundred and twenty relating to the duties of the High Commissioner shall apply accordingly.

Sub-sections (4) and (5) of section one hundred and seventy of the new Act shall not apply in relation to the functions of the Auditor of Indian Home Accounts under this paragraph.

(4) The Secretary of State shall, notwithstanding the repeal of sub-sections (1) and (2) of section twenty-six of the old Act, lay before both Houses of Parliament of the same accounts and estimates as the Secretary of State in Council would under those sub-sections have been required so to lay.

14.—(1) Anything which under the provisions of the new Act or of any Order or rules made thereunder, is required or authorised to be done by, to or before the Governor of a Province (whether or not the Governor is to act in his discretion or to exercise his individual judgment) shall, before the commencement of Part III of the new Act, be done by, to or before the Governor in Council or, in the case of Sind or Orissa, the Governor.

(2) The provisions of section two hundred and sixty-one of the new Act, which require the Secretary of State not to exercise certain powers except with the concurrence of his advisers, shall, in relation to any prospective exercise of those powers before the commencement of Part III of the new Act, be deemed to be satisfied if he exercises those powers with the concurrence of the majority of votes at a meeting of the Council of India.

15.—(1) For a period of twelve months from the date of the commencement of Part III of the new Act a person who immediately before the said date was holding an office under the Crown in India shall not be disqualified from continuing to hold that office by reason of the fact that he is not a British subject and that no declaration entitling him to hold the office has been made under section two hundred and sixty-two of the new Act.

(2) Until other provision is made under the new Act, the conditions of service applicable to any person or any class of persons appointed or to be appointed to serve His Majesty in a civil capacity in India shall be the same as were applicable to that person or, as the case may be, to persons of that class immediately before the commencement of Part III of the new Act.

16. The provisions of this Order shall be in addition to, and not in derogation of, the provisions of section thirty-seven of the Interpretation Act, 1889.

THE GOVERNMENT OF INDIA (DISTRIBUTION OF REVENUES) ORDER, 1936.

AT THE COURT AT BUCKINGHAM PALACE.

The 3rd day of July, 1936.

PRESENT :

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by sub-section (1) of section one hundred and thirty-eight of the Government of India Act, 1935 (hereafter in this Order referred to as "the Act"), it is provided that taxes on income other than agricultural income shall be levied and collected by the Federation, but that (subject to the provisions of the said sub-section with respect to surcharges for Federal purposes) a percentage to be prescribed by his Majesty in Council of the net proceeds in any financial year of any such tax, except in so far as those proceeds represent proceeds attributable to Chief Commissioners' Provinces or to taxes payable in respect of Federal emoluments, shall be assigned to the Provinces and to the Federated States, if any, with in which that tax is leviable in that year, and shall be distributed among the Provinces and those States in such manner as may be prescribed by His Majesty in Council :

AND WHEREAS by sub-section (2) of the said section one hundred and thirty-eight the Federation is, notwithstanding anything in sub-section (1) of that section, authorised to retain out of the moneys assigned by the said sub-section (1) to Provinces and States—

(*a*) in each year of a period to be prescribed by His Majesty in Council such sum as may be so prescribed ;

(*b*) in each year of a further period to be so prescribed a sum less than that retained in the preceding year by an amount, being the same, amount in each year, so calculated that the sum to be retained in the last year of the period will be equal to the the amount of each such annual reductions :

AND WHEREAS by sub-section (2) of section one hundred and forty of the Act it is provided that one-half, or such greater proportion as His Majesty in Council may determine, of the net proceeds in each year of any export duty on jute or jute products shall be assigned to the provinces or Federated States in which jute is grown in proportion to the respective amounts of jute grown therein :

AND WHEREAS by section one hundred and forty-two of the Act it is provided that such sums as may be prescribed by His Majesty in Council shall be charged on the revenues of the Federation in each year as grants in aid of the revenues of such Provinces as His Majesty may determine to be in need of assistance :

AND WHEREAS by virtue of the provisions of Part XIII of the Act references in the sub-sections and sections aforesaid to the Federation are, as respects the period elapsing between the commencement of Part III of

the Act and the establishment of the Federation, to be construed as references to the Governor-General in Council :

AND WHEREAS a draft of this Order has been laid before Parliament in accordance with the provisions of sub-section (1) of section three hundred and nine of the Act and an Address has been presented to His Majesty by both Houses of Parliament praying that an Order may be made in the terms of this Order :

NOW, THEREFORE, His Majesty, in the exercise of the powers conferred on him as aforesaid and of all other powers enabling him in that behalf, is pleased, by and with the advice of His Privy Council, to order, and it is hereby ordered, as follows :—

Introductory.

1. This Order may be cited as "The Government of India (Distribution of Revenues) Order, 1936."

2. The Interpretation Act, 1889, applies for the interpretation of this Order as it applies for the interpretation of an Act of Parliament.

3. As respects the period elapsing between the commencement of Part III of the Act and the establishment of the Federation, references in this Order to the Federation shall be construed as references to the Governor-General in Council.

4. Any reference in this Order to a year shall be construed as a reference to a period of twelve months beginning on the first day of April.

Taxes on income.

5. The percentage which under sub-section (1) of section one hundred and thirty-eight of the Act is to be prescribed by His Majesty in Council shall be fifty per cent., and the sums falling to be distributed under that sub-section in any year among the Provinces shall be distributed as follows :—

	Per cent.
Madras	15
Bombay	20
Bengal	20
The United Provinces	15
The Punjab	8
Bihar	10
The Central Provinces and Berar ..	5
Assam	2
The North-West Frontier Province ..	1
Orissa	2
Sind	2

6.—(1) The first of the periods to be prescribed by His Majesty in Council under sub-section (2) of the said section one hundred and thirty-eight shall be five years from the commencement of Part III of the Act, and the sum to be retained by the Federation under that sub-section shall, in each of those years, be either the whole of the moneys assigned by sub-section (1) of the said section to Provinces and States, or such part thereof as will together with—

(*a*) the Federation's share of the divisible net proceeds of the taxes on income for that year ; and

(*b*) the sum, if any, to be brought into account by the Federation under sub-paragraph (3) of this paragraph, amount to thirteen crores of rupees, whichever is the less.

(2) In this paragraph, "the divisible net proceeds of the taxes on income" means the net proceeds of the taxes on income to which the said section one hundred and thirty-eight relates, except in so far as they represent proceeds attributable to Chief Commissioners' Provinces or to taxes payable in respect of Federal emoluments, or proceeds of any surcharge for Federal purposes.

(3) The sum, if any, to be brought into account by the Federation in any year for the purposes of sub-paragraph (1) of this paragraph shall be a sum to be ascertained by applying to the accounts of the railways, with such alterations in accounts as are necessitated by the separation of Burma, the principles laid down in the Resolution of the Legislative Assembly of the twentieth day of September nineteen hundred and twenty-four, and ascertaining in accordance with those principles what sum, if any, would be the net amount payable for that year under clauses (2) and (3) of that Resolution to general revenues out of the net receipt of the railways :

Provided that for the purpose of ascertaining the net amount so payable to general revenues borrowings from the depreciation fund before the commencement of Part III of the Act shall be deemed not to be repayable and arrears of contributions to general revenues for any year before the commencement of the said Part III shall be deemed not to be payable.

7. The second period to be prescribed by His Majesty in Council under sub-section (2) of the said section one hundred and thirty-eight shall be five years from the expiration of the first period prescribed thereunder.

Jute Export Duty.

8. The proportion of the net proceeds in each year of any export duty on jute or jute products which under sub-section (2) of section one hundred and forty of the Act is to be assigned to the Provinces or Federated States in which jute is grown shall be sixty-two and one-half per cent.

Grants-in-aid to Certain Provinces.

9. There shall be charged on the revenues of the Federation as grants in aid of the revenues of the Provinces mentioned in the Schedule to this Order the sums specified in that Schedule in relation to those Provinces respectively, in each of the years so specified.

M. P. A. Hankey.

THE GOVERNMENT OF INDIA (PROVINCIAL ELECTIONS) (CORRUPT PRACTICES AND ELECTION PETITIONS) ORDER, 1936.

AT THE COURT AT BUCKINGHAM PALACE.

The 3rd day of July, 1936.

PRESENT :

THE KING'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by section two hundred and ninety-one of the Government of India Act, 1935 (hereafter in this Order referred to as " the Act "), His

Majesty in Council is empowered to make provision with respect to certain matters connected with elections under the Act :

AND WHEREAS by sub-section (1) of section sixty-nine of the Act His Majesty in Council is empowered to declare certain offences and practices to be offences and practices involving disqualification for membership of Provincial Legislatures and to fix the periods for which the disqualifications are to operate :

AND WHEREAS a draft of this Order has been laid before Parliament in accordance with the provisions of sub-section (1) of section three hundred and nine of the Act and an Address has been presented to His Majesty by both Houses of Parliament praying that an Order may be made in the terms of this Order :

NOW, THEREFORE, His Majesty, in the exercise of the powers conferred on him as aforesaid and of all other powers enabling him in that behalf, is pleased by and with the advice of his Privy Counil to order, and it is hereby ordered, as follows :—

PART I.

INTRODUCTORY.

1. This Order may be cited as "The Government of India (Provincial Elections) (Corrupt Practices and Election Petitions) Order, 1936."

2. The Interpretation Act, 1889, applies for the interpretation of this Order as it applies for the interpretation of an Act of Parliament.

3.—(1) In this Order, except where it is otherwise expressly provided or the context otherwise requires—

"election" means an election to fill a seat or seats in either Chamber of the Provincial Legislature ;

"prescribed" means prescribed by Act of the Provincial Legislature or by Rules ;

"Rules" means rules made under paragraph twenty of the Fifth Schedule to the Act ;

"sign" in relation to a person who is unable to write his name means authenticate in such manner as may be prescribed ;

"oath" includes affirmation.

(2) The provisions of Parts II and III of this Order shall, in relation to constituencies in which seats are reserved for candidates of any particular class, or in which the final voting is by members of an electoral college previously constituted for that purpose, have effect with such exceptions and subject to such adaptations and modifications as may be prescribed, but subject as aforesaid, any primary election for the purpose of electing candidates for reserved seats, or of constituting any such electoral college shall be deemed to be part of the election of persons to fill the seats to be filled in the constituency.

(3) Where under any of the provisions of this Order anything is to be prescribed, different provision may be made for different cases or classes of cases.

(4) Any reference in this Order to any of the provisions of any Indian Act shall be construed as a reference to those provisions as amended by or under any other Act or, if those provisions are repealed and re-enacted with or without modification, to the provisions so re-enacted.

(5) Anything which under the provisions of the Act or of this Order is required or authorised to be done by, to or before the Governor of a Province in connection with any matters to which this Order relates (whether or not the Governor is to act in his discretion or to exercise his individual judgment) shall before the commencement of Part III of the Act be done by, to or before the Governor in Council or, in the case of Sind or Orissa, the Governor.

PART II.

ELECTION AGENTS AND EXPENSES.

1. Every person nominated as a candidate at an election shall at the prescribed time and in the prescribed manner appoint either himself or some one other person to be his election agent.

2. No person shall be appointed an election agent who is disqualified from being an election agent under the subsequent provisions of this Order.

3.—(1) Any revocation of the appointment of an election agent, whether he be the candidate himself or not, shall be signed by the candidate, and shall operate from the date on which it is lodged with the returning officer.

(2) In the event of such a revocation or of the death of an election agent, whether that event occurs before or during the election, or after the election but before a return of the candidate's election expenses has been lodged in accordance with the provisions of the next but one succeeding paragraph, the candidate shall appoint forthwith either himself or some other person to be his election agent, and shall give notice in writing of the appointment to the returning officer.

4. Every election agent shall, for each election for which he is appointed election agent, keep separate and regular books of account, and shall enter therein such particulars of expenditure in connection with the election as may be prescribed.

5.—(1) Within the prescribed time after every election there shall be lodged with the returning officer in respect of each person who has been nominated as a candidate a return of the election expenses of that person signed both by him and his election agent.

(2) Every such return shall be in such form and shall contain such particulars as may be prescribed, and shall be accompanied by declarations in the prescribed form by the candidate and his election agent made on oath before a magistrate.

(3) Notwithstanding anything in this paragraph, where a candidate is owing to absence from India unable to sign the return of election expenses and to make the required declaration, the return shall be signed and lodged by the election agent only and shall be accompanied by a declaration by the election agent only, and the candidate shall within fourteen days after his return to India cause to be lodged with the returning officer a declaration made on oath before a magistrate in such form as may be prescribed.

6. In each Province provision shall be made, by an Act of the Provincial Legislature or by Rules, fixing the maximum scales of election expenses at elections and the numbers and descriptions of persons who may be employed for payment in connection with elections :

Provided that no provision need be so made in any Province with respect to any election held before the expiration of two years from the commencement of Part III of the Act.

7. Except so far as may be prescribed, this Part of this Order does not apply to an election by the members of a Provincial Legislative Assembly to fill seats in the Provincial Legislative Council.

PART III.

DECISION OF DOUBTS AND DISPUTES AS TO THE VALIDITY OF AN ELECTION AND DISQUALIFICATIONS FOR CORRUPT PRACTICES.

1. In this Part of this Order and in the First Schedule to this Order, except where it is otherwise expressly provided or the context otherwise requires—

"agent" includes an election agent and any person who, on the trial of an election petition, is held by the Commissioners to have acted as an agent in connection with the election with the knowledge or consent of the candidate ;

"candidate" means a person who has been or claims to have been duly nominated as a candidate at any election, and a candidate who, with the election in prospect, has held himself out as a prospective candidate, shall be deemed to have been a candidate as from the time when he began so to hold himself out ;

"electoral right" means the right of a person to stand or not to stand as, or to withdraw from being, a candidate, or to vote or refrain from voting at an election ;

"returned candidate" means a candidate whose name has been published in the prescribed manner as duly elected ;

"corrupt practice", in relation to an election by the members of a Provincial Legislative Assembly to fill seats in the Provincial Legislative Council, means one of the practices specified in Parts I and II of the First Schedule to this Order, and in relation to any other election, means one of the practices specified in Parts I, II and III of that Schedule.

2. No election shall be called in question except by an election petition presented in accordance with the provisions of this Part of this Order.

3.—(1) An election petition against any returned candidate may be presented to the Governor—

(*a*) by any candidate or elector on any ground ;

(*b*) by an officer empowered in that behalf by the Governor, exercising his individual judgment, on the ground that the election has not been a free election by reason of the large number of cases in which undue influence or bribery has been exercised or committed.

In this paragraph, "elector," in relation to a commerce and industry, mining or planting constituency, includes all the persons included in the electoral roll as the nominees of any body, notwithstanding that only one of them is entitled to vote.

(2) A petitioner may, if he so desires, in addition to calling in question the election of the returned candidate, claim a declaration that he himself has been duly elected, but such a declaration shall only be claimed on one or other of the following grounds :—

(*a*) that in fact the petitioner received a majority of the valid votes ; or

(*b*) that but for votes obtained for the returned candidate by corrupt practices, the petitioner would have obtained a majority of the valid votes.

4.—(1) Unless the Governor, exercising his individual judgment, dismisses a petition for non-compliance with the prescribed requirements, he shall, exercising his individual judgment, appoint as Commissioners for the trial of the petition three persons who are or have been, or are eligible to be appointed, judges of a High Court, and shall appoint one of them to be the President :

Provided that nothing in this sub-paragraph shall be deemed to prevent the appointment of the President of a Commission before the other Commissioners are appointed.

(2) Subject to the provisions of this paragraph, all applications and proceedings in connection with the petition shall be dealt with by, and carried on by or before, the Commissioners.

(3) Where in respect of an election in a constituency more petitions than one are presented, the Governor shall refer all those petitions to the same Commissioners, who may at their discretion inquire into the petitions either separately or in one or more groups, as they think fit.

(4) If the services of any Commissioner are not available for the purposes of the inquiry or if during the course of the inquiry any Commissioner is unable to continue to attend thereat, the Governor, exercising his individual judgment, shall appoint another Commissioner and the inquiry shall recommence before the Commission as so reconstituted :

Provided that the Commissioners may direct that any evidence already recorded shall remain upon record, and in that case it shall not be necessary to re-examine those witnesses who have already been examined and discharged.

(5) References to the Commissioners in this Part of this Order shall, as respects any matter to be done before the commencement of the inquiry, be deemed to be references to the President.

5. When at an inquiry into an election petition the Commissioners so order, the Advocate-General of the Province, or some person acting under his instructions, shall attend and shall take such part therein as the Commissioners may direct.

6. Subject to the provisions of this Part of this Order, Acts of the Provincial Legislature and Rules may regulate the form of election petitions, the time and manner in which they are to be presented, the persons who are to be made parties thereto, the procedure to be adopted in connection therewith and the circumstances in which petitions are to abate, or may

be withdrawn, and in which new petitioners may be substituted, may require security to be given for costs and may authorise the Governor, exercising his individual judgment, to dismiss petitions for non-compliance with the prescribed requirements.

7.—(1) Subject to the provisions of this paragraph, if in the opinion of the Commissioners—

(*a*) the election of a returned candidate has been procured or induced, or the result of the election has been materially affected, by any corrupt practice ; or

(*b*) any corrupt practice specified in Part I of the First Schedule to this Order has been committed in the interest of a returned candidate ; or

(*c*) the result of the election has been materially affected by the improper acceptance or rejection of any nomination, or by reason of the fact that any person nominated was not qualified or was disqualified for election, or by the improper reception or refusal of a vote, or by the reception of any vote which is void, or by any non-compliance with the provisions of the Act or of this Order, or of any Act of the Provincial Legislature or Rules relating to the election, or by any mistake in the use of any prescribed form ; or

(*d*) the election has not been a free election by reason of the large number of cases in which bribery or undue influence has been exercised or committed,

the election of the returned candidate shall be void.

(2) If the Commissioners report that a returned candidate has been guilty by an agent, other than his election agent, of any corrupt practice specified in Part I of the First Schedule to this Order, but further report that the candidate has satisfied them that—

(*a*) no corrupt practice was committed at the election by the candidate or his election agent, and the corrupt practices mentioned in the report were committed contrary to the orders, and without the sanction or connivance, of the candidate or his election agent ;

(*b*) the candidate and his election agent took all reasonable means for preventing the commission of corrupt practices at the election ;

(*c*) the corrupt practices mentioned in the report were of a trivial and limited character or took the form of customary hospitality which did not affect the result of the election ; and

(*d*) in all other respects the election was free from any corrupt practice on the part of the candidate or any of his agents,

then the Commissioners may find that the election of the candidate is not void.

(3) If a person (not being entitled so to do) votes more than once at the same election, all his votes shall be deemed for the purposes of this paragraph to be void.

8.—(1) At the conclusion of the inquiry the Commissioners shall report whether the returned candidate, or any person who has lodged a petition and claimed a seat, has been duly elected and in so reporting shall have regard to the provisions of the last preceding paragraph.

(2) The report shall further include a recommendation by the Commissioners as to the total amount of costs which are payable and the persons by and to whom the cost should be paid, and any such recommendation may include a recommendation for the payment of costs to the Advocate-General of the Province or a person acting under his instructions attending the trial in pursuance of an order of the Commissioners.

(3) The report shall be signed by all the Commissioners and the Commissioners shall forthwith forward their report to the Governor, who on receipt thereof shall issue orders in accordance with the report and publish the report in the Government Gazette of the Province, and the orders of the Governor shall be final.

9. If either in their report or upon any other matter there is a difference of opinion among the Commissioners, the opinion of the majority shall prevail and their report shall be expressed in terms of the views of the majority.

10. Where any charge is made in an election petition of nay corrupt practice, the Commissioners shall record in their report—

(*a*) a finding whether a corrupt practice has or has not been proved to have been committed by any candidate or his agent, or with the connivance of any candidate or his agent, and the nature of that corrupt practice ; and

(*b*) the names of all persons, if any, who have been proved at the inquiry to have been guilty of any corrupt practice and the nature of that practice with any such recommendations as the Commissioners may think proper to make for the exemption of any persons from any disqualifications which they may have incurred in this connection under paragraphs two to five of Part IV of this Order :

Provided that no person shall be so named in the report unless he has been given a reasonable opportunity of showing cause why his name should not be so recorded.

PART IV.

DISQUALIFICATIONS.

1. The offences and practices specified, in relation to certain elections, in the Second Schedule to this Order shall, for the periods respectively specified in relation to those offences and practices in that Schedule, entail disqualification for membership of any Provincial Legislature.

2. If any person—

(*a*) is, in connection with an election to a Provincial Legislature, the Coorg Legislative Council or a local body in British India, convicted of an offence under Chapter IXA of the Indian Penal Code punishable with imprisonment for a term exceeding six months ; or

(*b*) is after an inquiry under Part III of this Order reported as guilty of any such corrupt practice as is specified in Part I or Part II of the First Schedule to this Order,

he shall, for a period of six years from the date of the conviction or report, be disqualified for voting at any election.

3. If, in relation to any election (other than an election by the members of a Provincial Legislative Assembly to fill seats in the Provincial Legislative Council), any person is after such an inquiry as aforesaid reported as guilty of any such corrupt practice as is specified in Part III of the said Schedule he shall be disqualified for voting at any election for a period of four years from the date of the report.

4. Where under either of the two last preceding paragraphs a person is, in connection with an election in a commerce and industry, mining or planting constituency, disqualified for voting for any period, then, if that person was at the date of the election either—

(*a*) included in the electoral roll for the constituency as the nominee of a firm, Hindu joint family or corporation entitled to nominate persons for inclusion therein; or

(*b*) a member of any such firm or Hindu joint family, or a director, managing agent or manager of any such corporation, or a person authorised to sign the name of any such firm, Hindu joint family or corporation in the ordinary course of its business,

the firm, family or corporation shall, for the like period, be disqualified from nominating persons for inclusion in the electoral roll of any commerce and industry, mining or planting constituency.

5. If default is made in making the return of the election expenses of any person who has been nominated as a candidate at an election to which Part II of this Order applies, or if such a return is found, either by Commissioners holding an inquiry into the election or by any court in a judicial proceeding, to be false in any material particular, the candidate and his election agent shall be disqualified for voting at any election for a period of five years from the date by which a return was required to be lodged.

6. Every person shall be disqualified for voting at any election who is for the time being disqualified for voting at elections to the Federal Legislature by reason of misconduct in connection with an election to that

Legislature, or by reason of a default in making, or of the falsity of, any return of election expenses at any election to that Legislature.

References in this paragraph to the Federal Legislature shall until the establishment of the Federation be construed as references to the Indian Legislature.

7. Any person who is for the time being disqualified under the foregoing provisions of this Part of this Order for being a member of a Provincial Legislature, or for voting at elections, shall, so long as the disqualification exists, also be disqualified for being an election agent at any election.

8. Any disqualification under paragraphs two to five of this Part of this Order arising in connection with an election to the Legislature of, or to a local body in, a Province may be removed by the Governor of that Province in his discretion, and any other disqualification under the said paragraph two may be removed, before the establishement of the Federation, by the Governor-General in Council, and, after the establishment of the Federation, by the Governor-General in his discretion.

9. In paragraph one of this Part of this Order, "elections" include all the elections referred to in the Second Schedule to this Order, but save as aforesaid, the references in this Part of this Order to elections, other than express references to elections of any other kind, shall be construed as references to elections as defined in paragraph three of Part I of this Order.

M. P. A. Hankey.

FIRST SCHEDULE.

CORRUPT PRACTICES.

PART I.

1. Bribery, that is to say, any gift, offer or promise by a candidate or his agent, or by any other person with the connivance of a candidate or his agent, of any gratification to any person whomsoever, with the object, directly or indirectly, of inducing

(*a*) a person to stand or not to stand as, or to withdraw from being, a candidate at an election ; or

(*b*) an elector to vote or refrain from voting at an election,

or as a reward to -

(*i*) a person for having so stood or not stood, or for having withdrawn his candidature; or

(*ii*) an elector for having voted or refrained from voting.

For the purposes of this paragraph the term "gratification" is not restricted to pecuniary gratifications or gratifications estimable in money, and it includes all forms of entertainment and all forms of employment for reward ; but it does not include the payment of any expenses *bona fide* incurred at, or for the purpose of, any election and duly entered in the return of election expenses prescribed by this Order.

2. Undue influence, that is to say, any direct or indirect interference or attempt to interfere on the part of a candidate or his agent, or of any other person with the connivance of the candidate or his agent, with the free exercise of any electoral right :

Provided that -

(*a*) without prejudice to the generality of the provisions of this paragraph, any such person as is referred to therein who

(*i*) threatens any candidate or elector, or any person in whom a candidate or elector is interested, with any injury of any kind ; or

(*ii*) induces or attempts to induce a candidate or elector to believe that he, or any person in whom he is interested, will become or will be rendered an object of divine displeasure or spiritual censure,

shall be deemed to interfere with the free exercise of the electoral right of that candidate or elector within the meaning of this paragraph ;

(*b*) a declaration of public policy, or a promise of public action, or the mere exercise of a legal right without intent to interfere with an electoral right, shall not be deemed to be interference within the meaning of this paragraph.

3. The procuring or abetting or attempting to procure by a candidate or his agent, or by any other person with the connivance of a candidate or his agent, the application by a person for a voting paper in the name of any other person, whether living or dead, or in a fictitious name, or by a person for a voting paper in his own name when, by reason of the fact that he has already voted in the same or some other constituency, he is not entitled to vote.

4. The removal of a voting paper from the polling station during polling hours by any person with the connivance of a candidate or his agent.

5. The publication by a candidate or his agent, or by any other person with the connivance of the candidate or his agent, of any statement of fact which is false, and which he either believes to be false or does not believe to be true, in relation to the personal character or conduct of any candidate, or in relation to the candidature or withdrawal of any candidate, being a statement reasonably calculated to prejudice the prospects of that candidate's election.

6. The incurring or authorising by a candidate or his agent of expenditure, or the employment of any person by a candidate or his agent, in contravention of this Order of any Act of the Provincial Legislature or Rules.

PART II.

1. Any act specified in Part I of this Schedule, when done by a person who is not a candidate or his agent or a person acting with the connivance of a candidate or his agent.

2. The application by a person at an election for a voting paper in the name of any other person, whether living or dead, or in a fictitious name, or for a voting paper in his own name when, by reason of the fact that he has already voted in the same or some other constituency, he is not entitled to vote.

3. The receipt of, or agreement to receive, any gratification whether as a motive or a reward—

(*a*) by a person for standing or not standing as, or for withdrawing from being, a candidate ; or

(*b*) by any person whomsoever for himself or any other person for voting or refraining from voting, or for inducing or attempting to induce any elector to vote or refrain from voting, or any candidate to withdraw his candidature.

For the purposes of this paragraph the term "gratification" has the same meaning as it has for the purposes of paragraph one of Part I of this Schedule.

4. The making of any return of election expenses which is false in any material particular, or the making of a declaration verifying any such return.

PART III.

1. The incurring or authorisation by any person other than a candidate or his agent of expenses on account of holding any public meeting, or upon any advertisement, circular or publication, or in any other way whatsoever, for the purpose of promoting or procuring the election of the candidate, unless he is authorised in writing so to do by the candidate.

2. The hiring, using or letting, as a committee room or for the purpose of any meeting to which electors are admitted, of any building, room or other place where intoxicating liquor is sold to the public.

3. The issuing of any circular, placard or poster having a reference to the election which does not bear on its face the name and address of the printer and publisher thereof.

SECOND SCHEDULE.

DISQUALIFICATIONS FOR MEMBERSHIP OF PROVINCIAL LEGISLATURES.

Elections.	Offence or Corrupt Practice.	Period of Disqualification.
Elections to which Chapter IXA of the Indian Penal Code applies.	Offences under Chapter IXA of the Indian Penal Code punishable with imprisonment for a term exceeding six months.	Six years from the date of conviction.
Elections as defined in paragraph three of Part I of this Order.	Corrupt practices specified in Parts I and II of the First Schedule to this Order.	Six years from the date of the report of the tribunal holding the inquiry.
Elections as defined in paragraph three of Part I of this Order, other than elections by the members of a Provincial Legislative Assembly to fill seats in the Provincial Legislative Council.	Corrupt practices specified in Part III of the First Schedule to this Order.	Four years from the date of the report of the tribunal holding the inquiry.
Elections to Federal Legislature.	Corrupt practices as defined in any Order under the Act relating to such elections.	The period for which the corrupt practice entails disqualification for membership of Federal Legislature.
Elections under the Government of India Act.	Any corrupt practice within the meaning of the Electoral Rules under the Government of India Act relating to the election in question.	Such period, commencing on the date of the report of the Commissioners under the Electoral Rules relating to the election in question, as is the maximum period of disqualification specified in those Rules for inclusion in electoral rolls thereunder.

R. M. Das, *Secretary.*

Office of the Inspector of Schools, Presidency Division.

40/1A, Free School Street, Calcutta, the 13th July 1936.

NOTIFICATION.

Rules for the guidance of the private candidates for the Test Examination for admission to the Matriculation Examination for 1937.

A Test Examination of private candidates for permission to appear at the Matriculation Examination of the Calcutta University to be held in March 1937, will be held in the Senate Hall, Calcutta, or at any other place, which may be notified hereafter from Thursday, the 26th November 1936, according to the programme annexed hereto.

2. Applications for permission to appear at the Test Examination of private candidates should be made in printed forms only to be obtained *in person* from the office of the Inspector of Schools, Presidency Division. Candidates desirous of appearing at a muffasil centre should obtain forms from the Head Master of the Government School concerned.

3. Private candidates are those who have not attended any school, recognised or unrecognised, imparting general education for at least one year previous to the Matriculation Examination.

4. Private candidates are broadly divided into two groups, viz.—

(A) Candidates coming from within the territorial jurisdiction of the Calcutta University.

(B) Candidates coming from outside the territorial jurisdiction of the Calcutta University who have resided for one year or more in Calcutta or in one of the districts of the Presidency Division.

5. Each of these groups is again subdivided into the following four classes :—

(*i*) Candidates who once read at schools but since leaving them will have been out of school for at least one year up till 1st March 1937.

(*ii*) Candidates who have never read at any school.

(*iii*) *Bona-fide* teachers employed at schools recognised by any University or any Board of Secondary Education.

(*iv*) Teachers employed in other schools, *e.g.*, Primary Schools, Middle Schools, Junior Madrasahs, etc.

6. Every candidate for the Test Examination must produce—

(*a*) An affidavit in the appended form A sworn before a competent authority in Bengal by the candidate's father or his legal guardian (if the father is dead). Two copies of the candidate's photo, one affixed to the affidavit which should be duly attested by the swearer of the affidavit and the Magistrate and the other to be affixed to the application duly attested by the candidate and his father and guardian.

(*b*) If he had previously attended any school a transfer certificate (bearing the school stamp) from the school in which he last read or the admit card if he failed at the last or any previous Matriculation Examination or the Test Examination held by the Inspector of Schools, Presidency Division.

7. Candidates under class (*iii*) of rule 5 are exempt from appearing at the Test Examination. They should apply to the Registrar, Calcutta University, for necessary permission in accordance with the procedure laid down in his Notification No. 283/OUP, dated 15th May 1935.

8. Besides fulfilling the appropriate conditions as laid down for the foregoing three classes a candidate under class (*iv*) of rule 5 must produce a certificate of employment duly signed or countersigned by the District Inspector of Schools of the district.

9. *B group candidates* (*vide* rule 4) *whether ever read in any school or not, shall in addition produce* (*i*) *necessary permission from the University of Calcutta* commonly called migration certificate in terms of its circular No. S/272/O.U.Pri., dated the 16th June 1934, published at page 938, Part IB of the *Calcutta Gazette*, dated the 19th July 1934.

10. Every candidate must attach to his application a copy of the chalan showing the deposit of the prescribed fee at a treasury or sub-treasury in Bengal. (*See* also rule 15.)

11. No candidate under "group A" (*i.e.*, Bengali or Assamese), whose father or guardian is not a native or a permanent resident of or permanently employed in any district of the Presidency Division including Calcutta, will be admitted to the Test Examination to be held by or under orders of the Inspector of Schools, Presidency Division.

12. A student, who failed to pass the annual examination for promotion to class X at the end of the year 1935 and then left school, will, in no circumstances, be allowed to appear at the Test Examination of 1936. But a student who failed to pass the Matriculation Examination of the Calcutta University, held in March 1936 will be admitted to the ensuing Test Examination.

13. No candidate who has not completed the period required for reaching class X calculated from the date of his leaving the school and completing one year thereafter will be admitted to the Test Examination.

14. Any candidate desirous of taking up Hygiene for the Matriculation Examination shall submit along with his application a certificate from a registered medical practitioner or a recognised teacher of Hygiene to the effect that the candidate has been undergoing training in that subject under him. The registered medical practitioner should give his registration number for his identification.

15. The admission fee for the examination is Rs. 6 for each candidate to be examined in Calcutta and Rs. 5 for candidates to be examined in other centres. The fee for examination must be deposited into a Government Treasury or Subtreasury in Bengal and the chalan showing the deposit attached to the application (*vide* rule 10). No money order or cheque will be received in this office in payment of fees for the Test Examination. *In no circumstances will this admission fee be refunded.*

16. Admission cards for the Test Examination will be sent *by post.*

17. (*a*) Candidates residing in or within easy reach of Calcutta must appear at the Calcutta Examination centre.

(*b*) Those who reside at out-of-the-way places may, as a special case, be permitted to sit for the Test Examination at the nearest Government High English Schools. Applications from such candidates must be submitted through the head masters of the nearest Government High Schools. *They must, however, fulfil all the requisite conditions laid down in the foregoing rules.* The permission will only be granted if the head masters concerned recommend their cases.

Admission cards of these candidates will be distributed by the respective head masters.

18. The results of the Test Examination will be declared and put up on the notice board of this office on the 4th January 1937.

19. Application forms with forms for depositing fees at the Imperial Bank of India for permission to appear at the Matriculation Examination to be held in March 1937 will be given to and received back from the successful candidates of the Test Examination on the following dates arranged according to their roll numbers at the Test Examination :—

7th January—Roll Nos. 1—200.

8th January—Roll Nos. 201—400.

9th January—Roll Nos. 401—600.

11th January—Roll Nos. 601—800.

12th January—Roll Nos. 801—1000 and above.

Such application form will have to be signed by each successful candidate in the presence of an officer attached to this office.

20. The application form countersigned by this office will be returned to the candidates personally on the following dates :—

14th January—Test Roll Nos. 1—350.

15th January—Test Roll Nos. 351—700.

16th January—Test Roll Nos. 701 and above.

21. Candidates allowed to appear at the Matriculation Examination on passing the Test Examination shall deposit their fees at the Imperial Bank of India on or before 13th January 1937 and a copy of receipt showing the deposit shall be attached to the application.

22. The dates for distribution of University admission cards for the Matriculation Examination will be notified in the office notice board on or about the 24th February 1937. *The admission cards on no account will be sent to candidates by post.* The candidates must produce their admission cards for Test Examination as well as the University receipts showing the deposit of fees to obtain the University admission cards.

23. Candidates successful at the University examination may receive their Matric Pass Certificate on or about the 15th January 1938 but in no case later than the 15th of April 1938 on tending personally or by agent the University admission card. All undistributed certificates will be returned to the Controller of Examinations on the 15th April 1938.

24. Incomplete applications for the Test Examination will be rejected without any reference to the candidates. They should therefore see that complete particulars and documents are furnished. Applications must bear the signatures of the candidates in full. Those which will contain any initial will be rejected.

25. Applications in the prescribed form must reach the office of the Inspector of Schools, Presidency Division, on or before the 31st August 1936.

26. No paper either the application or any of its enclosures will be returned to the candidate after the examination is over.

NOTIFICATION No. S/293/O. U. P.

Admission of private candidates to the Matriculation Examination.

A

1. Ordinarily private candidates for the Matriculation Examination who are residents of Bengal and Assam and who have not read in any school for one year previous to the date of the examination, should apply to the Divisional Inspector of Schools for permission to appear at the Test Examination to be held by him or under his orders for such candidates.

2. A candidate taking up Hygiene as an additional subject will be required to submit to the Divisional Inspector of Schools along with his application a certificate of training from a Registered Medical Practitioner or from a recognised teacher of Hygiene.

3. In very special cases applications may be addressed by such candidates direct to the University, but these must be submitted to the undersigned along with necessary particulars, as specified below, *not later than the 10th November* of the year preceding that in which they desire admission to the examination and must be accompanied by a statement as to why the Divisional Inspector of Schools concerned was not addressed on the subject.

4. Girl candidates are not required to appear at any Test Examination or to obtain previous permission of the University to appear at the Matriculation Examination as private candidates.

5. If such a student desires to offer Hygiene as one of her subjects for the Matriculation Examination she must submit to the Controller of Examinations along with her application form for admission to the examination, a certificate of training in the subject from a Registered Medical Practitioner or from a recognised teacher of Hygiene.

(*N.B.*—Girl students who have attended any recognised school within one year previous to the examination shall not, except with the special permission of the Syndicate, be treated as private candidates. If this fact is suppressed in any case, the admission of the candidates to the examination will be cancelled.)

6. Teachers of recognised high schools in Bengal and Assam and detenus who intend to appear at the Matriculation Examination as private candidates will not be required to appear at any preliminary Test Examination. They should apply to the undersigned with particulars, as specified below, for permission to appear at the examination on or before the date mentioned above.

N.B.—Particulars to be furnished :—

(1) Each application, addressed to the Registrar, should be submitted through a responsible person together with a certificate of good conduct and documentary evidence regarding age, residence and study and should contain a statement of the subjects proposed to be offered at the examination. A teacher candidate should submit his application through the head of the institution in which he is employed.

(2) A detenu candidate, taking up Hygiene as an additional subject, is to submit to the undersigned along with his application, a certificate of training in the subject from a Registered Medical Practitioner or from a recognised teacher of Hygiene. Teachers of recognised high schools taking up Hygiene will not be required to submit any such certificate.

(3) Detenu candidates should apply to the authorities of their respective Detention Camps for necessary application forms. Other candidates should apply to the undersigned for these forms.

B

(Migration Cases.)

(1) Male candidates, other than teachers of schools recognised by a University or a Board of Secondary Education and detenus, coming from outside the territorial jurisdiction of this University, will not be permitted to appear at the Matriculation Examination, as private candidates.

(2) Exception may, however, be made by the Syndicate in regard to Bengalee and Assamese candidates residing outside Bengal and Assam.

(3) Such a candidate will have to obtain, in the first instance, sanction to his migration, for which purpose he must submit a formal application together with the usual migration fee of Rs. 10 and necessary documents *on or before the 31st August* of the year preceding that in which he desires admission to the examination through the Head Master of the school in which he read last or through an Inspector of Schools of the Province from which he migrates, who will forward his observations along with the application. In the case of a candidate coming from outside India, the application and fee should be submitted through the educational authorities of the district or province from which he migrates.

(*i*) Each application should be supported by a declaration countersigned either by an Inspector of Schools or a Fellow of a University or a Principal of an affiliated college or a gazetted officer to the effect that he has fulfilled the following conditions :—

(*a*) He must not have read in any school (recognised or unrecognised) for one year previous to the Matriculation Examination in which he desires to appear and he has not appeared at any Matriculation or High School Examination conducted outside the territorial jurisdiction of this University.

(*b*) If he has read in a school recognised by any other University or Board he must have previously read in a class which would make him eligible for admission to the Matriculation Examination of that University or Board in the year in which he intends to appear at the Matriculation Examination of this University.

(*ii*) He should also produce a migration certificate from the Divisional Inspector of Schools of the province from which he migrates or a transfer certificate from the school in which he read last, countersigned by the Divisional Inspector of Schools, who will be deemed to be an officer appointed by the University for the purpose.

(4) On his migration being sanctioned, a candidate will be required to pass the preliminary Test Examination to be held by a Government Inspector of Schools in Bengal or Assam or under his orders as specified above. The date, place and other particulars of such Test Examination should be ascertained from the Inspector of Schools concerned.

(*i*) A candidate taking up Hygiene as an additional subject will be required to submit to the Divisional Inspector of Schools, along with his application, a certificate of training in the subject from a Registered Medical Practitioner or from a recognised teacher of Hygiene.

Teachers of high English schools recognised by a University or a Board of Secondary Education and detenu candidates will be exempted from passing any preliminary Test Examination. Such candidates will have to apply for sanction to their migration on or before the date mentioned above together with the usual migration fee of Rs. 10. For this purpose, a teacher candidate should submit his application through the head of the institution in which he is employed and a detenu candidate should submit his application through the Commandant of the Detention Camp concerned.

N.B.—This notification supersedes all other notifications and circulars issued on the subject previously.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Smoke abatement as others see it.

Immense Mischief.

The more outrageous manifestations of the smoke evil, common in our larger towns 30 or 40 years ago, have been much abated. But the advance made ought not to blind us to the immense mischief still done in subtler and more cautious forms by the smoke nuisance. The Smoke Abatement Society, which meets once again at Bristol to-day, is doing very useful work and deserves the encouragement and support of the suffering public—(*News Chronicle*).

Suicidal.

It is all very well to "keep the home fires burning"—in song it sounds nice and comforting—but if it impairs the health of the people, as it unquestionably does, it is suicidal—(*Rotherham Advertiser*).

"What clean cows."

It is a truism of travel that, however sunlit the day, the approach to any great city takes over its brightness a dark and smoky film. Thousands of homely firesides and hundreds of factory chimneys pour out their murk into the air, and over the town's expanse there hangs a pall. There is no need now for industry to turn a fair land into a blackened wilderness. Coal can be made a better, less grubby, servant of mankind.

There is a good deal of truth, as well as of pathos, in the story of the town child who on his first visit to the country went about crying delightedly: "What clean hills," "What a clean river," "What clean cows"—(*Evening News, London*).

The Inevitability of Gradualness.

Few reforms better exemplify the inevitability of gradualness than that of smoke abatement. Great credit is due to the National Smoke Abatement Society for its efforts to make known the evils of pollution and to develop a strong public opinion on the point. Thanks to those endeavours the menace, not only of industrial, but of domestic smoke is far better understood to-day than it used to be.

Factories may belch their vapours into the blue, but it is the spangles of smoke from innumerable private chimney pots that are mainly responsible for poisoning the urban air. When these are eliminated, and not before, will our cities be fit for an AI population to breathe in—(*Western Daily Press*).

The Supernal Sewer.

If we vaunt ourselves over our ancestors on the score of "enlightenment," it must be in a sense that is abstract, if not Pickwickian. We (of the cities) see through a smoke darkly and breathe an air that they would have abhorred as heartily as their chivalry condemned "villainous saltpetre."

The mischievous effects of smoke have been for a generation familiar to every schoolboy, and every schoolboy as he grew to manhood has had to suffer them with little mitigation. The subject does not appear to reach the cognisance of those who rule us; it would need a diligent search of "Hansard" to find anything about it. Yet it is a "national" question, if ever there was one; it has to be tackled on the broadest lines, if any headway is to be made at all. It makes one wonder how many of the hundreds of thousands of new houses that we are exhorting and organizing into existence will be fresh tributaries of that supernal sewer from which our nostrils have to extract the breath of life"—(*The Observer*).

Volunteers required.

Let us again salute our untiring friends of the National Smoke Abatement Society.

To-day, in saluting Smoke Abatement, we proffer a small suggestion. Persuasion and statistics and talk about atmospheric pollution, sulphuric acid, flue dust and gas, malignant congestion and tar deposits having quite obviously proved useless, why not a band of devoted Smoke

Abaters with blackened faces instead of black shirts—these to walk or stand about at selected points puffing smoke through portable funnels in a startling protest against smoke?

Advertisement pays. Argument rarely convinces. Smoke abatement awaits its heroes and martyrs—(*Daily Mirror*).

Disgusting Evil.

It was an old story, but one that needs reiteration, which was told at the Bristol Conference of the Smoke Abatement Society. The case against our present methods of burning raw coal had already been proved by irrefutable evidence; but the speeches at the conference did succeed in making one or two new points and in keeping the whole disgusting evil before the public eye—(*Manchester Guardian Weekly*).

Sanguine and Determined.

Since the burning of coal in London was prohibited exactly 662 years ago, and since from that day to this no one has paid the edict the smallest notice, the Smoke Abatement Society must be commended as a sanguine and determined body. Instead of denouncing the nuisance in bad language like John Evelyn, who pamphleteered against the "dismal and Hellish cloud of Sea-coal," the Society goes more cunningly to work by telling us of the shocking amount of money which is yearly wasted in smoke—(*The Morning Post*).

Plans for Chimneys, etc.

Under the Act new plants installed or alterations made to the old must be approved by the Commission. During the year the Commission examined and improved 81 plans of which 63 were made in the office of the Commission, covering nearly all types of industrial furnaces. Permission to construct was granted in each case.

Domestic smoke.

The most deadly of the smoke nuisances is the low-lying smoke discharging at ground level from over a quarter of a million domestic fireplaces which for several hours, particularly during the cold weather evenings, shrouds some suburban areas in an irritating and suffocating pall through which it is impossible to see even a few yards ahead. There being no chimneys, domestic smoke is discharged at ground level, when the aerial scavengers wind and rain fail, the poisonous smoke floats stationary near the ground in the vicinity of the spot where it is made. Where the domestic smoke is worst, the mortality from respiratory diseases is highest. The Act does not control domestic smoke. However, the Commission have undertaken to deal with this smoke as far as practicable by means of distributing leaflets containing illustrative instructions to the public and by co-operation rendered by the Ward Health Associations in the city. The alternative remedy is electricity, gas and smokeless fuel.

Complaints.

The Commission controls approximately an area of 80 square miles comprising the local limits of the Calcutta Corporation, Tollygunge Municipality, South Suburban Municipality, Garden Reach Municipality and Howrah Municipality. With the present inadequate staff

it is difficult to keep in touch with all cases of smoke nuisance. The public continue to show much confidence in the Commission and assist in the work by drawing attention to cases of smoke nuisances that Inspectors may not have observed. Eighty-six complaints were made against seventy-six in the last year. Whenever complaints are received immediate enquiries are made and relief given whenever possible. Many of the complaints were made against domestic smoke in respect of which no action can be taken under the Act; but every effort is made by instruction and advice to ameliorate conditions complained of.

Thirty-one statutory warnings were served upon the owners of factories for offensive smoke emission. With each intimations were also sent that, if effective remedial action to reduce emission were not taken, legal proceedings would be instituted.

Prosecutions.

Every care continues to be taken by the Commission before sanctioning a prosecution to see that it is necessary with most successful results.

The following prosecutions were instituted during the year under review:—

(1) Babu S. Bhattacharjee, Manager of Babu Basanta Kumar Roy's Rice Mill at Hon'ble Surendra Nath Roy Road, Shahpore, Calcutta, for emitting smoke in contravention of rule 23(*3*) under section 10 of the Bengal Smoke Nuisances Act III of 1905 -Convicted for the first time and fined Rs. 25 (50 per cent. of the maximum prescribed).

(2) Mr. Weingartner, Manager of the Calcutta Ice Association, 3, Gas Street, Calcutta, for emitting smoke in contravention of rule 23(*3*) under section 10 of the Bengal Smoke Nuisances Act III of 1905—Convicted for the second time and fined Rs. 30 (30 per cent. of the maximum prescribed).

(3) Babu Lall Behari Basack, Manager of Messrs. S. N. Basack & Co.'s Saw Mill at 21/1, Canal East Road, Calcutta, for emitting smoke in contravention of rule 23(*3*) under section 10 of the Bengal Smoke Nuisances Act III of 1905—Convicted for the second time and fined Rs. 10 (40 per cent. of the maximum prescribed).

(4) Mr. S. C. Ghose, Superintendent, Tallah Pumping Station of the Calcutta Municipal Corporation, for emitting smoke in contravention of rule 23(*3*) under section 10 of the Bengal Smoke Nuisances Act III of 1905 -Convicted for the fourth time and fined Rs. 125 (62 per cent. of the maximum prescribed).

(5) Babu Keron Chandra Mitter, Manager of the Kanai Lall Daga's Rice Mill at Carrapooker Road, Italghatta, Calcutta, for emitting smoke in contravention of rule 23(*3*) under section 10 of the Bengal Smoke Nuisances Act III of 1905—Convicted for the first time and fined Rs. 25 (50 per cent. of the maximum prescribed).

(6) Mr. L. M. Moore, Manager of the Shivajee Glass Works, Howrah, for emitting smoke in contravention of rule 23(*3*) under section 10 of the Bengal Smoke Nuisances Act III of 1905 and also for wrongful construction and use in contravention of section 8A of the said Act- Convicted for the second time and fined Rs. 40 (40 per cent. of the maximum prescribed).

(7) Babu Panna Lal Das, owner of the Sree Govinda Rice Mill at 6, Burrashibtolla Road, Shahpore, Calcutta, for emitting smoke in contravention of rule 23(*3*) under section 10 of the Bengal Smoke Nuisances Act III of 1905—Convicted for the first time and fined Rs. 25 (50 per cent. of the maximum prescribed).

(8) Babu L. M. Sarma, Manager of the Rameswar Tobacco Company, at 91-96, Grand Trunk Road, Howrah, for lower altitude in contravention of rule 23(*3*) under section 10 of the Bengal Smoke Nuisances Act III of 1905, and also for wrongful construction and use in contravention of section 8A(*2*) of the said Act—Convicted under section 8A for the first time and fined Rs. 100 (100 per cent. of the maximum prescribed).

(9) Mr. S. C. Ghose, Superintendent of the Tallah Pumping Station of the Calcutta Municipal Corporation, for emitting smoke in contravention of rule 23(*3*) under section 10 of the Bengal Smoke Nuisances Act III of 1905—Convicted for the fifth time and fined Rs. 150 (75 per cent. of the maximum prescribed).

(10) Babu Hari Pada Roy, Manager of Messrs. P. C. Sen & Bros.'s Rice Mill at 39, Alipore Road, Calcutta, for emitting smoke in contravention of rule 23(*3*) under section 10 of the Bengal Smoke Nuisances Act III of 1905—Convicted for the first time and fined Rs. 10 (20 per cent. of the maximum prescribed).

(11) Babu Radha Kissen Bhorilall, owner of the Rice Mill at 1/2, Chetla Road, Tollygunge, for emitting smoke in contravention of rule 23(*3*) under section 10 of the Bengal Smoke Nuisances Act III of 1905—Convicted for the first time and fined Rs. 10 (20 per cent. of the maximum prescribed).

(12) Babu Surendra Nath Shah, Manager of Messrs. Ramdeo Benarasi Lall's Rice Mill, at 2, Govindo Addy Road, Calcutta, for emitting smoke in contravention of rule 23(*3*) under section 10 of the Bengal Smoke Nuisances Act III of 1905—Convicted for the first time and fined Rs. 10 (50 per cent. of the maximum prescribed).

In the last three cases, the fines inflicted are less than the inspection fees which would have been payable. The infliction of such inadequate sentences not only makes a breach of the Act profitable, but also tends to encourage certain owners, to commit such a breach.

Publicity.

The Commission was again represented at the Calcutta Health Welfare Week. Exhibits showed the evil effects of smoke nuisance and air pollution on the local respiratory mortality, the poisoning of food supplies and the effects on trees, buildings and distant localities. The Calcutta Electric Supply Corporation and the Oriental Gas Company greatly assisted this section in displaying smokeless gas and electrical appliances for cooking and other domestic purposes, as a permanent solution of the evils of smoke. The public showed great interest in this section.

Permanent remedies.

Electricity, gas, gas coke, oil and smokeless fuels (low temperature carbonisation).

In factories (apart from the 100 rice mills using the waste product, husk) much raw coal is used. The annual reduction shown in Appendix I indicates that it is possible to reduce smoke emission to a negligible amount, and in many cases it will prove economical to use a smokeless medium in place of raw coal.

The smoke abatement campaign has been materially assisted by the activities of the Calcutta Electric Supply Corporation who have during the past year further increased the number of their consumers, particularly amongst industrial works.

The number of domestic consumers of electricity has increased by 5,427 whilst an additional 499 heating and cooking circuits have been connected to the company's mains.

The total power of new electric motors connected during the past year in industrial works amounts to no less than 20,000 horse-power, and the greater proportion of this vast increase is represented by the conversion of existing steam engines to electric drives with a resultant closing down of boilers in existence for many years. This results in a corresponding diminution of free smoke emitted in the Calcutta area

The Oriental Gas Company state that during the year ending 30th June 1935 there was distinct evidence of a turn towards the use of gas for industrial purposes in various ways

At the same time, many new residential buildings were fitted with complete installations for cooking and water heating purposes, whilst for the latter purpose the gas geyser demand had continued to be a marked feature of house and flat seekers. Property owners when renovating their premises frequently install modern gas appliances.

During the year the number of appliances showed an increase of 700 for cooking, water-heating, steam raising and for a large variety of industrial purposes.

General control by the Commission.

During the year under review the Commission held 11 meetings out of which one was special. The Commission also kept in touch with various smoke departments, fuel, engineering and research institutes of Europe and America.

The average emission of smoke from each factory chimney was the equivalent of ·07 minutes of dense black smoke per hour. In 1906 when the work of the Commission commenced it stood at 13·1 minutes per hour.

Detecting offensive chimneys.

Smoke observations of big factories were generally made by the Inspectors from the Central Smoke Observatory which is fitted with a telephone so that owners may be informed on the telephone at the actual time of smoke emission. Observations of locomotives, steamers, launches and minor industries are made locally.

In 1926 the Commission recommended to Government that Smoke Observers should be appointed to relieve the Inspectors for the duty of inspection, etc., of engineering plants. Administrative approval was obtained in 1927 to this recommendation, but financial stringency has prevented this scheme being carried into effect.

During the year action was taken as under:—

Nuisances reported for:—

Departmental action—1484 offences.

Telephone warnings—963 offences.

Inspections and tests—4,820.

Statutory warnings—31.

Prosecutions—12.

The maximum fine imposed for offences under the Act was Rs. 150 and the minimum Rs. 10.

It is recognised that the smoke from locomotives, road rollers and steamships is particularly offensive, because of low altitude at which it escapes, but improvement in this is being experienced largely due to assistance of owners, who punish careless attendants departmentally on reports from the Inspectors of offences observed. This procedure has been so successful that no prosecutions were necessary regarding such furnaces, though excessive smoke from 236 locomotives, 1 road roller and 241 steam-launches and steamships had to be reported during the year.

Conclusion.

The Commission records its grateful thanks to smoke departments, fuel and engineering research institutions and the technical and local press for assistance freely rendered. Thanks are also due to local owners, managers and engineers, whose co-operation and valuable assistance have greatly helped the Commission and to the technical staff for their energy and loyalty in carrying out the policy of the Commission.

R. GRANT,
Chief Inspector and Secretary.

G. S. DUTT,

Secy. to the Govt. of Bengal.

CALCUTTA, THE 11TH AUGUST 1936.

RESOLUTION—No. 6207M.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

The attention of Government has been drawn to the unsatisfactory state of affairs that has been prevailing for sometime past in the administration of the Rajpur Municipality, in the district of the 24-Parganas. It appears that there are two rival parties among the Municipal Commissioners and the activities of party factions have been so injurious to municipal affairs that even the normal administration of the municipality is not being allowed to be carried on properly. The Chairman appears to be practically an absentee. The party in opposition succeeded in securing a majority, with the result that a majority of the Commissioners refused to pass the budget estimates for 1936-37 embodying the ordinary grants and reduced the grants to Re. 1 under certain essential heads, such as, education, dispensary, etc., with a view to bringing about a deadlock. Attempts to pass the budget after reinserting the ordinary grants proved fruitless. Repeated attempts were made by the Subdivisional Officer and the District Magistrate to bring about an amicable settlement between the parties, but these proved unsuccessful. The Chairman, whose party is in a minority, would not resign so as to remove the deadlock. On the other hand, the opposite party, although in a majority, could not secure the two-thirds majority necessary for his removal. Nor would the parties agree to come to a mutual understanding in the interest of the rate-payers whom it is their duty to serve.

2. The sweepers' service has been suspended by reason, among others, of the necessary grants for the purpose not being passed and conservancy arrangements have consequently broken down. In fact, there has been a complete deadlock in the municipal administration, to the great suffering of the residents of the municipality.

3. The conduct of both the parties appears to Government to have been in utter disregard of their statutory duties and the interest of the rate-payers. It seems clear that while the Chairman is clinging to the chair although reduced to a state of impotence, the opposite party is determined to make the normal administration of the municipality impossible. In the circumstances Government are satisfied that the present body of Municipal Commissioners have persistently made default in the performance of the duties imposed on them by the Bengal Municipal Act, 1932, and have shown their incompetence to perform these duties. In exercise of the powers conferred on them by section 552 of the Bengal Municipal Act, 1932, the Government of Bengal (Ministry of Local Self-Government) accordingly direct that a fresh general election shall be held, and that fresh appointments shall be immediately made of persons to be Commissioners of the Rajpur Municipality in the district of the 24-Parganas.

4. Ordered that this resolution be published in the *Calcutta Gazette*.

By order of the Govt. of Bengal

(Ministry of Local Self-Govt.),

Other funds	.. .. ..	1,078

In addition to the details required on the reverse, clear information should be given below under the following heads:—

(*a*) If the ordinary surplus is insufficient to meet the charges of the proposed loan, the particular steps which the municipality has taken, or has agreed to take, in order to make good the deficiency.

(*a*) The ordinary surplus as arrived at on the basis of the last three years' receipts and expenditure is quite sufficient to pay annual instalments towards repayment of the loan. Apart from this the quinquennial revision of assessment which had effect from 1st April 1935 has increased the demand on account of the three rates by about Rs. 4,000 and a professional tax under section 123(*1*)(*f*) was imposed only about a couple of years hence and the percentage of conservancy rate was increased from 3¾ to 4. The proceeds from these sources are now spent on less important improvements and would be available for payment of loan repayment instalment. There is also saving of about Rs. 1,700 that would be caused on conservancy head by introduction of the Sewerage Scheme. These taken together would be quite enough to meet any deficit in surplus.

(*b*) The reserve of taxation or other possible means of increase in the revenues of the municipality. The rates at which each of the taxes mentioned in column 12 on the reverse are levied, other than tax on persons, should be stated here.

(*b*) The rates at which the taxes mentioned in column 12 on the reverse are levied are as under:—

(*i*) Rate on holdings at 7½ per cent. on the annual value of holdings.

(*ii*) Water-rate at 7 per cent. on the annual value of holdings to which water connections are given and at 6 per cent. in cases of all other holdings which or any part of which are within a radius of 440 yards from the nearest street tank.

(*iii*) Conservancy rate at 4 per cent. on the annual value of holdings.

(*iv*) Taxes on carriages and animals at the following rates:—

Description.	Tax per half-year. Rs. A.
(*a*) On every jin rickshaw ..	2 0
(*b*) On every 4-wheeled carriage drawn by two horses ..	4 8
(*c*) On every 4-wheeled carriage drawn by one horse or a pair of ponies	3 0
(*d*) On every 2-wheeled carriage ..	2 8
(*e*) On every horse	3 0
(*f*) On every pony under thirteen hands and on every mule or donkey	0 12
(*g*) On every elephant	6 0
(*h*) On every camel	2 0
(*i*) On every 4-wheeled carriage drawn by one pony under thirteen hands	2 0

(*v*) Tax on professions and trades (dangerous and offensive trades):—

	Rs.
Bone depot	25
Hide depot	25
Lime kiln	10
Wood depot	25
Brick kiln	40

(*vi*) Tax on professions, etc., under section 123(*1*) (*f*) of the Act at half the rates specified in Schedule IV of the Bengal Municipal Act, 1932.

There is still room for increasing the percentage of the holding, water and conservency rates by respectively 2½ per cent., 1½ per cent. and 3 per cent. Moreover, this Board has since all the streets and lanes of the town electrically lighted without imposing lighting rate and they can if necessity is felt impose a lighting rate too.

(*c*) A statement of all outstanding loans specifying in respect of each loan, the date when taken, the purpose (very briefly), the amount, the annual charges involved, and the amount still payable.

(*d*) Any explanations in regard to receipts and expenditure to show the true financial position of the municipality when such position is otherwise than the ordinary surplus would indicate.

(*c*) Only a sum of Rs. 1,08,397-13 is outstanding to this date against a loan of Rs. 1,20,000 taken from Government (*vide* Government Order No. 3074P.H., dated the 25th November 1930) at an interest of Rs. 6½ per cent. for the Asansol Water Supply Scheme. The loan is repayable in twenty-five annual instalments of Rs. 9,837-12 payable on the 1st December every year. Five instalments have already been paid on due dates. This loan charge is met from Water-works Fund and no other loans are outstanding.

Minister-in-charge: The Hon'ble Nawab Sir Mohiuddin Faroqui, Kt., of Ratanpur.

No. 10C.—5th August 1936.—In exercise of the power conferred by section 19 of the Howrah Bridge Act, 1926 (Ben. Act IV of 1926), the Government of Bengal (Ministry of Public Works) are pleased to make the following amendments in the rules governing the disqualifications and duties of the Commissioners of the New Howrah Bridge and other matters published under notification No. 3C., dated the 10th August 1928, namely :—

Amendments.

(1) Before rule 1 of the said rules *insert* the following rule :—

"1A. The Chairman and the Deputy Chairman for the time being of the Commissioners for the Port of Calcutta shall respectively be the Chairman and the Deputy Chairman of the Commissioners for the New Howrah Bridge".

(2) After rule 20 of the said rules *insert* the following rule, namely :—

"20A. Every bond forming part of a series of bonds issued in respect of any loan raised under section 6 and every contract or agreement exceeding the sum of one thousand rupees in value shall be signed by the Chairman or the Deputy Chairman and by at least two other Commissioners and shall be sealed with the common seal of the Commissioners".

No. 9C.—31st July 1936.—The following draft of rules, which the Government of Bengal (Ministry of Public Works) propose to make under section 19, sub-section (*2*) of the Howrah Bridge Act, 1926, for regulating the collection of taxes on passengers under clauses (*iv*) and (*v*) of section 8 of the said Act and the payment thereof to the Commissioners of the New Howrah Bridge, is hereby published for the information of persons likely to be affected thereby.

The draft rule will be taken into consideration on or after 12th September 1936, and any objection or suggestion which may be received by the undersigned before that date will be duly considered:—

Draft rules.

1. The amount of tax leviable under clauses (*iv*) and (*v*) of section 8 of the Act shall be included in the fare shown on the tickets issued by the administrations of the East Indian Railway and the Bengal Nagpur Railway and by the owner of any steam-vessel plying as a ferry within, or partly within and partly without, the limits of the port of Calcutta, to the passengers brought to or carried from the Howrah station on such railways and to passengers carried on such steam-vessels.

2. When a half ticket is issued the tax shall be realised at half rates.

3. A return ticket shall be regarded as a ticket for two single journeys and the tax for both journeys shall be added to the fare of the return ticket.

4. Every such tax collected in any month shall be paid to the Commissioners by the railway administration or the owner of the steam-vessel, as the case may be, within 60 days from the close of that month, after making such deduction therefrom as the Local Government may approve to meet any expenses incurred in connection with the levy and collection of the tax.

5. With each of such remittances, the railway administration or the owner of the steam-vessel shall forward or cause to be forwarded to the Commissioners a statement in Form 1 and Form 2, respectively, annexed hereto.

6. On giving twenty-four hours' notice to either of the aforesaid railway administrations or to the owner of the steam-vessel the Commissioners may depute a person during office hours to examine the books and the returns from which the statement prescribed in rule 5 has been compiled, and the said railway administration or the owner of the steam-vessel shall give facilities to such person to check the figures contained in such statement:

Provided that the said railway administrations and the owner of the steam-vessel shall not be required to preserve any accounts or vouchers for more than one year.

Simla, the 30th July 1936.

No. F. 13-5/35-G.—The following draft of certain rules, which it is proposed to make in exercise of the powers conferred by section 8A of the Indian Aircraft Act, 1934 (XXII of 1934), is published as required by section 14 of the said Act, for the information of all persons likely to be affected thereby, and notice is hereby given that the draft will be taken into consideration by the Governor-General in Council on or after the 2nd November 1936.

Any objection or suggestion which may be received from any person with respect to the draft before the said date will be considered by the Governor-General in Council.

Draft Rules.

SECTION I.

SHORT TITLE.

1. These rules may be called the Indian Aircraft (Sanitary Control) Rules, 1936.

DEFINITIONS.

2. In these rules unless there is anything repugnant in the subject or context,

(1) *Authorised aerodrome* means a customs or other aerodrome designated as such by the Governor-General in Council on which aircraft may make their first landing on entering India or from which they may depart on leaving India.

(2) *Sanitary Aerodrome* means an authorised aerodrome declared to be a sanitary aerodrome by the Governor-General in Council by notification in the *Gazette of India*.

(3) *Anti-amaryl Aerodrome* means a sanitary aerodrome which fulfils the following conditions, viz.:—

(*i*) is situated at an adequate distance from the nearest inhabited centre,

(*ii*) is provided with arrangements for a water supply completely protected against mosquitoes and kept as free as possible from mosquitoes by systematic measures for the suppression of breeding places and the destruction of the insects in all stages of development,

(*iii*) is provided with mosquito-proof dwellings for the crews of aircraft and for the staff of the aerodrome,

(*iv*) is provided with a mosquito-proof dwelling in which passengers can be accommodated or hospitalised when necessary.

(4) *Local Area* means a well defined area such as a province, a state, a division, a district, a town, a village, a port, a unit of local Government or an agglomoration, or a part of any of these, whatever may be the extent or population of such and may include a sanitary aerodrome which is so organised that—

(*a*) the entry and exit of any persons are under the supervision and control of the competent authority,

(*b*) in the case of plague, cholera, yellow fever, typhus and small-pox occuring in the surrounding territory, access to the aerodrome by any route other than the air is forbidden to persons suspected of being infected and measures are applied to the satisfaction of the competent authority with a view to preventing persons who are resident in or passing through the aerodrome from being exposed to the risk of infection, either by contact with persons from outside or by any other means

(5) *Infected Local Area.*—For the purpose of these rules a local area shall be considered to be infected by the diseases hereinafter mentioned in the following circumstances:—

(*a*) *Cholera.*—When forming a foyer, that is when the occurrence of new cases outside the immediate surroundings of the first cases proves that the spread of the disease has not been limited to the place where it began.

(*b*) *Plague and Yellow Fever.*—When a first case recognised as non-imported has occurred.

(*c*) *Typhus and Small-Pox.*—When they exist in epidemic form.

(6) *Observation.*—The word observation means the isolation of a person or persons in a suitable place approved by the Health Officer.

(7) *Surveillance.*—The word surveillance means that persons are not isolated, that they move about freely, but that they are notified to the Sanitary Authorities of the several places whither they are bound and are subjected to medical examination with a view to establishing their state of health.

(8) *The period of incubation.*—For the purposes of these rules the period of incubation shall be deemed to be as follows:—

	Days
For Cholera ...	5
For Plague and Yellow Fever ...	6
For Typhus ...	12
For Small-pox ...	14

(9) *Health Officer* means any person appointed by name or by virtue of his office, to be Health Officer of an aerodrome and includes an Additional or Assistant Health Officer and any officer appointed by Government by name or by virtue of his office to perform the duties of a Health Officer of an aerodrome.

(10) *Crew* includes any person having duties on board in connection with the flying or the safety of the flight of the aircraft or employed on board in any way in the service of the aircraft, the passengers or the cargo.

(11) *Day* means an interval of 24 hours.

SECTION II.

RULES OF GENERAL APPLICATION.

3. Every aircraft coming from or proceeding to any place outside India shall carry a journey log-book in which shall be entered—

(*a*) any incidents relevant to public health which have occurred on the aircraft in the course of its voyage;

(*b*) any sanitary measures undergone by the aircraft before departure or at places of call;

(*c*) information concerning the appearance in the local area from which the aircraft departs of any of the infectious diseases mentioned in Rule 2 (5).

4. No person shall throw or let fall from any aircraft any matter capable of producing an outbreak of infectious disease.

5. It shall be lawful for the Health Officer of an aerodrome to make a medical inspection of the passengers and crew of any aircraft on the arrival or departure of such aircraft at or from such aerodrome and if required by the Health Officer the Commander of such aircraft shall at the time of inspection place himself at the disposal of the Health Officer and answer all requests for information relating to public health which are made to him and shall produce for examination if required the journey log-book and any other papers of the aircraft.

6. The Health Officer shall enter under his signature in the journey log-book, on the arrival of an aircraft, any facts of public health importance which have occurred on the aircraft in the course of the voyage and on the departure of an aircraft any sanitary measures applied to the aircraft and also, if the case so requires it, facts concerning the existence of any communicable diseases in the local area during the previous 15 days.

7. The officer in charge of an Aerodrome may on the advice of the Health Officer prohibit the embarkation in any aircraft of any person with symptoms of communicable disease except in the case of the transport of sick persons by aircraft specially allocated for the purpose.

In the absence of a Health Officer the officer in charge of an aerodrome may defer the departure of such persons until the advice of a doctor has been obtained.

8. If the Commander of an aircraft wishes to disembark a sick person he shall, so far as he is able, notify the officer in charge of the aerodrome of arrival in good time before landing.

9. The Health Officer may order the landing from any aircraft of any person who in his opinion shows symptoms of or is suffering from any communicable disease not mentioned in Rule 2 (5) of these rules.

After landing such person the usual measures to prevent the spread of infectious disease in force in the area in which the aerodrome is situated shall be applied.

SECTION III.

RULES APPLICABLE IN CASE OF CERTAIN DISEASES

10. Rules in Section III are applicable to the diseases mentioned in Rule 2(5), *i.e.*, Plague, Cholera, Yellow Fever, Typhus and Small-pox.

Measures on departure.

11. The measures to be applied on the departure of aircraft from a local area infected by one of the diseases mentioned in this Section are the following:—

(1) Thorough cleansing of the aircraft especially the parts liable to be contaminated.

(2) Medical inspection of passengers and crew.

(3) Exclusion of any person showing symptoms of one of the diseases in question; as well as persons in such close relation with the sick as to render them liable to transmit the infection of these diseases.

(4) Inspection of personal effects which shall only be accepted if in a reasonable state of cleanliness.

(5) In the case of plague, deratisation if there is any reason to suspect the presence of rats on board.

(6) In the case of typhus, disinsectisation, limited to persons who after medical inspection are considered as likely to convey infection and to their effects and deratisation if there is any reason to suspect the presence of rats on board.

The aircraft's papers shall be annotated in accordance with the requirements of Rule 2.

Measures on arrival.

12. Subject to the provision of rule 13, aircraft, even when coming from a local area infected by any of the diseases to which this section applies, other than yellow fever, may land at any authorised aerodrome. The only measures applicable at such aerodromes are the medical inspection of passengers and crew and the landing and isolation of sick.

Passengers and crew may not move beyond the limits prescribed by the aerodome authority except with the permission of the Health Officer of the aerodrome.

These restrictions may continue to be imposed on the aircraft at each landing place until it arrives at a Sanitary Aerodrome, where it will be liable to the measures laid down in this section.

In the case of Yellow Fever, all such aircraft shall land only at the Karachi Aerodrome.

13. Notwithstanding anything mentioned in rule 12 the Governor General in Council may by special rules in this behalf, require aircraft coming from particular local areas to land at particular authorised or sanitary aerodromes as prescribed in such special rules.

14. Should an aircraft, on entering India, land elsewhere than on an authorised or sanitary aerodrome, the Commander of the aircraft shall, if the aircraft comes from an infected local area or is itself infected, notify the nearest local authority of such landing and the latter shall take such measures as are appropriate to the circumstances and shall, if possible, direct the aircraft to a Sanitary Aerodrome. No mails or cargo shall be unloaded and no passenger or member of the crew shall leave the vicinity of the aircraft without the permission of the Competent Sanitary Authority.

Special measures applicable in the case of Plague, Cholera, Typhus, Small-pox and Yellow Fever.

(*A*) *Plague.*

15. In the case of aircraft coming from a plague infected local area, the following measures shall, if there has not been a case of plague on board, be applied—

(1) Medical inspection of passengers and crew.

(2) Deratisation and disinsectisation of aircraft, cargo and persons on board if in exceptional cases these operations are considered necessary, with due regard to Rule 31.

(3) The crew and passengers may be subjected to surveillance for a period not exceeding six days from the date on which the aircraft left the infected local area.

16. In the case of Aircraft on which there is on board a recognised or suspected case of plague, the following measures shall apply:—

(1) Medical inspection.

(2) The sick shall be immediately disembarked and isolated.

(3) All persons who have been in contact with the sick and those whom the Health Officer has reason to consider suspect, shall be subject to surveillance for a period not exceeding six days from the date of arrival of aircraft.

(4) Personal effects, linen and any other articles which in the opinion of the Health Officer are infected, shall be disinsectised and, if necessary, disinfected.

(5) Any parts of the aircraft which are suspected of being infected shall be disinsectised.

(6) The Health Officer may carry out deratisation in exceptional cases, if there is any reason to suspect the presence of rats on board with due regard to Rule 31.

17. If the Health Officer considers that effects, mails or cargo coming from an area infected with plague can harbour rats or fleas such effects, mails or cargo may only be discharged on condition that the necessary precautions are taken, as ordered by the Health Officer.

(*B*) *Cholera.*

18. In the case of Aircraft coming from a cholera infected area the following measures shall, if there has not been a case of cholera on board, be applied:—

(1) Medical inspection of passengers and crew.

(2) Surveillance of passengers and crew for a period not exceeding five days from the date on which the aircraft left the infected local area.

19. In the case of an aircraft having on board during the voyage a case of illness presenting clinical signs of cholera the following measures shall be applied:—

(1) Medical inspection.

(2) The sick shall be immediately disembarked and isolated.

(3) The crew and passengers shall be kept under surveillance during a period not exceeding 5 days from the date of arrival of the aircraft.

(4) Personal effects, linen and all other articles which in the opinion of the Health Officer are infected, shall be disinfected.

(5) The parts of the aircraft which have been occupied by the sick or which are regarded as liable to have been infected shall be disinfected.

(6) When the drinking water on board is considered suspect, it shall be disinfected, and, if practicable, emptied out and replaced by wholesome water, after the disinfection of the reservoir and its connections.

(7) Any person arriving by aircraft who wishes to remain in the country shall submit to such chemical or bacteriological examinations, or other measures or obligations as are imposed in this respect on the inhabitants in the local area.

20. The Health Officer may, at his discretion, exempt from surveillance under clause (2) of rule 18 or clause (3) of rule 19 any person who produces evidence to his satisfaction that he has been vaccinated against cholera not more than six months and not less than six days before the date of arrival.

21. The unloading of fresh fish, shell-fish, fruit and vegetables from the aircraft coming from a local area infected with cholera may be prohibited. Any of these articles may be destroyed if considered necessary by the Health Officer.

(*C*) *Typhus.*

22. (*a*) In the case of aircraft coming from a Typhus infected area but where there has not been a case of Typhus on board, no sanitary measures other than as prescribed in Rule 27 may be applied for persons who have within 12 days left that area.

(*b*) In the case of aircraft having a case of Typhus on board the following measures shall be applied:—

(1) Medical inspection.

(2) The sick shall be immediately disembarked and isolated and deloused.

(3) Any person suspected of harbouring lice or having been exposed to infection shall also be deloused, and, may be subjected to surveillance not exceeding 12 days reckoned from the date of delousing.

(4) Linen, personal effects and other articles which the Health Officer considers to be infected shall be disinsectised.

(5) The parts of the aircraft which have been occupied by persons suffering from Typhus and which the Health Officer considers to be infected shall be disinsectised.

(6) Deratisation if there is any reason to suspect the presence of rats on board.

(*D*) *Small-pox.*

23. (*a*) In the case of an aircraft coming from a small-pox infected local area but not having on board a case of smallpox, the measures to which persons and crew who have left that area less than 14 days before the date of arrival of the aircraft and who are considered insufficiently immunised may be subjected without prejudice to the terms of Rule 27, to vaccination or surveillance or vaccination followed by surveillance the period of which shall not exceed 14 days from the date of arrival of the aircraft.

(*b*) In the case of aircraft having a case of smallpox on board, the following measures shall be applied:—

(1) Medical inspection.

(2) The sick shall be immediately disembarked and isolated.

(3) Other persons and crew may be subjected to the measures prescribed in paragraph (*a*) of this rule when the Health Officer considers that they are not sufficiently immunised.

(4) Soiled linen, personal effects and other articles which the Health Officer considers to be contaminated shall be disinfected.

(5) The parts of the aircraft which have been occupied by persons suffering from smallpox and which the Health Officer regards to be contaminated shall be disinfected.

(*c*) For the purposes of this rule persons shall be considered immune:—

(1) if they can produce proof of an attack of smallpox within the past 7 years; or

(2) if they can prove to the satisfaction of the Health Officer that they have been vaccinated not more than 3 years and not less than 12 days prior to the date of arrival; or

(3) they show local signs of early vaccination reaction signifying an adequate immunity.

(*E*) *Special measures applicable in the case of Yellow Fever.*

24. No aircraft which has come from a local area outside India infected with yellow fever and which has alighted in such local area other than in an anti-amaryl aerodrome shall enter India.

25. (1) In the case of aircraft coming from a yellow fever infected area and not coming within the prohibition of Rule 24 the following measures shall be taken in addition to any other measures prescribed by these rules:—

(*a*) Inspection of aircraft and cargo to ensure that they do not carry or contain any mosquitoes.

(*b*) Disinsectisation of the aircraft and cargo.

(2) Medical Examination of passengers and crew to ascertain that they are free from symptoms of yellow fever.

26. Where a person is suspected to be suffering from yellow fever or where it has not been established to the satisfaction of the Health Officer that a person has completed a period of 9 days since possible exposure to infection of yellow fever, such person may be subjected to observation, either within the precincts of the aerodrome or elsewhere under conditions approved by the Health Officer for a period not exceeding 9 days reckoned from the last day on which such person could have been infected.

SECTION IV.

GENERAL RULES.

27. Persons who arrive in aircraft and who have been exposed to risk of infection by one of the diseases referred to in Rule 2 (5) of these rules and who are within the period of incubation, may subject to the provisions in Rules 24, 25, and 26 be subjected to surveillance until the termination of that period.

In the case of cholera and small-pox, the provision of Rules 20 and 23 relating to immunised persons apply equally to action under this rule.

28. Wherever in these rules surveillance is ordered such surveillance may be replaced by observation :—

(*a*) where it is not possible to carry out surveillance with sufficient thoroughness; or

(*b*) if the risk of the introduction of infection into India is considered exceptionally serious; or

(*c*) if the person who would be subject to surveillance cannot furnish adequate sanitary guarantee.

Persons under observation or surveillance shall submit themselves to any examination which the Health Officer may consider necessary.

29. Persons who, on arrival at an aerodrome, are considered liable to surveillance up to the expiration of the period of incubation of any of the diseases mentioned in Rule 2(5) except yellow fever, may nevertheless continue the voyage on condition that the fact is notified to the authorities of subsequent landing places and of the place of arrival either by means of an entry in the journey-log-book or by some other method sufficient to secure that they can be subjected to medical inspection in any subsequent aerodrome on the route.

30. Any person who is liable to observation save a person who is liable thereto by reason of being suspected of or having been exposed to the risk of infection by yellow fever, may at the discretion of the Health Officer be authorised to continue the voyage before the expiration of the period of incubation specified in Rule 2 (8) provided that the approval of the sanitary authorities at the place of his destination is first obtained.

31. In applying sanitary measures to an aircraft coming from an infected local area, the Health Officer shall, to the greatest possible extent, take into account all measures which have already been applied to the aircraft in another sanitary aerodrome abroad or in India and which are duly noted in the journey-log-book.

Aircraft coming from an infected local area which have already been subjected to satisfactory sanitary measures whether in India or another country shall not be subjected to these measures a second time, provided no subsequent incident has occurred which calls for the application of the sanitary measures in question, and that the aircraft has not called at an infected aerodrome except to take in fuel.

32. The aerodrome authority applying sanitary measures shall, whenever requested, furnish free of charge to the Commander of the aircraft, or any other interested person, a certificate specifying the nature of the measures, the methods employed, the parts of the aircraft treated, and the reason why the measures have been applied.

The authority shall also issue, on demand and without charge, to passengers arriving by an aircraft in which a case of one of the infectious diseases referred to in Rule 2 (5) has occurred, a certificate showing the date of their arrival and the measures to which they and their luggage have been subjected.

33. Save as expressly provided in these rules, aircraft shall not be detained for sanitary reasons.

If an aircraft has been occupied by a person suffering from plague, cholera, yellow fever, typhus or smallpox, its detention shall be limited to the period strictly necessary for it to undergo the prophylactic measures applicable to the aircraft in the case of each disease referred to in these rules.

34. Subject to the provisions of Rules 24, 25 and 26 of these rules and particularly those of Rule 25 (*a*) any aircraft which does not wish to submit to the measures prescribed by the aerodrome authority in virtue of the provisions of these rules shall be at liberty to continue its voyage. It shall not, however, land in another aerodrome in India except for the purpose of taking in supplies.

(*b*) An aircraft shall be permitted to land goods on condition that it is isolated and that the goods are subjected to such measures as may be prescribed by the Health Officer in accordance with these rules.

(*c*) Aircraft shall also be permitted to disembark passengers at their request, on condition that such passengers submit to such measures as may be prescribed by the Health Officer in accordance with these rules.

(*d*) Aircraft may also take in fuel, replacements, food and water while remaining in isolation.

35. Whosoever does any act in contravention of any of the provisions of these rules shall be punishable with imprisonment for a term not exceeding three months or with fine which may extend to one thousand rupees or with both.

Rules for the admission of private candidates to the High Madrasa Examination of the Board, 1937.

High Madrasa Examination.

1. Every private candidate must produce a certificate from a responsible Government officer to the effect: (*1*) that he has not attended any recognised madrasa for at least one year previous to the examination, (*2*) that his conduct and character have been good, (*3*) that he has diligently and regularly prosecuted his studies after leaving madrasa and has been subject to proper discipline.

2. A student, who failed to pass the Junior Madrasa Examination or the annual examination for promotion to class VIII or to any higher class and then left the institution, will not ordinarily be allowed to appear at a Test Examination before the year in which he would have been due for it had he continued his studies in a madrasa.

3. Every private candidate must submit his application for admission to the Test Examination on or before the 3rd November 1936 in the prescribed form which may be obtained from the office of the Board.

4. Every private candidate must also forward, in original, with his application for permission to appear at the Test Examination, his transfer certificate from the madrasa (if any) in which he last read, or the Director of Public Instruction's or the Secretary's receipt for the fee paid in the case of those candidates who previously appeared at the Special Islamic Matriculation or the High Madrasa Examination.

5. In the case of a candidate, who has never attended any madrasa, the following documents must accompany his application: —

(1) A certificate from a respectable person other than a relative with personal knowledge of the facts of the case that he has never been to any madrasa.

(2) An affidavit sworn by the parent or guardian before a competent court that he has not attended any madrasa.

(3) A documentary evidence (such as an affidavit sworn by the parent or guardian before a competent court) regarding the age of the candidate.

6. Every private candidate shall state in full along with his application for permission to appear at the Test Examination his name, father's name, guardian's name, date of birth, residence, postal address, thana, and district whether he appeared at any previous High Madrasa Examination and the name of the madrasa at which he intends to appear at the Test Examination and the following particulars: —

(*a*) Vernacular language for composition.

(*b*) Vernacular language from which translation is to be made into English.

(*c*) Which *one* of the following subjects taken up: —

(*i*) Islamic History,

(*ii*) General History,

(*iii*) Additional Mathematics.

7. Every private candidate must pay a fee of Rs. 3 to the Principal or Superintendent of the madrasa at which he appears at the Test Examination. In no circumstances will this fee be refunded.

8. On the first day of the Test Examination only, he must be accompanied, for the purpose of identification, by some person known to the Principal or Superintendent of the madrasa. Otherwise he will not be admitted to the examination.

9. The High Madrasa Examination will be held in the month of March. The dates of the examination will be notified in the *Calcutta Gazette*.

10. The Test and the High Madrasa Examination will be conducted according to the regulations, courses and syllabuses of the Board as embodied in its calendar for 1921-25, which may be had from the office of the Board for Rs. 3-11 including postage.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 5th August 1936.

Summary.—During the week the rainfall was heavy in parts of North and East Bengal; elsewhere it was light to moderate. Cultivation of winter paddy is progressing but more rain is needed for the operation in places. Reaping of autumn crops continues in full swing. Prospects of standing crops are generally satisfactory. During the week ending Saturday, the 15th August, the number of persons receiving gratuitous relief was 2,481, 4,458 and 2,270 in Nadia, Murshidabad and Burdwan, respectively. In 24-Parganas, 71 persons were employed on test relief works on Saturday, the 1st August. Test relief works have been closed in Burdwan. The average price of common rice for the province has risen by about 0·13 per cent. as compared with that of the previous week.

Rampur Boalia, the 2nd August 1936.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 4th August 1936.

First Forecast of the Sugarcane Crop of Bengal, 1936-37.

(*Note.*—On an average of the five years ending 1934-35, the area under sugarcane in Bengal has represented some 7·2 per cent. of the total area under sugarcane in British India.)

Character of the season.—At the beginning of the season the weather was generally favourable for planting in East and North Bengal while insufficient rainfall interfered with the progress of the operation in some West Bengal districts. Subsequent conditions were generally helpful for growth. The outlook, so far, is reported to be satisfactory, on the whole.

Area planted.—The total area planted with sugarcane for the province is reported to be 353,200 acres this year as against 324,700 and 325,400 acres reported respectively in the corresponding and final forecasts of last year.

K. McLEAN,
Director of Agriculture, Bengal.

First Forecast of the Sugarcane Crop of Bengal, 1936-37.

LOCAL SELF-GOVERNMENT DEPARTMENT.

NOTIFICATIONS.

Minister-in-charge: The Hon'ble Sir Bijoy Prasad Singh Roy, Kt.

Hooghly.—No. 6201M.—11th August 1936. —In exercise of the power conferred by section 58 (*2*) of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Government of Bengal (Ministry of Local Self-Government) are pleased to appoint Mr. W. Mitchell to be a Commissioner of the Rishra-Konnagar Municipality in the district of Hooghly, *vice* Mr. J. S. Robertson, deceased.

Bogra. — No. 6299M. — 14th August 1936. — The following draft of by-laws, which has been framed by the Commissioners of the Bogra Municipality, in the district of Bogra, under section 414 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 1st December 1936, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft by-laws.

Model by-laws under section 414 of the Bengal Municipal Act, regulating slaughter-houses for the slaughter of animals meant for human consumption.

1. Animals shall be slaughtered as humanely as possible.

2. No dogs shall be permitted within the slaughter-house.

3. *Hours of work.*—The hours of work fixed by the Commissioners shall be conspicuously printed on a board with the name of the lessee and displayed in a conspicuous place in the slaughter-house.

4. The slaughter-house shall be sufficiently lighted to allow for work after dusk.

5. Trees shall not be permitted to overhang the premises. The slaughter-house may be enclosed by wire-netting to prevent the entrance of birds.

6. No portion of the slaughter-house shall be used for living or sleeping unless it is separated from the place where animals are slaughtered by a substantial wall and contains a window or windows opening directly to the air and of dimensions not less than one-tenth of the superficial area of the floor space.

7. No person suffering from any contagious or infectious disease shall be employed or allowed to enter the slaughter-house.

8. Bones, offal, gut, hoofs, horns and other refuse shall be kept in properly constructed, covered and removable vessels made of non-absorbent material until arrangements can be made to remove them.

9. At the close of every working day every floor or pavement shall be thoroughly washed and all fragments of gut, blood or other matters detached in the process of disembowelling and skinning shall be collected and placed in suitable vessels or receptacles to be forthwith removed with their covers from the slaughter-house for disposal in a manner approved by the Commissioners. Each such vessel shall be constructed of non-absorbent material and shall have a closely fitting cover and shall contain a sufficient quantity of deodorant or disinfectant.

10. At the close of every working day every bench, table, tub, vessel, utensil or implement, which has been in use during the day, shall be thoroughly cleansed with water containing a deodorant or disinfectant.

11. At the close of every working day all filth, blood or refuse which may have been splashed upon any inside portion of the slaughter-house shall be removed by scraping or other effectual means.

12. Every vessel or receptable when not in use shall be kept thoroughly clean.

13. Within the first ten days of March, June, September and December the interior of the slaughter-house above the floor or pavement shall be thoroughly washed with hot lime-wash if such place has been in use as a slaughter-house since the last occasion on which it was so washed:

Provided that if any part thereof is covered with impervious material, it shall be sufficient to cleanse the same thoroughly with water.

14. The interior of the slaughter-house shall not be allowed, by reason of want of repair to the surface thereof, to facilitate the absorption of any liquid filth or refuse or other noxious or injurious matter.

15. *Inspection of meat.*—The licensee shall permit the meat to be inspected after slaughter by a competent person appointed by the Commissioners in this behalf to find out cyste cercus cellulose, tubercular infection or any other infective or unwholesome condition of the carcass. Carcasses showing signs of tubercular infection or encysted tape worms (cyste cercus cellulose) shall be destroyed.

16. If the Commissioners arrange for the meat to be stamped after inspection by a competent person to indicate the quality of the meat or if they fix prices for different grades of meat to be sold in public markets, the licensee shall permit the meat to be so stamped and shall sell the meat at the prices fixed.

17. *Penalty.*—The breach of any of the above by-laws shall render the license of any private slaughter-house liable to suspension.

2. The draft will be taken into consideration on the 2nd November 1936, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft by-laws.

By-laws under section 392 of the Bengal Municipal Act, 1932, for control, etc., of dangerous diseases (Cholera, Small-pox, Plague, Diptheria, Cerebro-spinal meningitis, etc.).

1. *General.*—In these by-laws "patient" means a person suffering from or suspected to be suffering from any dangerous disease or likely to suffer from any such disease owing to exposure to infection or contagion.

2. On the outbreak of any dangerous disease in any building other than a public hospital the persons referred to in section 377 of the Bengal Municipal Act, 1932, shall, within 12 hours after he becomes cognizant of the existence of the disease, give information respecting the existence of such disease, together with a brief history, the cause so far as it can be ascertained, the duration and the number of persons affected thereby, either personally or in writing, to the Health Officer or Sanitary Inspector or any other officer appointed by the Commissioners in this behalf.

Fine, Rs. 50.

3. If any—

(*a*) mill,

(*b*) factory,

(*c*) workshop,

(*d*) tea-garden, or

(*e*) other place,

where more than 50 persons are employed is situated—

(*i*) within the municipality, the owner, occupier or person in charge of such mill, factory, workshop, tea-garden or other place;

(*ii*) within 2 miles of the limits of the municipality, and the office of business of such mill, factory, workshop, tea-garden or other place is situated within the municipality,

the person in charge of such office shall, on the occurrence of a dangerous disease in such mill, factory, workshop, tea-garden or other place, notify such occurrence to the Health Officer, Sanitary Inspector or any other officer appointed by the Commissioners in this behalf in the manner and within the time specified in by-law 2.

Fine, Rs. 50.

4. On the occurrence of a dangerous disease in a family, the guardian or one of the parents of any school-going children in such family shall, as soon as he becomes cognizant of the existence of the disease, notify the fact to the head of the institution concerned as well as to the Health Officer, Sanitary Inspector or any other officer appointed by the Municipal Commissioners in this behalf in the manner and within the time specified in by-law 2.

Fine, Rs. 50.

5. On receipt of the report of the outbreak of any dangerous disease in the family of any scholar, the head of the institution shall grant quarantine leave to the scholar concerned and shall not allow him to rejoin the school unless and until such scholar produces a certificate from the Health Officer or a registered medical practitioner to the effect that he is free from infection.

Fine, Rs. 50.

6. On the outbreak of any dangerous disease the Commissioners shall—

(*i*) give public notice of the places or buildings affected and take such other steps under section 376, as they deem necessary for the prevention of the spread of the disease;

(*ii*) depute the Health Officer or any other officer appointed by them in this behalf to investigate into the causes of the outbreak in such manner as they deem suitable:

Provided that no officer shall enter any building for such investigation between sunset and sunrise and all such investigations shall be conducted with due regard to the social and religious customs of the family affected.

7. *Isolation and segregation.*—When in the opinion of the Health Officer or of a Sanitary Inspector or of any registered medical practitioners specifically consulted by the Commissioners in this behalf, the isolation of a patient is a precaution necessary for the prevention of infection or contagion to the neighbouring population, the Commissioners shall order the patient to observe isolation and may direct the nearest relative in attendance on the patient, or the occupier of the building in which the patient is staying to arrange for the isolation of the patient in such manner and for such a period as may be approved by the Health Officer, Sanitary Inspector or the registered medical practitioner:

Provided that Commissioners shall not direct the patient to be removed from the building unless, in the opinion of the Health Officer or Sanitary Inspector or the registered medical practitioner, it is impossible to make proper arrangements for his isolation therein.

Fine, Rs. 50.

8. When under the provisions of section 378, the Commissioners have decided that the isolation of a patient in a hospital or a temporary treatment camp erected for the purpose, is necessary for the prevention or control of the spread of infection, they shall serve a notice in writing to that effect on the nearest relative in attendance on the patient or the occupier of the building in which the patient is staying, specifying the time of removal and have the patient removed to a hospital or treatment camp in such manner as may be directed by the Health Officer or a registered medical practitioner selected by the Commissioners for the purpose.

9. Persons suffering from Small-pox shall be segregated for six weeks from the date of appearance of the eruptions on the skin and in the case of Cholera, Plague, Diphtheria, Cerebro-spinal Meningitis and any other disease declared to be a dangerous disease by notification under section 3 (*ii*) (*b*) until the Health Officer or any registered medical practitioner certifies the patient to be free from infection.

10. No person shall enter any place wherein a patient is isolated without the permission of the Health Officer or a registered medical practitioner.

Fine, Rs. 50.

11. *Miscellaneous.*—The Commissioners may order that any person who has, in their opinion or in the opinion of the Health Officer, Sanitary Inspector or any registered medical practitioner, been exposed to infection from any dangerous disease shall take such drugs in such quantities as may be specified by the Health Officer or any registered medical practitioner, or shall submit himself to such vaccination or inoculation, at such time and place, as may be specified in the order.

Fine, Rs. 50.

12. No person shall, without the written permission of the Health Officer or Sanitary Inspector or any other officer appointed by the Commissioners in this behalf, dispose of the corpse of a person who has died of a dangerous disease except by burning or burial and the dead body shall be removed for this purpose within 12 hours after death.

Fine, Rs. 50.

13. Any person burning or causing to be burnt corpse of a person who has died of a dangerous disease shall cause every part of it to be completely reduced to ashes, and shall likewise cause the clothes or other articles brought with such corpse to be reduced to ashes.

Fine, Rs. 50.

14. No person shall bury or cause to be buried any corpse, which is likely to spread any dangerous disease, in a non-masonry grave, of less than 6 feet deep.

Fine, Rs. 50.

15. The corpse of a person who has died of a dangerous disease shall not be removed to any place other than a burning or burial ground or any other place appointed by the Commissioners for this purpose for its disposal.

Fine, Rs. 50.

16. If in the opinion of the Health Officer or Sanitary Inspector or any other person authorised by the Commissioners in that behalf, the corpse of a person who has died of a dangerous disease is likely to spread infection during removal to the burning or burial ground, the said Health Officer, Sanitary Inspector or person shall direct the relatives or attendants of the dead person to adopt special measures while removing the corpse for disposal.

17. No person shall carry to the burning or burial ground a corpse of a person who has died of a dangerous disease and for the removal of which special measures have been directed to be adopted without adopting such measures.

Fine, Rs. 50.

18. If the relatives or attendants of a person who has died of a dangerous disease are unable to adopt the measures referred to in by-law No. 16 for the removal of the corpse, the Health Officer or Sanitary Inspector or other person referred to in that by-law shall himself arrange for the removal of the corpse in the manner directed by him and realise the cost from the relatives or attendants of the dead person:

Provided that in the case of the dead body of a pauper or if the relatives of the dead are too poor to pay, the cost shall be met from the Municipal fund.

Fine, Rs. 50.

19. The Health Officer, Sanitary Inspector or any other person authorised by the Commissioners in this behalf may, by a notice in writing, require any person to carry out or to allow to be carried out by such agency and within such time as may be specified in the notice, such measures for the disinfection or evacuation of any premises exposed to infection or contagion from a dangerous disease in the occupation of such person or for the disinfection or destruction of any of the personal effects of a patient as the said Health Officer, Sanitary Inspector or person may consider necessary.

Fine, Rs. 50.

20. The Health Officer, Sanitary Inspector or any person authorised by the Commissioners in this behalf may, by a notice in writing, require the removal under such precautions and within such period as may be specified in

the notice of articles from a building, where a dangerous disease has broken out, to a place for washing and disinfection provided by the Commissioners.

Fine, Rs. 50.

21. Where a public disinfecting station or a place for disinfection or washing of infected articles has not been provided by the Commissioners, clothes used by persons suffering from a dangerous disease other than those which can be burnt shall be stored in a separate room. Such clothes shall not be sent to a *dhobi* or washerman to be washed nor shall they be washed in any source of water-supply, before they have been disinfected to the satisfaction of the Health Officer or Sanitary Inspector.

Fine, Rs. 50.

22. A *dhobi* or washerman shall not knowingly take clothes from a house where any person is suffering from a dangerous disease. He shall cease from carrying on his profession on the occurrence of any dangerous disease in the building occupied by him and shall not resume his profession till the building has been declared free from infection by the Health Officer, Sanitary Inspector or any other person appointed by the Commissioners in this behalf.

Fine, Rs. 50.

23. On the occurrence of a dangerous disease in the building occupied by a *dhobi*, he shall keep with him all the clothes previously sent to him for washing till the written permission of the Health Officer, Sanitary Inspector or any other person appointed by the Commissioners in this behalf has been obtained for returning them to the owners after being disinfected.

Fine, Rs. 50.

24. A dealer in food-stuffs, clothing or other articles shall cease from carrying on his occupation on the occurrence of any dangerous disease in the building occupied by him and shall not resume his occupation until he is permitted to do so by the Health Officer, Sanitary Inspector or any other person authorised by the Commissioners in this behalf.

Fine, Rs. 50.

25. When the Commissioners are satisfied that the condition of any privy, urinal, drain, sewer or cesspool is such as to cause the risk of an outbreak of any dangerous disease to the inhabitants of the neighbourhood, they may direct the occupier of the land or building on which such privy, urinal, drain, sewer or cesspool is situated to disinfect or to allow an officer of the Commissioners to disinfect the same with such disinfectants in such quantities and at such times as may be specified by them.

Fine, Rs. 25.

By-laws for the prevention of the spread of plague and the destruction of rodents, etc.

1. *Rat-proof bins or receptacles.*—When required by the Commissioners to do so for the prevention of the outbreak or spread of plague, every owner or occupier of a building shall provide therein a rat-proof bin or receptacle for the temporary deposit of food residue, cups, plates and other utensils prior to washing.

2. *Rat-proof dust bins.*—The Commissioners may provide rat-proof dust bins for the depositing of sewage, rubbish and offensive matter.

3. *Notification of rat mortality.*—Whenever the Commissioners apprehend any outbreak of plague they may require by beat of drums prompt notification of cases of mortality among rats in any building or on any land; whereupon the owner or occupier of such building or land shall forthwith give information of any such occurrence to the Health Officer or the Commissioners either personally or in writing.

4. *Rat destruction.*—Whenever the Commissioners at a meeting shall decide on the destruction of rats as a measure to prevent the outbreak or spread of plague within the municipality, it shall be lawful for the Commissioners to make necessary arrangements for such destruction by smoking rat holes and by placing rat traps and rat poison baits in any building, or land consistently with the safety of the building and its occupants.

5. *Disposal of dead rats.*—When required by the Commissioners to do so for the prevention of any outbreak or spread of plague, the owner or occupier of every building or land in which a dead rat is found shall forthwith place it in kerosine oil, until its disposal by burning can be arranged.

6. *Disinfection.*—When required by the Commissioners to do so for the prevention of the outbreak or spread of plague, the owner or occupier of a building shall arrange for the cleaning and disinfection, at such intervals as may be fixed by the Commissioners, of the floor and walls (up to a height of three feet from the floor or plinth) of the building with kerosine oil emulsion prepared by boiling half a pound of hard soap in half a gallon of water, to which four gallons of kerosine oil have been subsequently mixed.

7. *Disinfection.*—The owner or occupier of a building in which a case of plague has occurred shall arrange for the immediate disinfection of the sputum of the patient and discharges from buboes of such patient with Lysol, Cyllin or Hycol lotion in strength of one teaspoonful to a pint of water or in any other active germicidal solution.

8. *Disinfection of room of pneumonic plague cases.*—The Commissioners may arrange for the disinfection of the room in which a case of pneumonic plague has occurred with formalin, gas or with other suitable disinfectants.

9. *Arrangement for immunisation.*—The Commissioners may by beat of drum announce the arrangements made for anti-plague inoculation; whereupon every person shall be bound to get himself inoculated; provided that no person shall be bound to take inoculation who owing to constitutional disability or on medical grounds is certified by a registered medical practitioner to be unfit for such inoculation.

10. *Penalty.*—Whoever commits a breach of any of the by-laws 1, 3, 4, 5, 6, 7, 8 and 9 shall be punishable with a fine which may extend to Rs. 50.

By-laws for the prevention of rabies in men and animals.

1. The Commissioners may require by beat of drum that all dogs, whenever led or taken out into a public street or a public place shall be properly muzzled with a leather strap or any other similar contrivance.

2. Any person who has in his possession any dog which he knows or has reason to believe to be suffering from rabies or to have been bitten or snapped at by any dog, jackal or any other animal suffering from rabies or suspected to be suffering from rabies shall immediately intimate the fact in writing to the Commissioners and also to the Health Officer.

3. Persons bitten by any dog, jackal or other animal suffering from rabies or suspected to be suffering from rabies shall report the fact to the Commissioners in such details as may be required by the Commissioners.

4. Whoever commits a breach of any of the by-laws shall be punishable with a fine which may extend to Rs. 50.

By-laws for the control of malaria.

1. Whenever a campaign for the prevention of malaria has been decided upon by the Commissioners at a meeting, it shall be lawful for the Commissioners to treat all tanks, ponds, wells and water collections periodically with larvacides.

2. The owner of every drain or open cesspool shall when required by the Commissioners by a notice in writing treat such drain or cesspool with proper larvacides as a measure for the destruction of mosquitoes at intervals of not more than 10 days, provided that the necessary materials are supplied by the Commissioners. The Commissioners may themselves arrange for such measure being taken by their own staff.

3. The Commissioners may by notice in writing require the owner of any land to provide subsoil drains in order to improve its sanitary condition provided that there is a suitable outfall for such drains.

4. The owner or occupier of a building shall, when required by the Commissioners by a notice in writing within a period to be specified in such notice, provide mosquito-proof coverings for all cesspools within the premises and shall construct yard gullies communicating with the drains.

5. Every owner or occupier of a building shall, when required by the Commissioners by a notice in writing, cause every cistern and reserve tank for storage of water in his premises to be made mosquito-proof.

With the above end in view every cistern or reserve tank shall conform to the following conditions:—

(*a*) The lid shall be well fitted and of a pattern approved by the Health Officer or the Municipal Engineer or by the Chief Engineer, Public Health Department, and shall be kept closed by strong bolts and nuts or shall be secured by lock and key. The lids should not be opened until required for inspection by an officer authorised by the Commissioners in that behalf or for repair works.

(*b*) The warning pipe or the overflow pipe attached to the cistern or reserve tank shall be protected by a perforated metal cap of a standard pattern approved by the Health Officer or the Municipal Engineer or the Chief Engineer of the Public Health Department.

(*c*) The punch holes in the cisterns or reserve tanks made by the municipal officers shall be either utilised for connecting pipes or properly closed.

(*d*) Water gauges necessitating an aperture in the roof or the sides of the cistern or reserve tank shall be mosquito-proof.

(*e*) The flushing cisterns in urinals and water closets should be of mosquito-proof pattern.

(*f*) If the cistern or tank is not provided with a lid, as an alternative, every opening shall be covered with a mosquito-proof screen consisting of wire-netting of at least sixteen meshes to the inch each way or any other material which will effectively prevent ingress or egress of mosquitoes. In the case of non-provision of mosquito screen all unscreened containers shall be completely emptied every seven days and thoroughly cleaned and dried.

6. No new water connection shall be given to any building until the storage cisterns installed therein have been inspected and certified to be mosquito-proof by the Health Officer or the Municipal Engineer or any other competent person authorised by the Commissioners in this behalf.

7. Every cistern or reserve tank or flush cistern shall be numbered by the Commissioners to facilitate inspection.

8. Every cistern reserve tank or flush cistern shall be kept in good repair or shall be replaced by new ones when necessary.

9. If any cistern or reserve tank or flush cistern be found on examination by the Health Officer or any other officer appointed by the Commissioners to do such work, to be non-mosquito-proof or otherwise not in conformity with any of the aforesaid conditions he may by written notice require the owner or occupier of the premises—

(*a*) to replace the same, or

(*b*) to make such alteration therein as may be specified in the notice.

10. If any notice issued under by-law 9 is not complied with within seven days from the date of service thereof, the Commissioners may forthwith carry out the work and the costs thereof shall be payable by the person on whom the notice was issued.

11. When the Commissioners or any department of Government have constructed any work with the object of prevention of breeding of mosquitoes, the owner or occupier of the premises on which such works stand shall prevent such premises being used in any manner whatsoever that is likely to cause the deterioration or lessening of the efficiency of such work.

12. Whoever commits a breach of any of the foregoing by-laws, viz., 2, 4, 5, 8, 10 and 11 shall be liable to a fine which may extend to Rs. 50.

13. Any person who without the consent of the Commissioners interferes with, or injures or destroys or renders useless any works executed or any materials or things placed in, under or upon any premises, by or under the authority of the Commissioners referred to in by-laws 1, 2 and 10 shall be liable to a fine which may extend to Rs. 50.

By-laws for prevention of the spread of disease by flies or other insects.

1. Every baker or confectioner who keeps for sale any bread, sweetmeats or other prepared articles of food and every vendor or hawker of such articles shall keep the same in a glass-case or almirah provided with wire gauze screen so as to keep away flies or other insects.

2. Every owner or occupier of a meat or fish shop or stall shall, when required by the Commissioners by a notice in writing, make his shop or stall fly-proof with suitable materials.

3. Every owner or occupier of a building shall, when required by the Commissioners by a notice in writing, provide fly-proof receptacles for the collection of rubbish and other offensive matter until these can be deposited in such place as may be provided by the Commissioners for the purpose.

4. Whoever commits a breach of any of the by-laws 1 to 3 shall be liable to a fine which may extend to fifty rupees, and in the case of a continuing offence to an additional fine which may extend to five rupees per diem.

By-laws regulating rag-flock manufacture and trade in rags and bones.

1. In these by-laws—"rag-flock" means flock which has been produced wholly or partly by tearing up woven or knitted or felted materials, whether old or new, but does not include flock obtained wholly in the process of scouring and finishing or newly woven or newly knitted or newly felted fabrics.

2. No person shall sell or have in possession for sale any rag-flock manufactured from rags or use for the making of any article of upholstery, cushions or beddings, any such flock unless it conforms to the standard prescribed below and unless such flock has been disinfected to the satisfaction of the Commissioners.

The amount of soluble chlorine (as chlorides) removed by thorough washing with distilled water at a temperature not exceeding 25° centigrade from not less than 40 grammes of a well-mixed sample of rag-flock shall not exceed 30 parts of chlorine in 1000,000 parts of the flock.

3. No person shall trade in rags or in second hand clothing or bedding, unless the Health Officer or the Commissioners are satisfied about the cleanliness of such articles and also about the freedom of such articles from infection of any dangerous disease.

4. No person shall trade in bones or products of bones unless such articles have been disinfected before importation or exposure of sale, to the satisfaction of the Health Officer or the Commissioners.

5. Whoever commits a breach of any of the by-laws 2 to 4 shall be punishable with fine which may extend to fifty rupees.

By-law regarding disposal of refuse or waste matter or other matter or thing contaminated with or exposed to infection or contagion.

No person shall dispose of any refuse, waste matter or other matter or thing, which has been contaminated with or exposed to infection or contagion, except by burning or burial, after proper disinfection, at a safe distance from sources of water-supply.

Fine, Rs. 50.

Bogra.—No. 6347M.—17th August 1936—The following draft of by-laws, which has been framed by the Commissioners of the Bogra Municipality, in the district of Bogra, under section 434 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 1st December 1936, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft by-laws.

By-laws under section 434 for regulation of dairy and milk-supply.

1. *Registration of dairymen and dairies.*—The Municipal Commissioners may require by public notice the registration of all dairymen or persons selling milk and of all dairies within the municipality, within such period as may be fixed by them; whereupon no person shall keep any dairy within the area administered by the Commissioners, unless it has been registered, or carry on the business or trade of cow-keeper, dairyman or purveyor of milk, unless he is registered as such therein:

Provided that a person who sells milk of his own cows or buffaloes in small quantities to his workmen or to his neighbours for their convenience need not be so registered.

Note.—In these by-laws the term cow-keeper includes a keeper of buffaloes.

2. No dairy or milk shop shall be registered until the premises in which such trade is carried on have been inspected by the Health Officer or Sanitary Inspector or any competent officer appointed by the Commissioners for the purpose and until the Commissioners are satisfied with the arrangements for lighting, ventilation, drainage, conservancy, water-supply and general sanitary condition of such premises.

3. *Inspection.*—All dairies within a municipality shall be open to inspection at all times by the Commissioners or by the Health Officer, Sanitary Inspector or a person or persons authorised in this behalf at all hours of the day and night.

4. *Contamination of milk.*—No cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop shall—

(*a*) allow any person residing or employed in or about the premises, suffering from a dangerous or infectious disease or having recently been in contact with a person so suffering, to milk cattle or to handle vessels used for holding or keeping milk or in any way to take part or assist in the conduct of the trade or business of the cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop, so far as regards the production, distribution or storage of milk, or

(*b*) if himself so suffering, or having recently been in contact with a person so suffering, milk cattle or handle vessels used for containing milk or in any way take part in the conduct of his trade or business so far as regards the production, distribution or storage of milk, until in each case all dangers therefrom of the communication of infection to the milk or of its contamination has ceased.

5. The cow-keeper or dairyman or purveyor of milk shall, when so required by the Commissioners, the Health Officer, Sanitary Inspector or any other person authorised in this behalf, furnish the names and addresses of his customers and the sources of supply of milk to his establishment.

6. *Existence of disease among cattle.*—If at any time cattle plague, pleuro-pneumonia, foot and mouth disease, anthrax, tuberculosis or any disease of the udder exist among the cattle in a dairy or cattle-shed, the dairyman or cow-keeper shall forthwith report such occurrence to the Commissioners and shall not—

(*a*) mix the milk of the diseased cattle therein with other milk,

(*b*) use or sell such milk for human consumption;

(*c*) use or sell such milk for consumption by any animal unless and until it has been boiled.

7. *Storage, conveyance and distribution of milk.*—No receptacle which is incapable of being readily cleansed, shall be used for the storage or conveyance of milk.

8 Every receptacle used for the storage or conveyance of milk shall be—

(*i*) marked with the name and address of the owner;

(*ii*) provided with a lid without openings and so constructed and fitted as to prevent the access of dirt, dust, water, or of milk which has been splashed above the lid.

9. No such receptacle shall be opened during transit, except for the purpose of checking and sampling the milk.

10. Where milk is delivered in bottles, such bottles must be filled and closed on registered premises, and not thereafter tampered with before delivery to the consumer.

11. Every person engaged in the conveyance or distribution of milk shall take all practicable precautions to prevent the milk from being contaminated.

12. Vehicles used for the conveyance of milk shall be kept clean and no live animal shall be conveyed or carried at the same time as the milk.

13. *Ventilation and lighting.*—Every cattle-shed and every building used for keeping or storing milk (other than a cold store) shall be provided with a sufficient area of windows or external openings communicating directly with the external air in order to secure adequate lighting and ventilation.

14. *Lighting.*—Places in which milking is carried on after dark, shall be provided with adequate artificial lighting.

15. *Air-space.*—No cow-keeper or dairyman shall allow any shed to be occupied by a larger number of animals than will leave not less than eight hundred feet of air-space for each cow or buffalo, provided as follows:—

(*a*) in calculating the air-space for the purpose of this by-law, no space shall be reckoned which is more than 16 feet above the floor; but if the roof or ceiling is inclined, then the mean height of the same above the floor may be taken as the height thereof for the purposes of this by-law;

(*b*) any cattle-shed constructed and used before the date of the enforcement of this by-law shall be exempted from its operation until two years after that date.

16. *Receptacles for water.*—All receptacles for the storage or conveyance of water shall be kept clean. A dairyman or cow-keeper shall ensure that the drinking water for cows is protected from contamination.

17. *Water-supply.*—Every person in charge of a dairy shall cause it to be provided with an adequate supply of good and wholesome water for cleansing such dairy or any vessel that may be used therein for containing milk, and for all other reasonable and necessary purposes in connection with the use thereof.

18. *Cleanliness of cattle-shed.*—No cow-keeper or dairyman or purveyor of milk or occupier of a milk store or milk shop shall use or permit to be used any milk store or milk shop in his occupation as a sleeping apartment or for any purpose incompatible with the cleanliness of the milk shop or milk store and of the milk vessels and the milk therein or in any manner likely to cause contamination of milk therein.

19. No cow-keeper or dairyman or purveyor of milk shall keep swine or poultry in any cattle-shed or other building used by him for keeping cows or in any milk store or other place used by him for keeping milk for sale.

20. Every cow-keeper and dairyman shall cause every part of the interior of every cattle-shed or dairy in his occupation to be thoroughly cleansed from time to time and as often as may be necessary to secure that such places shall be at all times reasonably clean.

21. Every cow-keeper and dairyman shall cause the ceilings and the walls of the cattle-shed or dairy in his occupation to be properly lime-washed at least twice every year and at such other times as may be necessary:

Provided that this requirement shall not apply to such ceilings and walls for which lime-washing is unsuitable.

22. Every cow-keeper and dairyman shall cause the floor of every such cow-shed or dairy to be thoroughly washed, and all dung and offensive matter accumulating inside such shed or dairy to be swept and removed as often as may be necessary but not less than twice every day.

23. *Cleanliness of milk shop and milk store.*—Every occupier of a milk store or shop shall cause every part of the interior to be thoroughly cleansed from time to time and as often as may be necessary to maintain it in a thorough state of cleanliness.

24. *Health and inspection of milch animals in dairies.*—The Commissioners shall cause to be made such inspections of dairy cattle as may be necessary.

25. *Cleanliness of milk vessels.*—Every cow-keeper or dairyman shall from time to time and as often as may be necessary cause every milk vessel that may be used by him for the sale, conveyance or storage of milk to be thoroughly cleansed with steam or clean boiling water and shall otherwise take all proper precautions for the maintenance of such milk vessel in a constant state of cleanliness.

On every occasion when any such vessel shall have been used to contain milk or shall have been returned to him after having been out of his possession, he shall cause such vessel to be forthwith so cleansed.

26. *Protection of milk against infection or contamination.*—Every purveyor, seller or retailer of milk shall take all reasonable and proper precaution in connection with the storage and distribution of milk and otherwise to prevent exposure of milk to any infection or contamination.

27. No purveyor, seller or retailer of milk shall deposit or keep any milk intended for sale—

(*a*) in any room or place where it would be liable to become infected or contaminated by impure air or by any offensive, noxious or deleterious gas or substance or by any noxious or injurious emanation, exhalation or effluvium;

(*b*) in any room used as a kitchen or living room;

(*c*) in any room or building or part of a building communicating directly by door, window or otherwise with any room used as a sleeping room or with a water-closet, earth-closet, privy, cesspool or receptacle for ashes or with a room in which there may be any person suffering from an infectious or dangerous disease or which may have been used by any person suffering from any such disease and may not have been properly disinfected; or

(*d*) in any room or building or part of a building in which there is any untrapped inlet to any drain.

28. No cow-keeper or dairyman shall allow any milch cattle belonging to him or under his care or control to be milked for the purpose

of obtaining milk for sale unless at the time of milking—

(*a*) the udder and teats of such cow are thoroughly clean; and

(*b*) the hands of the person milking such animals also are thoroughly clean and free from all infection and contamination.

29. All dirt shall be removed from the flanks of the cattle before milking is begun, and every person engaged in milking shall keep his body and clothing clean.

30. The floor of every milk store or milk shop shall be rendered impervious and sloping to a channel, so constructed as to prevent any liquid matter from accumulating; and to lead it directly to a drain outside the building.

31. The owner of a milk store or shop shall cleanse as often as necessary all fittings, floors and furniture.

32. No dairyman or seller of milk shall sell infected or contaminated milk, or milk suspected to be infected or contaminated.

33. No cow-keeper or dairyman shall keep in the shed in which the cattle are milked any animal the milk from which there is reason to believe has conveyed or is likely to convey any infectious disease.

34. It shall be lawful for the Commissioners to close, for such period as they may think fit, a dairy from which infected or contaminated milk is supplied for sale.

35. *Penalty.*—The penalty for the breach of any of the by-laws 3 to 22 and 25 to 33 shall be a fine which may extend to fifty rupees and when the breach is a continuing one, with a further fine not exceeding five rupees for every day after the date of first conviction during which the offender persists in the offence.

24-Parganas.—No. 6354M.—17th August 1936.—The following draft of by-laws, which has been framed by the Commissioners of the Baranagar Municipality, in the district of the 24-Parganas, under section 375 (*a*) of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 2nd November 1936, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered :—

Draft by-laws.

I.—By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of conduct of business in places used for the purposes mentioned in clauses (i) (ii) and (v) of sub-section (1) of section 370.

1. The licensee shall connect all drains in the place licensed under section 370 intended for the discharge of foul water with a municipal sewer, and the licensee shall not allow any foul water or refuse matter from such place to be discharged into a river, or channel, or any other reservoir of water intended for bathing, drinking or any other domestic purpose.

2. Where there is no sewer, the licensee shall collect the waste water from a place licensed under section 370 in properly constructed cesspools. Such cesspools shall be periodically cleansed or treated by the licensee in such a way as to render them inoffensive by activated sludge process or the contents thereof shall be otherwise disposed of in such manner as may be required by the Sanitary Inspector, Health Officer, or Chairman.

3. The licensee shall arrange for sufficient supply of water for cleansing the place licensed under section 370.

4. The licensee shall not cause or suffer any skin or hide which by reason of decomposition has become useless for the purpose of leather dressing, to be kept for a longer time than may be necessary in any part of the place licensed under section 370.

5. The licensee shall, at the close of every working day, cause every floor or pavement in the place licensed under section 370 to be thoroughly swept and washed. He shall, at the same time, cause all filth or refuse deposited on the floor or pavement of such place to be collected in suitable vessels or receptacles furnished with closely fitting covers and to be forthwith removed therein from the place.

6. The licensee shall cause the supply of water in every tank or other receptacle used upon the place licensed under section 370 for the washing or soaking of any skin or hide and not being a liming pit to be renewed as often as may be necessary to prevent the emission of noxious or injurious effluvia from the contents of the tank or other receptacles.

He shall cause every such tank or other receptacle to be furnished with a suitable cover and to be kept covered unless it is required to be kept open.

He shall cause every part of the tank or other receptacle, when emptied, to be thoroughly cleansed and shall cause all filth which has been removed therefrom to be forthwith conveyed from the place licensed under section 370 in suitable vessels or receptacles furnished with closely fitting covers, for disposal in a manner approved by the Commissioners.

7. The licensee shall cause all waste lime which has been taken out of any pit upon the place licensed under section 370 to be forthwith deposited in suitable vessels or receptacles or in a properly constructed cart or carriage which, when filled or loaded, shall be covered in such a manner as to prevent the emission of noxious or injurious effluvia from the contents thereof, and shall with all reasonable despatch be removed from the said place for deposit in a place fixed by the Commissioners or disposal in a manner approved by the Commissioners.

8. The licensee shall cause every beam, table, bench, knife, hammer or other implement or apparatus used upon the place licensed under section 370 for the purpose of unhairing, fleshing, breaking, scrapping, rounding, scudding or stocking any hide, butt or pelt or in any other process of his trade, to be cleansed from time to time as often as may be necessary to prevent any accumulation of filth upon the beam, table, bench, knife, hammer, implement, or apparatus.

9. The licensee shall cause all filth which has been splashed upon any part of the internal surface of any wall of any building upon the place licensed under section 370 to be removed by scraping or by some other effectual means of cleansing at least twice in every year, that is to say, at least once during each of the periods between the first and twenty-first day of March and the first and twenty-first day of September. He shall at the same time cause every part of the internal surface above the floor or pavement of the building to be thoroughly washed with hot limewash :

Provided (*i*) that the foregoing requirements as to limewashing shall not apply to any part of the internal surface of any building which is painted or covered with impervious material and may be otherwise properly cleansed and (*ii*) that this by-law shall not apply to any part of any such building which is used only for the storage of dry leather.

10. The licensee shall cause any part of the internal surface of the walls of any building and every floor or pavement upon the place licensed under section 370 to be kept at all times in good order and repair so as to prevent the absorption therein of any liquid filth or refuse or any noxious or injurious matter which may be splashed or may fall or be deposited thereon.

11. The licensee shall cause every part of the interior and exterior of every tub or other vessel or receptacle used upon the place licensed under section 370 to hold a solution of the material known as "puer" to be thoroughly cleansed by scrubbing or by some other effectual means once at least in every week.

12. In a place licensed under section 370 in which the fleshing meat is dried for subsequent sale for the manufacture of such articles as glue or jujubes, the licensee shall cover the drying area by wire netting so as to prevent carrion birds from carrying away the material and dropping it in the vicinity of inhabited areas.

13. A breach of any of the provisions of by-laws 1 to 12 shall be punishable with fine which may extend to fifty rupees and when the breach is a continuing one, with a further fine which may extend to five rupees for every day after the date of first conviction during which the offender is proved to have persisted in the offence.

II.—By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of conduct of business in places used for the purposes mentioned in clauses (iii), (iv), (vi) and (vii) of sub-section (1) of section 370.

1. The licensee shall not use or allow to be used any portion of a place licensed under section 370, for residential or sleeping purposes, nor shall use or allow to be used any room within a building, in such place as a living or sleeping room, unless it is separated from the remaining portion of the said place by a substantial wall and contains a window opening directly to the sky and of dimensions not less than one-tenth of the superficial area of the room.

2. The licensee shall not employ any person suffering from any contagious or infectious disease at the place licensed under section 370.

3. The licensee shall store all materials which have been received on the place licensed under section 370 and which are not required for immediate use in the trade in such a manner and in such a condition as to prevent the emission of noxious or injurious effluvia therefrom.

4. The licensee shall thoroughly cleanse and wash at the close of every working day all floors or pavements in the place licensed under section 370 and shall collect all fragments of gut or other matter detached in the process of scraping and all garbage, filth or other offensive matter and place them in suitable vessels or receptacles to be forthwith removed with their covers affixed from the said place to a safe place of disposal appointed by the Commissioners or to be disposed of in a manner approved by the Commissioners. Each such vessel shall be constructed of galvanised iron or of some other non-absorbent material and furnish with a closely fitted cover and shall contain a sufficient quantity of a deodorant solution.

5. The licensee shall at the close of every working day thoroughly cleanse with water containing a deodorant every bench, table, tub, vessel, utensil or implement which has been in use during the day in the place licensed under section 370.

6. The licensee shall at the close of every working day remove by scraping or other effectual means all filth or refuse which has been splashed upon any inside portion of the place licensed under section 370.

7. The licensee shall keep every vessel or receptacle in a place licensed under section 370 thoroughly clean even when such vessel or receptacle is not in use.

8. The licensee shall adopt the best practicable means for rendering innocuous all gas or vapour emitted during any trade process either from the articles operated upon or from the contents of any cask, tank, vat, pan, trough or other receptacle upon the place licensed under section 370.

9. The licensee shall thoroughly wash within each first ten days of March, June, September and December of every year the interior of the place licensed under section 370 above the floor or pavement with hot limewash if such place has been in use since the last occasion on which it was so washed:

Provided that this by-law shall not apply to any part of such place as is covered with impervious material, in which case it shall be sufficient thoroughly to cleanse the same by washing with water.

10. The licensee shall not allow facility for the absorption of any liquid filth, refuse or other noxious or injurious matter in the interior of a place licensed under section 370 by reason of want of repair to the surface thereof.

11. The licensee shall adopt all appliances or means which the Commissioners may from time to time require for the purpose of preventing, abating, or minimising any nuisance or annoyance to the neighbourhood or to the public from the use to which a place licensed under section 370 is put and shall at all times maintain them in good and efficient order.

12. The licensee shall trap and connect the drains in a place licensed under section 370 with sewers with the consent of the Commissioners. Where there are no sewers or where permission to connect drains with the existing sewers has been refused by the Commissioners the licensee shall collect waste water from such place in properly constructed cesspools. These should be periodically cleansed and the contents thereof treated in a manner to render them inoffensive or in such other way as the Commissioners may require before disposal in the way recommended by them.

13. A breach of any of the provisions of by-laws 1 to 12 shall be punishable with fine which may extend to fifty rupees and when the breach is a continuing one, with a further fine which may extend to five rupees for every day after the date of the first conviction during which the offender is proved to have persisted in the offence.

III.—By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of conduct of business in places used for dyeing mentioned in clause (viii) of sub-section (1) of section 370.

1. The licensee shall not use any part of a place licensed under section 370 for residential or sleeping purposes, nor shall use any room within a building in such place as a living or sleeping room, unless it is separated from the remaining portion of such place by a substantial wall and contains a window opening directly to the sky and of dimensions not less than one-tenth of the superficial area of the room.

2. The licensee shall not employ any person suffering from any contagious or infectious disease on a place licensed under section 370.

3. The licensee shall store all materials which have been received on the place licensed under section 370 and which are not required for immediate use in the trade in such a manner and in such a condition as to prevent the emission of noxious or injurious effluvia therefrom.

4. The licensee shall thoroughly cleanse and wash at the close of every working day all floors or pavements in the place licensed under section 370 and shall collect all residual waste or other offensive matter and place them in suitable vessels or receptacles to be forthwith removed, with their covers affixed, from the said place to a place of disposal appointed by the Commissioners or to any safe place for deposit, wherefrom the same shall subsequently be removed by the Commissioners for disposal.

5. The licensee shall adopt the best practical means for rendering innocuous all vapour emitted during any trade process either from the articles operated upon or from the contents of any cask, tank, vat, pan or other receptacles upon the place licensed under section 370.

6. The licensee shall keep at all times all floors and pavements in a place licensed under section 370 in good order and repair so as to prevent the absorption of any liquid filth or refuse or any noxious or injurious matter which may fall or be deposited thereon.

7. The licensee shall keep the dyeing ground and all the ground surface of the place licensed under section 370 smooth and free from hollows or inequalities so as to prevent any accumulation thereon of any liquid filth or refuse.

8. The licensee shall maintain at all times every drain or means of drainage upon or in connection with the place licensed under section 370 in good order and efficient condition. The licensee shall trap and connect drains of dyeing houses in the said place with sewers with the consent of the Commissioners. Where there are no sewers or where the permission to connect drains with the existing sewers has been refused by the Commissioners, the licensee shall collect the waste water from such place in properly constructed cesspools. These should be periodically cleansed and the contents thereof treated in a manner to render them inoffensive or in such other way as the Commissioners may require before disposal in the way recommended by them.

9. The licensee shall provide air-tight lids or covers for every tank, cask or other receptacle, whether in daily use or not, kept for the purpose of dyeing in place licensed under section 370. All such receptacles should be covered with air-tight lids overnight so that mosquitoes may not have the chance of gaining entrance into the receptacles.

10. Whenever dyeing is temporarily suspended the licensee shall fill all unused pots in a place licensed under section 370 with sand and shall cover them with mull or gauze tied tightly round their necks to prevent mosquito breeding in them during the period of such suspension.

11. The licensee shall keep every vessel or receptacle in a place licensed under section 370 thoroughly clean even when such vessel or receptacle is not in use.

12. The licensee shall thoroughly wash within each first ten days of March, June, September and December of every year the interior of the place licensed under section 370 above the floor or pavement with hot limewash if such place has been in use since the last occasion on which it was so washed:

Provided that this by-law shall not apply to any part of such place as is covered with impervious material, in which case it shall be sufficient thoroughly to cleanse the same by washing with water.

13. The licensee shall adopt all appliances or means which the Commissioners may from time to time require for the purpose of preventing, abating, or minimising any nuisance or annoyance to the neighbourhood or to the public from the use to which a place licensed under section 370 is put, and shall at all times maintain them in good and efficient order.

14. A breach of any of the provisions of by-laws 1 to 13 shall be punishable with fine which may extend to fifty rupees and, when the breach is a continuing one, with a further fine which may extend to five rupees, for every day after the date of the first conviction, during which the offender is proved to have persisted in the offence.

IV.—By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of conduct of business in places used for the purposes mentioned in clause (IX) of sub-section (1) of section 370.

1. The licensee shall see that a place licensed under clause (*ix*) of sub-section (*1*) of section 370 has sufficient room therein for the loading or unloading of materials.

2. A breach of any of the provisions of the by-law shall be punishable with a fine which may extend to fifty rupees, and when the breach is a continuing one, with a further fine which may extend to five rupees for every day after the date of the first conviction during which the offender is proved to have persisted in the offence.

Executive Instructions.

1. Any license granted under clause (*ix*) of section 370(1) may impose such conditions as in the opinion of the Commissioners appear necessary for the safety or convenience of the public or any portion of the public.

2. Every application for the grant of a license under these by-laws shall contain full particulars of the situation and boundary of the place for which the license is required and of the materials for which the license is required. An application for renewal shall be accompanied by the license to be renewed.

V.—By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of conduct of business in places used for the purposes mentioned in clause (XI) of sub-section (1) of section 370.

1. The licensee shall not store in any place licensed under clause (*ix*) of sub-section (1) of section 370 kerosine, petroleum, naphtha, or any inflammable oil or spirit in excess of the following quantities, namely:—

Petroleum.—Maximum quantity 12 gallons; provided that petroleum is contained in closed tins, drums or bottles.

Naphtha.—Maximum quantity 1 quart.

Spirit.—Maximum quantity 2 gallons.

Other inflammable oil.—Such quantities as the Commissioners may from time to time prescribe; provided that such quantity shall not be in excess of the quantity prescribed under the Indian Petroleum Act, 1899.

2. The licensee shall not store other goods of a combustible nature in a place licensed under clause (*xi*) of sub-section (1) of section 370 for the storage of petroleum.

3. The licensee shall not open a cask or other receptacle containing petroleum nor shall draw off the oil inside the place in which petroleum is stored.

4. The licensee shall not permit smoking nor introduce any artificial light or fire, in any form, within the place licensed under clause (*xi*) of sub-section (1) of section 370.

5. The licensee shall keep all petroleum stored in a place licensed under clause (*xi*) of sub-section (1) of section 370 in properly sealed tins, drums or casks and if any tin, drum or cask be opened, shall close it securely again in such a manner that no vapour may be given off.

6. The licensee shall see that the place used for the storage of petroleum is properly ventilated.

7. The licensee shall keep in stock ready for use sufficient number of fire extinguishers and also dry sand in such quantity proportionate to that of the inflammable articles stored as the Commissioners may direct, ready for use in case of any accidential outbreak of fire.

8. A breach of any of the provisions of the by-laws 1 to 7 shall be punishable with a fine which may extend to fifty rupees, and when the breach is a continuing one, with a further fine which may extend to five rupees for every day after the date of the first conviction during which the offender is proved to have persisted in the offence.

VI.—By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of the conduct of business in places used for the purposes mentioned in clause (XII) of sub-section (1) section 370.

1. The licensee shall not store more than 1,000 maunds of hay, straw, wood, thatching grass, jute or other dangerously inflammable material in one place under a license issued under clause (*xii*) of sub-section (1) of section 370.

2. The licensee shall see that the area of the place to be used for storing hay, straw, wood, thatching grass, jute or other dangerously inflammable material is as follows:—

Minimum area.		Maximum quantity of hay, etc., to be stored. Mds.
100 square yards	...	50
150 square yards	...	100
200 square yards	...	400
500 square yards	...	1,000

3. The licensee shall provide a source of water close by if within 500 feet of any place used for storing hay, straw, wood, thatching grass, jute or other dangerously inflammable materials, there is a place for the storage of petroleum or cloth or articles made of jute or cotton.

4. The licensee shall provide sufficient room in a place licensed under clause (*xiii*) of sub-section (1) of section 370 for the loading and unloading of materials.

5. The licensee shall leave a clear space of at least five feet between the inflammable material and the nearest walls of any building.

6. The licensee shall enclose by a fence or wall the space occupied by inflammable materials and he shall not permit any person to reside within 10 feet of any stack.

7. The licensee shall not permit any person to smoke, introduce any light into or ignite any substance in any place licensed under clause (*xii*) of sub-section (1) of section 370.

8. The licensee shall keep one *ghara* or *balti* filled with water for every five maunds of inflammable materials which he is permitted to store:

Provided that no such licensee shall be required to keep more than 50 *gharas* or *baltis* under this by-law.

9. No licensee shall stack any inflammable material to a height exceeding 15 feet.

10. A breach of any of the provisions of by-laws 1 to 9 shall be punishable with a fine which may extend to firty rupees and when the breach is a continuing one with a further fine which may extend to five rupees for every day after the date of first conviction during which the offender is proved to have persisted in the offence.

No. 6337L.S.-G.—17th August 1936.—The following draft of an amendment which, in exercise of the power conferred by clause (*a*) of section 138 of the Bengal Local Self-Government Act of 1885 (Bengal Act III of 1885), the Government of Bengal (Ministry of Local Self-Government) propose to make in the rules published with notification, dated the 15th December 1885, as subsequently amended, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 12th October 1936, and any objection or suggestion which may be received by the undersigned before that date through the District Magistrates will be duly considered:—

Draft amendment.

For rule 48, *substitute* the following:—

"48. The names of the elected numbers of the local board shall be forwarded to the local Government for publication in the *Calcutta Gazette* together with the names or official designation, if any, of the appointed members."

MARINE DEPARTMENT.

NOTIFICATIONS.

No. 24Mne. — 12th August 1936. — The following draft of a rule, which in exercise of the power conferred by clause (*j*) of sub-section (*2*) of section 52 of the Inland Steam Vessels Act, 1917 (I of 1917), the Governor in Council proposes to make to regulate the navigation of inland steam and motor vessels, is published, as required by section 74 of the Act, for the information of persons likely to be affected thereby.

The draft amendment will be taken into consideration on or after the 20th September 1936, and any objection or suggestion with regard thereto received by the undersigned before that date will be considered:—

Draft rule.

No inland steam or motor vessel shall anchor or dredge anchor within 50 yards on either side of the submarine electric cable laid across the river Dakatia (Chandpur Nala) in the district of Tippera between a point on the northern bank immediately west of the municipal waterworks jetty and a point on the southern bank alongside Messrs. R. Sim and Company's "B" premises the location of which is marked by a notice board on either bank.

No. 25Mne.—15th August 1936.—In exercise of the powers conferred by clause (*j*) of sub-section (2) of section 52 of the Inland Steam-Vessels Act, 1917 (I of 1917), the Governor in Council is pleased to make the following rules for regulating the navigation of inland steam-vessels in certain portions of the river Hooghly, in supersession of the rules published under this department notification No. 105Mne., dated the 4th August 1914:—

Rules.

1. Inland steam-vessels navigating the Hooghly between the Lower College Sand Buoy and Hospital Point shall be navigated on the shallow side of the channel when meeting ocean going vessels.

2. No inland steam-vessel other than a stern-wheeler, launch, tug or ferry steamer which has no other craft in tow, shall navigate the channel between the Lower College Sand Buoy and the Panchpara Crossing when ocean going vessels are under weigh and about to turn, either on the flood or ebb tide. Inland steam-vessels shall heave to on the College Sand, if they are above the ocean going steamers, and off the Lower Hughli Jute Mill, if they are below them, until such time as the ocean going steamers have completed the manoeuvre of turning round.

3. On Panchpara Crossing and in Sankral Reach, inland steam-vessels shall navigate on the edge of Sankral Sand.

4. In Jarmakers Reach, inland steam-vessels shall navigate on the edge of Munnikhali Sand.

5. In Kofree Reach, inland steam-vessels shall navigate on the edge of Kofree Sand.

6. In the upper part of Buj Buj Reach, inland steam-vessels shall navigate on the right bank of the river; in the lower part of Buj Buj Reach, they shall navigate on the edge of Buj Buj Sand.

7. In Buj Buj anchorage no inland steam-vessel other than a stern-wheeler, launch, tug or ferry steamer which has no other craft in tow, shall navigate the channel between the Fort Gloster Flat Buoy, and the Irrigation canal on the left bank of the river, when ocean going steamers are under weigh and about to turn, on either the flood or ebb tide.

8. At Poojali, Ulubaria or Achipur Reaches, inland steam-vessels shall navigate on the edge of the sand on the left bank of the river.

9. On Moyapore Bar, inland steam-vessels shall navigate the shallow tracks.

10. In Royapore Reach, inland steam-vessels shall navigate on the edge of Royapore Sand.

11. On Royapore Bar, inland steam-vessels shall navigate the shallow tracks.

12. In Brul Reach, inland steam-vessels shall navigate on the edge of Brul Sand.

13. In Fisherman's and Fulta Reaches, inland steam-vessels shall navigate on the edge of Fulta Sand.

14. In Nynan Reach, inland steam-vessels shall navigate on the edge of Shipgunge Sand.

15. In Nurpur Reach and in the vicinity of the James and Mary, inland steam-vessels shall navigate the Western Gut, and when obliged to use the Eastern Gut through insufficiency of water on the Western Gut, they shall navigate on the edge of Nurpur Sand and the Muckraputty Lumps.

16. From Hughli Point to Hospital Point, inland steam-vessels shall navigate the left bank of the river, and over the Hughli Sand.

17. From Hospital Point to the Northern entrance of the Rangafala Channel, inland steam-vessels shall navigate the left bank of the river.

18. When crossing from one Reach to another, inland steam-vessels shall not obstruct the passage of, or cause risk of collision with, any ocean going vessel which is using the crossing at the time, but shall slacken speed, stop or reverse, and if necessary, when going with the tide, turn head to tide until such time as the ocean going vessel has passed.

19. No inland vessel or flat shall anchor in any channel used by ocean going vessels, except in such a position as to offer no obstruction to such vessels.

20. When navigating the lighted channel between Garden Reach and Ulubaria at night, inland steam-vessels shall, when meeting or being over taken by ocean going vessels, conform to the same rules as those laid down for observance during the hours of day light; they shall offer no obstruction to the free passage of those vessels by crossing the channel, and shall, if necessary, ease, or stop.

21. When navigating the lighted channel between Garden Reach and Ulubaria at night, inland steam-vessels shall, on meeting or being overtaken by ocean going vessels, refrain from using their search-lights in such a manner as will interfere with the vision of those in charge of the navigation of such vessels.

22. Any person navigating or in charge of any inland steam-vessel in respect of which he commits a breach of any of these rules, shall be punishable with imprisonment for a term which may extend to six months, or with fine which may extend to five hundred rupees, or with both.

4. In sub-rule (1) of rule 40 of the said Rules, for clauses (*c*), (*d*) and (*e*), the following clauses shall be substituted, namely:—

"(*c*) An Approved Accountant in practice without any partner may, in addition to the articled clerks and apprentices hereinbefore allowed to be employed, employ one articled clerk for every paid assistant in his service in India and enrolled on the Register.

(*d*) An Approved Accountant in practice with one or more partners who are Registered Accountants but who are not Approved Accountants, may, in addition to the articled clerks and apprentices hereinbefore allowed to be employed, employ one articled clerk for each of such partners in India and one articled clerk for each paid assistant in the service of the firm in India and enrolled on the Register.

(*e*) Where two or more Approved Accountants are in practice as partners with or without additional partners who are Registered Accountants but not Approved Accountants, one or other of the partners who are Approved Accountants, may, in addition to the articled clerks and apprentices hereinbefore allowed to be employed, employ one articled clerk only for each such additional partner in India and one for each paid assistant in the service of the firm in India and enrolled on the Register.".

5. For rule 47 of the said Rules, the following rule shall be substituted, namely:—

"47. Articles may by agreement between the articled clerk and his employer be assigned to another employer. Such an assignment shall be in Form G (Appendix 2) and shall be subject to the provisions of rule 42 regarding registration and the payment of a fee."

6. After rule 47 of the said Rules, the following rule shall be inserted, namely:—

"47-A. An Approved Accountant shall, on completion, discontinuance or termination otherwise of the service of an articled clerk in his employment, send a report to that effect to the Secretary to the Government of India in the Department of Commerce. Such a report shall have been signed by both the employer and the articled clerk."

7. In Appendix 2 to the said Rules:—

(1) In Forms D and E—

(*i*) in clause 1, for the words "from the date of this deed" the words "from the .....day of ....." shall be substituted;

(*ii*) in clause 2, the words "from the day of the date hereof" shall be omitted.

(2) To sub-clause (*d*) of clause 4 in Form D, and to sub-clause (*d*) of clause 5 in Form E, the following proviso shall be added, namely:—

"Provided that in case of illness he will allow the articled clerk, on production of a certificate from a registered medical practitioner, leave of absence for an additional period of 30 days for each year of completed service."

(3) After Form F, the following Form shall be inserted namely:—

FORM G.

Educational Notices.

Chittagong Division.

Chittagong, the 23rd July 1936.

Rules for the admission of private candidates to the Calcutta University Intermediate and B.A. Examinations.

1. Subdivisional Inspectors of Schools, Sub-Inspectors of Schools and *bona fide* teachers of English schools, who have served as such for the full period of three academical years preceding the examinations, will be admitted to the abovementioned examinations.

2. Candidates for the Intermediate and B.A. Examinations must produce certificates of character and length of service from the Secretaries of their respective schools. Candidates for the B.A. Examination must forward with their application their F.A. or I.A. certificates and those for the Intermediate Examination their Entrance or Matriculation certificates. Candidates admitted to a former examination must produce the Registrar's receipt in addition.

3. Under section 19 of the Indian Universities Act, candidates for the Intermediate and B.A. Examinations are informed that their applications for admission to these examinations will not be considered unless they enclose with their applications to this office the sanction of the Senate to appear at the said examinations. Candidates, who have applied for or have obtained the special permission of the Senate for the purpose, are required under section 9, Chapter XV of the Revised Regulations dealing with the registration of University students, to apply at once, to the Registrar for the registration of their names as University students. No person will be deemed a "University student" unless and until his name has been duly registered, and none but "University students" will be eligible for admission to any University Examination other than the Matriculation.

4. The printed form of application should be carefully and correctly filled in and submitted to this office on or before the 18th December 1936 at the latest, together with other papers as mentioned in rules 2 and 3, after which no application will be received.

5. The dates of Intermediate and B.A. Examinations of 1937 may be obtained from the Controller of Examinations, Calcutta University.

B. Rahman,
Inspector of Schools,
Chittagong Division (offg.).

Rajshahi Division.

NOTIFICATION.

Jalpaiguri, the 1st August 1936.

Rules for Examination in the Art and Practice of Teaching.

An examination in the Art and Practice of Teaching for the teachers of subjects taught through the medium of English employed in aided and unaided schools in the Rajshahi Division will be held on the 15th September 1936 and the day following, if required, at the Jalpaiguri Zilla School.

The examination for teachers of all subjects taught through the medium of vernacular and oriental classical languages of secondary schools will also be held at the centre on the dates mentioned above.

2. The following teachers are eligible for examination:—

(*a*) Teachers who have passed the Entrance or the Matriculation Examination or some higher examination of a recognised University. The examination of these teachers will be conducted through the medium of English or vernacular according to their option.

(*b*) Teachers of vernacular subjects who have passed the Middle Scholarship Examination or the terminal examination at the end of the middle stage of instruction or the Junior Madrasah Examination. The examination of these teachers will be conducted only in the vernacular.

(*c*) Pandits and Maulvis employed in teaching oriental classical languages other than Pandits in Sanskrit Tols and Maulvis in Madrasahs. They may be permitted to appear at the examination and at their option may be examined either in English or in vernacular.

3. The examination will consist of—

(*a*) A practical test in class control, the candidate being required to keep a class of at least a dozen boys attentive and fully occupied throughout a lesson.

(*b*) A practical test in teaching ability, the candidate being required to give two lessons on any two of the following subjects:—

(*i*) Science, Nature Study, Hygiene, English, Bengali, History, Geography, Arithmetic, Algebra or Geometry.

(*ii*) A written test for one and a half hours in which the Inspector of Schools or other examiners will set questions an the art of teaching, object lesson, class management, organisation and discipline.

4. The following books are recommended:—

(*a*) *For teachers teaching through the medium of vernacular—*

(1) Teachers' Manual by Khan Bahadur Ahsanullah.
(2) Bidyalaya Bisayak Bibidha Bidhan by A. N. Adhikari.
(3) Sikha Bijnan by Khan Bahadur Abdur Rahman Khan.
(4) Byabaharik Manobijnan by S. C. Brahmachari.
(5) Padtika Likhibar Paddhati by Jagannath Dey.

(*b*) *For Matriculate and I.A. passed teachers teaching through the medium of English—*

(1) Talks to Teachers (James).
(2) Mental and Physical Life of School Children by Sandiford.
(3) The Play Way by Cook.
(4) Indian School Organisation by P. Wren.
(5) Indian Teachers' Guide by P. Wren.
(6) Suggestions for the consideration of Teachers—Board of Education, London.
(7) Art of Teaching by Salmon.

(*c*) *For graduate teachers teaching through the medium of English—*

Nos. (1), (2), (4), (5) and (6) under Group (*b*), and the following books:—

(1) Education on Dalton Plan by Parkhurst.
(2) Principles of Education by Ruediger —George G. Harrap & Co., London.
(3) General Methods of Teaching —By Parker-Ginn & Co.

5. Intending candidates from High Schools, Government, aided and unaided, should send in their applications to this office through the Head Masters of the respective schools in which they are employed at least one month before the date of examination and teachers of Middle Schools and Junior Madrasahs through the District Inspector of Schools at least four weeks before the date. Every candidate will be required to produce his University or other certificates at the time of examination. A statement containing information on the following points should accompany the application:—

(1) Name in full.
(2) Father's name in full.
(3) Age on the 1st September 1936.
(4) Native district, subdivision, village, post office.
(5) The last examination which the candidate passed and the year of passing.
(6) Period of service as a teacher.
(7) Present appointment with date (mention whether he is a teacher of English subjects or vernacular subjects or of oriental languages). Mention also the language through the medium of which the candidate wants to be examined.
(8) Two class subjects which the candidate wishes to offer for practical test in teaching.
(9) Signature of the candidate.

6. Every candidate must bring with him at the time of examination two lesson notes on the subjects in which he wishes to give lessons. These notes should be made over to the examiner at the time of the practical examination.

Candidates should state whether they sat for the examination previously, if so, how often, giving dates.

Session 1936-37.

The following syllabus for the Joint B.Sc. Honours Course in Mathematics and Physics for the session 1936-37 is published for general information.

Fourteen theoretical papers, a practical examination (including a *Viva Voce* Examination) in Physics and a *Viva Voce* Examination on the theoretical papers.

PART I.

(Examination to be held in 1938.)

I. Algebra (including Theory of Equations) and Trigonometry.
II. Analytical Goemetry of Conics and Solid Geometry.
III. Differential and Integral Calculus (including applications to the Geometry of curves).
IV. Elementary Theory of Functions of a Real Variable.
V. Statics and Vectors.
VI. Heat and Thermodynamics.
VII. Practical Examination (including a *Viva Voce* Examination).

PART II.

(Examination to be held in 1939.)

VIII. Elementary Theory of Functions of a Complex Variable.
IX. Differential Equations.
X. Hydrostatics and Astronomy.
XI. Dynamics (including both Particle and Rigid Dynamics).
XII. Theory of Vibrations.
XIII. Electricity and Magnetism.
XIV. Modern Physics.
XV. General Physics.

The *Viva Voce* Examination on the theoretical papers will be held along with the examination in Part II.

Detailed Syllabuses.

Mathematics.

(The syllabus for Astronomy is the same as for the Ordinary B.Sc. degree.)

As regards the remaining subjects, in addition to the syllabuses laid down for the corresponding subjects in the Honours School of Mathematics, the following are prescribed:—

Hydrostatics—Tension of flexible surfaces.
Functions of a Real Variable—Fourier's Series.
Differential Equations—Selected topics from Partial differential equations of Mathematical Physics.
Solid Geometry—The elementary properties of twisted curves.
In the syllabus for Differential Calculus the following are to be omitted:—

Simple singularities, tracing of simple curves.

Paper VI.—Heat and Thermodynamics.

Measurement of temperature and expansions, calorimetry, changes of states, properties of gases and vapours, hygrometry, laws of heat conduction, continuity of states. Steam engine. The Laws of Thermodynamics and their applications. Equilibrium of systems, Phase rule, the Nernst heat theorem.

Theory of Radiation: Law of Exchange, Laws of Kirkchhoff, Stefan, Wien and Planck.

Paper XII.—Theory of Vibrations.

Small oscillations. Elastic deformations, Stress and Strain, Energy of deformation, forced and free Vibrations, Resonance, Vibrations of strings and membranes. Harmonic analysis. Wave motion in air and elastic media. Huyghen's Principle. Wave theory of Light. Wave Surface in isotropic and crystalline media; diffraction and interference of waves.

Paper XIII.—Electricity and Magnetism.

Statical Electricity. Potential and energy of electrical systems. Capacity, the dielectric, Polarisation, Magnetic fields, induced Magnetisation. Magnetic properties of materials, susceptibility and permeability; para—, ferro—, and diamagnetism. The electric current, Ohm's Law. Heating and magnetic effects of currents. Electrolysis. Thermo-electricity. Electro-magnetic induction. Growth and decay of currents. Alternating currents. Units and dimensions of electromagnetic quantities. Electromagnetic radiations, Maxwell's displacement theory. Fundamental Equations of Electromagnetism; early experimental verifications. Simple theory of electromagnetic waves, their reflection and refraction.

Paper XIV.—Modern Physics.

Gaseous conduction, atomic nature of Electricity, electrons, determination of charge and mass; X-rays, methods of production; flourescent and continuous radiations. Work of Barkla, Mosely and Bragg, determination of wave-length, Radio-activity. Properties of Radium and its rays. Elementary ideas of Quantum theory. Photoelectric emission; measurement of h.

Paper XV.—General Physics.

Units and dimensions of Physical quantities. Measurement of length, mass and time. Laws of motion: Gravitation; earth's Gravitational field. Gravitational potential. Potential of Simple bodies, spheres and spheroids. Equipotentials and lines of force. Gauss' theorem. Laplace's and Poisson's Equations. Simple types of solution. Transmission of pressure in liquids. Equilibrium of floating bodies. Liquids in motion. Simple irrotational motion. Bernoulli's theorem. Turbines and pumps. Viscosity. Viscous friction; flow through pipes; surface-tensions and capillarity.

Elementary Kinetic theory of gases and fluids.

Practical Physics.

First Year Honours.

General Properties.

1. Use of Slide Rules.
2. Determination of densities and dimensions using verniers, calipers, screw gauge, etc.
3. Spherometer—

(*a*) Determination of the thickness of a plate,

(*b*) Determination of the radius of curvature of a spherical surface.

4. The balance; accurate weighing, etc.
5. Specific gravity by the specific gravity bottle.
6. Young's modulus by stretching (Searle's method).
7. Borda's pendulum.
8. Kater's pendulum.
9. Surface tension by capillary tube.

Sound.

1. Resonance tube. Velocity of sound and end correction.
2. Sonometer. Verifications of the laws of length and tension.
3. Kundt's tube (brass, air and carbon dioxide).

Light.

1. f. of a concave mirror.
2. f. of a convex mirror.
3. f. of a concave lens.
4. f. of a convex lens.
5. μ. by a microscope.
6. Angular magnification of telescope (measurement of linear magnification at a large distance).

Heat.

1. Expansion of a solid.
2. Constant volume air-thermometer.
3. Variation of density of water (Mathiessen's method).
4. Specific heat of a solid or a liquid (method of mixture) with radiation correction
5. Latent heat of steam.
6. Verification of Newton's law of cooling and specific heat of a liquid by cooling.

Magnetism.

1. M/H by mirror magnetometer.
2. M and H.
3. The Dip circle.

Second Year Honours.

1. Moment of inertia of a fly wheel.
2. Rigidity by method of oscillation (dynamic method)
3. Rigidity by twisting (Static method).
4. Young's modulus by flexure
5. Surface tension of mercury
6. Viscosity of a liquid by capillary flow method

Heat.

1. Determination of J: (Calendar's apparatus).
2. Conductivity of copper.
3. Ratio of specific heats of air.

Electricity.

1. Wheatstone's Bridge, end corrections and resistivity of wires
2. P O Box: law of resistance.
3. Comparison of two nearly equal resistances.
4. Galvanometer resistance.
5. Potentiometer Comparison of E.M.F.
6. Calibration of a bridge-wire.
7. Measurement of low resistance—Fall of potential method
8. Thermocouple
9. Platinum Resistance.
10. Silver Voltameter.

Light.

1. Newton's rings.
2. Spectrometer—
   (*a*) μ. of prism by minimum deviation and
   (*b*) diffraction-grating.
3. Polarimeter.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Account-ant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

Calcutta, the 17th August 1936 (1726—1)

FOREST DEPARTMENT, BENGAL.

Stipendiary Studentship for the Ranger Class at Dehra Dun, 1937-39.

1. THE Government of Bengal intend to select one Muhammadan candidate for deputation to the Rangers' Service Course at the Forest College, Dehra Dun, in April 1937.

2. The candidate must be not less than 18 and not more than 25 years of age on the 1st November 1937, and must have passed the B.A., B.Sc., I.A. or I.Sc. Examination of one of the Indian Universities.

3. Applications should be submitted to the Conservator of Forests, Bengal, 35, Gopalnagore Road, Alipore, by the 15th September 1936.

They should be made in the applicant's own handwriting and sent to the Conservator through the Collector of the district in which the candidate resides or, if he resides in a Forest Division, through the Divisional Forest Officer. They must be accompanied by the following certificates (in original):—

(*a*) A certificate that the candidate is a native of India within the meaning assigned to those words by section 6 of 33 Vict., Chapter 3.

(*b*) A certificate of age.

(*c*) A health certificate in the form prescribed by Article 49 of the Civil Service Regulations, Fifth Edition, signed by the Civil Surgeon of the district and testifying to the candidate's sound constitution, good vision and hearing, and general physical fitness for a rough out-door life in the Forest Department and to the fact that he bears on his body marks of successful vaccination or of small-pox.

(*d*) A certificate of respectability and good moral character from two or more persons whose social or official position can be accepted as a guarantee of reliability.

(The certificates (*c*) and (*d*) must bear date not earlier than the 1st July 1936.)

(If any person giving certificates as above under (*c*) and (*d*) is in a position to mention anything more to the credit of the candidate than the certificates actually called for, he may do so.)

(*e*) A certificate of having passed the B.A., B.Sc., I.A. or I.Sc. Examination of any of the Indian Universities.

(*f*) A certificate that the candidate has a sufficient knowledge of colloquial English to assimilate lectures delivered in that language without the aid of dictation.

4. From the applications received and in respect to which the preceding conditions shall have been tul filled, the Conservator will make a preliminary selection. Every candidate so selected will be required to pass a qualifying examination in the following subjects :—

(1) Dictation of a page of English prose.
(2) An essay to be written on one of several simple subjects.
(3) Mathematics (Arithmetic, Geometry and Algebra). The standard of this paper will be that of Matriculation.

Twenty per cent. of the marks allotted for subjects (1) and (2) will be given for handwriting. Candidates will be required to defray their travelling expenses in connection with this examination which will be held on the 5th and 6th October 1936.

Two candidates will then be selected and will be required to undergo a course of practical training in the forests of North Bengal for a period of 4 months.

5. The Conservator will dispense with the services of any candidate whose work or conduct at any time during his training is unsatisfactory.

6. While undergoing the preliminary training the selected candidates will be granted monthly allowance of Rs. 25.

7. Final selection of a candidate for deputation to the Forest College will be made by the Conservator in accordance with the results of the preliminary training, preference being given to the man who is considered likely to make the best Forest Officer.

8. While at the Forest College the selected candidate will be granted a monthly stipend of Rs. 50. The selected candidate will be obliged to execute the agreement and security bond prescribed by Government.

Rampur Boalia, the 8th August 1936.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 5th August 1936.

First Forecast of the Cotton Crops of Bengal, 1936-37.

(*Note.*—On an average of the five years ending 1934-35, the area under the cotton crops in Bengal has represented some 0·2 per cent. of the total area under cotton in India.)

There are two crops, early and late. The "early" crop is chiefly grown in the Chittagong Hill Tracts and in the Tripura State and to a small extent in other districts. The "late" crop is grown in Bankura and Midnapore. As the late crop has not yet been sown, this forecast deals only with the early crop.

Character of the season.—The weather was generally fair for sowing and for the initial stages of growth. The present outlook is reported to be favourable on the whole.

Area sown.—The area sown is reported to be 74,222 acres this year as against 72,785 acres in the corresponding forecast of last year.

K. McLEAN,

Director of Agriculture, Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 11th August 1936.

Monthly Weather and Crop Report of Bengal for July 1936.

I. *Character of the season.*—During the month under review, the rainfall was in excess of the normal throughout the Presidency, except only in 24-Parganas, Khulna, Midnapore, Jalpaiguri, Faridpur and the Chittagong Hill Tracts, where the fall was below the average. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—Transplantation of winter paddy seedlings commenced but more rain was needed to facilitate the operation especially in the high land tracts. Harvesting of autumn rice and jute was progressing in North and East Bengal.

III. *State of standing crops.*—The condition of standing crops was reported to be generally fair.

IV. *Prospects and probable outturn.*—The outturn of summer til was estimated at 81 per cent. of the normal. Prospects of autumn rice are generally reported to be fair.

V. *Damage to standing crops.*—No damage to standing crops was reported from any part of the province.

VI. *Condition of agricultural stock.*—The condition of live-stock was, on the whole, fair. Sporadic cases of cattle disease were, however, reported from seventeen districts of the Presidency and from the States of Cooch Behar and Tripura.

VII. *Failure of pasturage and fodder.*—Insufficiency of fodder was reported from parts of Birbhum.

VIII. *Prices of food grains.*—During the second fortnight of the month the retail prices of common rice of the cheapest quality rose in six districts, fell in four and remained stationary in the rest of the Presidency. The prices ranged from 9½ seers per rupee in Burdwan to 13½ seers per rupee in Khulna.

IX. *Condition of agricultural population.*—The condition of agricultural population was, on the whole, fair, except in parts of 24-Parganas, Nadia, Murshidabad, Khulna, Burdwan, Birbhum, Bankura and Hooghly, where distress continues.

Chief Secy. to the Govt. of Bengal.

NOTIFICATION.

No. 9474A. –21st August 1936. In pursuance of Rule IX of the Bengal Provincial Services Recruitment Rules* published in notification No. 7183A., dated the 22nd May 1930, the Government of Bengal are pleased to notify the following particulars and instructions regarding the direct appointments to be made in 1937 to the Bengal Civil Service (Executive) and the Bengal Junior Civil Service :—

1. **Vacancies.** –The following vacancies will be filled by direct appointments :

Bengal Civil Service (Executive)	..	.. 7
Bengal Junior Civil Service	..	.. 19

In addition to these appointments 2 appointments in the Upper Division of the Bengal Secretariat clerical service will be available to candidates who qualify for appointment to the abovenamed service but whose places in the list are not sufficiently high to enable them to secure appointments to the Bengal Civil Service (Executive) and the Bengal Junior Civil Service.

Government reserve the right to fill up from this examination any additional vacancies which occur up to the date of the examination or within such period thereafter as Government may think fit to prescribe.

Each candidate will be required to specify in his application the service or services for which he desires to compete, placing them in the order of his preference, and *the choice thus indicated will be final.* Appointments will be assigned to successful competitors with due consideration of their choice and the number of vacancies in the services.

2. **Method of recruitment.** The appointments will be made by competitive examination in the manner prescribed in Part B of Schedule II of the Bengal Provincial Services Recruitment Rules.

3. **Qualifications.** The indispensable qualifications of a candidate are–

(*i*) that he is a native of Bengal or has a permanent domicile within the Presidency of Bengal ;

(*ii*) that he is a natural born subject of His Majesty, or of an Indian State in respect of whom the Governor-General in Council has made a declaration under section 96A of the Government of India Act ;

(*iii*) that he shall have attained the age of 22 and shall not have attained the age of 25 on the 1st October 1936 ;

(*iv*) that he is a graduate of a recognised University ;

(*v*) that he is of good character ; and

(*vi*) that he is of sound health, good physique, active habits and free from organic defect or bodily infirmity.

Along with his application every candidate shall submit proof of his age as explained in the form of application and certificates, written not more than one year prior to the date of his application, from two responsible persons unconnected with his College or University, and not related to him, testifying to his private character and stating that he is a native of or has a permanent domicile within the Province of Bengal.

Copies attested by the nominating authorities or by responsible persons of the certificates may be submitted.

4. **Applications –Method of submission of fee, etc.** – (*i*) A person desiring to be admitted to the examination shall apply before the 30th November 1936 to the head of the college from which he passed his examination for the degree of Bachelor of Arts, Science, Commerce, etc. A candidate who passed the examination as a non collegiate student shall send in his application to the Registrar, Calcutta University, together with a certificate of character signed by the Principal of his college if he was connected with one, and by the Magistrate of the district in which he is resident in other cases : candidates from the Dacca University shall apply to the Registrar, Dacca University. All other candidates (not included in the previously mentioned categories) shall apply to the Director of Public Instruction, Bengal :

Provided that in no case shall a candidate apply to more than one of these authorities, and that such application shall always be made through their Durbars by persons resident in a State in India.

(*ii*) Applications shall be made, in the form shown in Schedule I, copies of which may be obtained from the heads of colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction.

(*iii*) No application will be taken into consideration by the receiving authority unless it is accompanied by non-judicial stamps of the value of Rs. 5 or a chalan showing payment into a Government treasury in Bengal of the sum of Rs. 5. This payment is obligatory whether such application is subsequently rejected or not. Applications stamped with postage stamps will not be accepted

5. **Selection Committee.** The Government of Bengal will appoint a Selection Committee to examine the applications of nominated candidates and their eligibility for admission to the examinations. This Committee will be composed of officials and non-officials in equal numbers and will be presided over by a high officer of Government.

6. **Nomination.** – The heads of colleges, the Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction, Bengal, shall forward to the Selection Committee before the 14th December

*Copies of these Rules (price annas six) are obtainable from the Officer in charge, Book Depôt, Bengal Secretariat, Calcutta.

1936, the applications of candidates nominated in accordance with the allotment of nominations shown in Schedule II and shall certify the moral character of each candidate so nominated. The application of non-collegiate students nominated by the Registrar of the Calcutta University should be supported by the character certificates mentioned in paragraph 3 above. In making these nominations, due regard should be paid to the desirability of different classes and communities being represented in the public service. Care should be taken to nominate only such candidates as are likely to pass the medical examination since experience shows that a considerable number of candidates successful in the literary examination fail to pass the medical test.

7. **Selection certificates.**—In order to make the appraisement of individual merits of candidates possible, the Selection Committee shall issue certificates of selection to such of the nominated candidates, not exceeding 200 in all, as it considers, qualified to appear at the examination. The selection or rejection of a candidate by the Selection Committee shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate :

Provided that in making their choice the Selection Committee shall give all possible consideration to the cases of candidates of the minority communities and the backward classes and shall call for further nominations from the heads of colleges or Commissioners of Divisions if the number of selected Muhammadan candidates does not reach 45 per cent. of the total number selected. The additional nominations received from the nominating authorities in respect of Muhammadan candidates are not considered if the regular nominations reach the prescribed quota.

8. **Particulars of candidates.**—The Selection Committee may require such further proof or particulars from the candidates as it may consider necessary, and may make enquiries regarding their character and domicile.

9. **Examination fee and time-table.**—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit in the nearest treasury in Bengal a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary to the Selection Committee. No part of the fee will be returnable to a candidate. Delay in this respect may render a candidate's name liable to removal from the list of examinees. On complying with this requirement, the candidates will receive from the Secretary a time-table for the examination. The examination will commence on the 25th February 1937, and will be held at the Presidency College, Calcutta.

10. **Canvassing.**—Any attempt on the part of a candidate to enlist support for his application through persons of influence or officials of Government will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

11. **Ineligibility of Government servants.**—Unless specially exempted by Government in the Appointment Department by general or special order, no person holding a substantive appointment in Government service or an appointment on probation against a substantive vacancy under Government is eligible to appear at the competitive examination. Whenever such exemption is granted, the candidate will be subject to selection by the Selection Committee, as if he were duly nominated under paragraph 6 above. Persons holding purely temporary posts under Government should submit their applications in the manner prescribed in paragraph 4 above.

12. **Syllabus of examination and marks.**—The examinations will be held in the subjects and according to the syllabus shown in Schedule III which also indicates the numerical value to be attached to each paper at the examination.

As the possession of a knowledge of a provincial vernacular is an essential condition of appointment, candidates, whose ordinary spoken and written language is not Bengali, must take up translation from English into one of the provincial vernaculars named below :—

(*i*) Bengali, (*iii*) Urdu,
(*ii*) Hindi, (*iv*) Nepali,

and *vice versa* in the compulsory paper. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which there is a Departmental Examination, will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

13. **Medical Examination.**—As soon as the results of the examinations have been declared, a proportion of the candidates who have qualified will be called upon to appear before a Medical Board for a certificate of their fitness for Government service in form A of Schedule IV of the Bengal Provincial Services Recruitment Rules. An order to appear before the Medical Board must not however be understood to mean that the candidate, if found fit, will necessarily receive an appointment as the number of candidates who will be summoned for medical examination will be slightly in excess of the total number of vacancies, and the question of his appointment will depend upon the results of the medical examination taken as a whole. The regulations governing the physical examination of candidates are set forth in Schedule IV of the Bengal Provincial Services Recruitment Rules and intending candidates are advised before they apply for admission to the examination to satisfy themselves that they are likely to qualify as physically fit under those regulations, for recent experience has shown that a considerable number of the candidates at the competitive examinations are subsequently rejected by the Medical Board as unfit.

G. P. HOGG,
Chief Secy. to the Govt. of Bengal.

Note.—The attention of the candidates is invited to the introduction of a *viva-voce* test (*vide* page 8, Schedule III).

SCHEDULE I.

Write your surname here.....

Application form.

For the use of candidates seeking admission to the competitive examination for appointment to the Bengal Civil Service (Executive) and the Bengal Junior Civil Service.

N.B.—1. Copies of the form may be obtained on application to the Principals of Colleges, Registrars of the Calcutta and Dacca Universities, and the Director of Public Instruction.

2. Before filling up the form the candidate should verify from the rules and the syllabus that he is eligible for admission to the examination.

3. The form should be filled up in the candidate's own handwriting and returned **by the 30th November 1936** to the Principal of the College by collegiate students, to the Registrar, Calcutta University, by non-collegiate students, to the Registrar, Dacca University, by candidates from that University, and to the Director of Public Instruction, by all other candidates.

Applications received after the prescribed date will not be accepted.

4. If a candidate who fills up and returns the application form does not receive an acknowledgment for the same within a reasonable time, he should at once communicate the fact to the authority to whom the form was returned.

5. Should any of the particulars furnished be found to be false within the knowledge of the candidate, he will, if appointed, be liable to be dismissed. The wilful suppression of any material fact will also be similarly penalized.

6. Every candidate must submit with his application form a copy of his Matriculation certificate duly attested by a Magistrate or other responsible person. If the Matriculation certificate does not contain sufficient particulars to show that the candidate is qualified by age to enter for the examination, a certificate from the candidate's University or College showing his date of birth as recorded on entering the University or College must also be furnished. The age of a candidate as recorded on entering his University is regarded as correct unless there is a proof to the contrary. If a candidate claims that his age is other than as so recorded, he must submit with his application the evidence on which he bases his claim. In such a case the Selection Committee will require among other evidence a satisfactory explanation of the circumstances in which a wrong age was recorded at the time of entry into the University. They will also require a statement of any attempts made by the candidate to have the University record amended and of the results of such attempts. The statement of age must tally with the statement of age made in any previous application of this nature and will be deemed absolutely final. No revision of such a declaration will be allowed at a later period for any purpose whatever.

7. Every candidate must submit with his application non-judicial stamps of the value of Rs. 5 or a chalan showing payment into a Government treasury in Bengal of the sum of Rs. 5. No part of this fee will be returnable to any applicant, whatever the result of his application. Applications unaccompanied by the fee, or stamp with postage stamps, will be ignored.

(*i*) There will be two papers in each of the optional subjects 1-13 and one paper only in each of the remaining subjects. Candidates who select as their optional subjects Physics, Chemistry, Botany, Geology, Physiology or Zoology and have not produced evidence that they possess a degree in the subject or subjects selected will be required to pass a practical test. If they fail to satisfy the examiners in this test they will earn no marks in the whole subject.

(*ii*) If a candidate fails to secure 25 per cent. of the marks in any one of the optional subjects selected he shall score no marks in that subject.

(*iii*) In awarding marks in all the subjects the candidate's knowledge of English, as shown by the answers, will be taken into account.

(*iv*) Ten per cent. of the marks obtained in any paper will be subject to deduction for bad writing and untidiness.

(*v*) The following details may prove helpful to a candidate as indicating the standard and nature of the examination :—

I. COMPULSORY SUBJECTS.

1.—Translation and Retranslation.

The examination will be directed to test not the extent of the candidate's knowledge of any literature (English, Bengali, Hindi, Urdu, Nepali, French or German), but only facility in rendering from one language into another with reasonable accuracy and elegance. In the case of candidates whose ordinary written and spoken language is not Bengali and who did not take up Bengali as their vernacular at the University examinations the tests in this paper will be equivalent to the tests in the subject prescribed in the rules for the lower standard of the Departmental Examination in Bengali for Civil officers, and such candidates will after appointment and before confirmation be required to pass the Departmental Examination by the higher standard in Bengali.

2.—English Composition.

Questions will be set to test the candidate's power of writing clear and expressive English. They will include letter-writing on given subjects, the rapid summarisation of the subject matter of passages in prose of about 500-600 words in length and the detailed paraphrase of poetry.

The general standard of the subject matter will be that of the pass B.A. degree of an Indian University.

3.—Elementary Mathematics.

Vulgar and Decimal Fractions. Ratio and Proportion. Areas and Volumes of Simple Figures and Solids. Percentages. Simple Interest. Easy Factors. Simple Equations. Graphs of Simple Equations and of Sets of Data. Elementary Geometry of the Straight Line, Triangle and Circle.

The paper will consist largely of Problems with Arithmetical Data.

4.—General Paper.

Questions will be set on current topics, general history or similar subjects with which an educated candidate should be acquainted.

II.—OPTIONAL SUBJECTS.

1.—English Literature.

(*a*) General history of English literature. Questions will be set to test the candidates' knowledge of the more important works of the greater writers from (and including) Chaucer to the present day.

(*b*) English literature from 1832 to the present day. Candidates will be expected to know the work of the greater writers of the age, and to be able to understand such literature in relation to the main social and historical developments of the age.

Note.—In either paper, questions on the history of literary forms, style and prosody will not be excluded.

2.—Mathematics.

(a) Pure.

(*i*) *Algebra.*

Binomial theorem.

Convergency, divergency, and summation of series.

Variation.

Theory of limits.

Inequalities.

Continued fractions.

Determinants.

Elementary theory of equations including the approximate solution of numerical equations.

(*ii*) *Geometry.*

Geometry of the triangle, circle and conic sections.

Analytical Geometry of the straight line and conic sections.

Trigonometry : circular and hyperbolic functions : properties of triangles : summation of series : De Moivre's theorem : factorisation : expansion of the circular and hyperbolic functions in series.

Geometry of three dimensions : plane straight line : conicoids : generating lines of coincids : curvature of surfaces.

(iii) Differential and integral calculus.

Theory of limits : differentiation : maxima and minima : summation of series : partial differentiation : integration : definite integrals : reduction formulæ : differential equation of the first and second orders : Fourier's series ; applications to the geometry of curves.

(b) Mixed.

(i) Statics.

Statics of single particle.

Statics of systems of particles.

Friction.

Centre of mass.

Principle of virtual work.

Equilibrium of strings.

Machines.

(ii) Dynamics of a particle.

Velocity, acceleration, laws of motion.

Projectiles.

Impact.

Work and energy.

Motion of a particle in a plane under the influence of forces : orbits.

(iii) Hydrostatics.

Fluid pressure : centre of pressure on curved surfaces.

Conditions of equilibrium of a floating body.

Theory of the Metacentre.

Hydraulic and pneumatic machines.

(iv) Astronomy.

Elementary spherical trigonometry : refraction : parallax : precession : nutation : abberation : the sun and the moon : eclipses : measurement of time : the equation of time : determination of latitude and longitude : sextant : the principal instruments in an observatory : descriptive discussion of the principal constellations : comets : nebulas.

3.—Physics.

(a) General, Heat and Light.

(i) General Properties of Matter.

Gravitation, elasticity, viscosity, surface tension, Kinetic theory of gases.

(ii) Heat.

Thermometry, expansion, calorimetry, change of state, conduction, radiation, thermodynamics.

(iii) Light.

Reflection and refraction, dispersion and chromatic abberation, spherical abberation, optical instruments, velocity of light, the spectrum, interference, diffraction and polarisation.

(b) Magnetism and Electricity.

The electrostatic field, conduction, condensers, specific inductive capacity, magnetism permanent and induced, electric currents, magnetic force due to currents, electro-magnetic induction, electrolysis, heating effects, thermo electricity, discharge of electricity through gases, radio activity, structure of the atom.

(c) Practical.

The practical examination involves experimental work ranging over the above syllabus. The standard is indicated by the following text books :—

General Properties of matter	Poynting and Tomson.
Heat	
Light	Preston.
Magnetism and Electricity	J. J. Thomson.

4.—Chemistry.

(a), (b) and (c) Inorganic, Organic and Practical.

Kinetic Theory of Molecules and its applications ; Dalton's Atomic theory ; Atomic and molecular weights ; Structural Chemistry and Stereo-isomerism ; Periodic Law ; Radio activity and modern views regarding the constitutions of matter. Laws of true solution ; Colloidial solution ; Ionic theory and its applications. Conditions of Chemical equilibrium in a homogeneous and a heterogenous system ; Rate of chemical transformation ; Catalysis. Phase rule and its application to one and two component systems. Nature of energy and its transformation in Thermo Chemical and Electro Chemical reactions.

The common elements and their important compounds ; the inert gases ; complex inorganic amines and cyanides. Manufacture of the common industrial products—organic and inorganic—with special reference to Indian conditions. The following organic compounds and their simple derivatives :—methane and ethane ; ethylene and acetylene ; benzene, toluene, anthracene, pyridine and napthalene, methyl, ethyl and propyl, alcohol, ethyl acetoacetate and ethyl malonate ; lactic, oxalic, malonic, succinic, malic, tartaric, and citric acids ; fumaric and maleric acids, glycerol and urea. Chemistry of esters, ethers, amines, carbohydrates, cyanogen, derivatives, diazo, and Azocompounds. Application of catalysts and organometallic compounds in organic synthesis ; Composition, Purification and Analysis of organic compounds.

Qualitative analysis of a sample containing for inorganic radicals ; identification of a common organic compound ; simple gravimetric and volumetric estimation.

5.—Classical languages.

(i) Latin.

(a) Translation.

The paper shall consist of (*a*) passages for translation from Cicero or Caesar, and Virgil or Lucretius, (*b*) a passage or passages from one or more of the following—Livy, Tacitus, Horace, (*c*) a piece of English prose for translation into Latin. 150 marks of which 75 shall be given to (*c*).

(b) Language, Literature and Grammar.

The paper shall consist of questions on Accidence, Syntax, Latin philology and literature, Roman History, the geography and organisation of the Empire.

A choice of questions shall be allowed.

(ii) Greek.

(a) Translation.

The paper shall consist of (*a*) passages for translation from Homer and Demosthenes, (*b*) a passage or passages from one or more of the following—Thucydides (excluding speeches), Euripides (excluding choruses), Zenophon, Plato, (*c*) a piece of English prose for translation into Greek. 150 marks of which 75 shall be given to (*c*).

(*b*) *Language, Literature and Grammar.*

The papper shall consist of questions on Accidence, Syntax, the development of the literature in its chief forms, the contributions of the Greeks to the development of civilisation, history and geography.

A choice of questions shall be allowed.

(iii) Sanskrit.

(*a*) *Translation*, (*b*) *Language, Literature and Grammar.*

The object of the examination will be more to draw out what a candidate knows than to test his knowledge. It is not expected that he should be an expert or a specialist in any branch of Sanskrit Literature, but he should have a grasp of both the language and Literature, Vedic and Classical.

He should have a general knowledge of Sanskrit Grammar, Vedic and Classical. This knowledge will be tested not by asking him to quote rules, but by their application to language.

He will be required to translate easy passages in English from Vedic or Classical Sanskrit Literature, but not from commentaries. He may be asked to compose in Sanskrit, to write an essay in Sanskrit, to summarise a given passage in English or Sanskrit and to translate into either language.

(iv) Arabic.

(*a*) *Translation.*

(*i*) From English into Arabic and (*ii*) from Arabic into English.

(*b*) *Language, Literature and Grammar.*

Muhammadan civilisation including--

(*i*) History and (*ii*) Literature

(*i*) The outline of *Muhammadan History* from the beginning of Islam up to the fall of the Abbasides of Baghdad in the middle of 13th century A. D.

(*ii*) A general knowledge of the History of *Arabic Literature*. Grammar according to modern method and elements of Arabic Prosody and Rhetoric.

(v) Persian.

(*a*) *Translation.*

All translation will as far as practicable be from and into the present-day language of Iran.

(*b*) *Language, Literature and Grammar.*

Candidates must possess a fair knowledge of the general outlines of the literary history of Persia with special study of a particular period, *e.g.*, the Ghaznavi and Saljugi period, and first-hand knowledge of a few selected authors, such as Firdausi, Unsuri, Minuchihri, Anvari, Nasir-i-Khusran, Khyyam, etc. Questions on grammar shall demand from the candidates not mere cramming and reproduction from memory but intelligent practical application of the grammatical rules, requiring some discrimination.

(vi) Pali.

(*a*) *Translation.*

(*i*) Passages, prose and verse of moderate difficulty for translation from Pali into English

(*ii*) A passage of moderate difficulty for translation from English into Pali

(*b*) *Language, Literature and Grammar.*

1. Knowledge of literature will include—

(*i*) A knowledge of canonical literature and commentaries as well as literature outside the canon,

(*ii*) History of Buddhism from its rise to the 7th century A. D.,

(*iii*) Indian civilisation as depicted in the canonical Pali literature, and

(*iv*) Indian thought and ideals at the time of the rise of Buddhism.

2. The questions on language and grammar will include—

(*a*) Elementary knowledge of Sanskrit grammar ;

(*b*) Elementary knowledge of the principles of comparative philology ; and

(*c*) Knowledge of Indian inscriptions from the earliest times to the 2nd century A. D.

A fairly wide choice of questions will be given.

(vii) Urdu.

(*a*) *Translation.*

(*i*) From English into Urdu and (*ii*) from Urdu into English.

(*b*) *Language, Literature and Grammar.*

(*i*) A general knowledge of the history of Urdu language and literature.

(*ii*) Grammar according to modern method and elements of Urdu Prosody and Rhetoric.

6.—History.

(a) Indian History.

A knowledge of Ancient, Mediæval and Modern India will be required. The main stress will be laid on the period 1500-1920 A. D. Sketch historical maps will be required of candidates. A knowledge of political, military and economic history will be demanded as also of modern constitutional development. The broad outlines of religious and cultural history should be known ; also the history of foreign countries, so far as it directly affected the history of India.

(b) English and European History.

The main stress in this paper will be laid on English History, knowledge of European History being only required in so far as it more or less directly links up with English History. Chief importance will be attached to the period 1500-1920 A. D. Political, military, cultural, economic and constitutional history will also be required. Sketch maps will be essential. The growth and history of the British Empire should be known.

7.—Philosophy.

(a) Metaphysics and Ethics.

Definition and Province. Relation of Ethics and Metaphysics to cognate subjects. Methods of Metaphysics and Ethics. A *priori* and *a posteriori* Theories. Discussion of the principal Categories of knowledge. Relation of the Finite to the Infinite, the Conditioned to the Unconditioned, etc. The influence of Evolution on Metaphysical and Ethical Thought. Leading Theories of the Constitution of the World. Naturalism and Idealism. Theories of the nature of the Soul and its relation to the Body. The idea of the Self. The idea of God. Relation of God to the World and the Soul. Immanence and Transcendence, Agnosticism, Septicism, Pantheism, Theism, Immortality, Optimism and Pessimism.

The moral Consciousness, Postulates of Mortality, Human Freedom, Moral Obligation, Ethical Standards. Individual and Society. The Social Organism. Duties and Virtues. Theories of Punishment. The nature of Moral Progress.

(Candidates will be expected to possess a general knowledge of the history of Metaphysics and Ethics, both Eastern and Western, ancient and modern.)

(b) Psychology.

Scope and Province. Relation of Psychology to cognate subjects. Methods of Psychology. Varieties of Psychological Study. Relation of Mind to Body. Consciousness and Subconsciousness Suggestion. Mental processes. Sensation and its Organic Basis. Perception. Ideation. Memory and Imagination. Judgment. The Development of the Categories. Reasoning. Belief. The Growth of the Conception of the Self. The Various Selves. Feelings and Emotions. The Psychology of Will. Group Psychology. Social Psychology.

(Students are expected to possess a general knowledge of the history of Psychological Theory.)

8.—Economics.

(a) Political Economy ; (b) Economic History and application to India.

Political Economy.—This subject will include the Organization of Production; theories of Consumption, Value, Monopoly and Distribution ; the problems of Population, Labour and Industrial Peace ; the theories of Money, Prices, Credit and Banking ; the mechanism and theory of International Trade and Foreign Exchange ; the principles of Public Finance.

Candidates will be expected to show familiarity with the economic conditions and development of India, and to be able to apply the principles of Political Economy to Indian conditions.

They are also expected to have some knowledge of the industrial history of England.

9.—Botany.

(a) and (b) Theoretical Course.

Scope of Botany. Difference between plant and animal. Outlines of the modern systems of classification.

Vegetable cell. Cell contents, Cell division, Tissues and tissue systems.

Morphology (including histology) and Life history of Algæ (*chroococcus*, a desmid, *Spirogyra*, *Ulothrix*, *Vaucheria* and *Chara*), Fungi (Yeast, *Mucor*, *Peronospora*), Muscineæ (a moss plant, *Marchantia*), Pteridophyta (a fern, *Lycopodium Sellaginella* and *Equisetum*) and *Gymnospermia* (*Cycas-Pinus*).

General morphology, histology and life history of Angiosperms. Physiology of plants including the principal experiments. Outlines of the Ecology of plants with special reference to the conditions of Bengal.

Distribution of plants in time and space.

A knowledge of the systematic position, morphological characters, use and cultivation of the more common economical plants of Bengal (viz., rice and other cereals, pulses, common vegetables, fruit trees, sugar producing plants, jute, indigo, cotton and the common timber trees).

(c) Practical Course.

Knowledge of microtechnic including free hand section cutting for microscopical examination. Drawing of dissection of flowers and microscopical sections. Referring common plants of Bengal to their Natural orders. Identification of plants by analytical tables. Simple physiological experiments.

10.—Geology.

The examination in Geology shall consist of (*a*) and (*b*) two theoretical papers, and (*c*) one practical paper.

(*a*) and (*b*). The theoretical course shall consist of—

Dynamical and Structural Geology.

Geological function of Air, Water and Life. Earthquakes and volcanoes. Secular upheavals and subsidence. Different types of structures met with in the crust of the earth Earth sculpture. Origin of the Himalaya mountains. Water-supply.

Mineralogy and Petrology.

Physical and chemical characters of the more important minerals including their origin and commercial use. Classification of rocks. The leading rock-types of Building materials.

Palæontology and Historical Geology.

Use of fossils. Leading types of fossils. Principles of correlation. The standard stratigraphical scale. Characters and distribution of the series of rocks found in India.

(*c*) The practical examination shall include (*i*) the identification and description of rocks and minerals, (*ii*) the description of microscopic sections of rocks, (*iii*) the recognition of important genera of fossils and (*iv*) the drawing and interpretation of geological maps and sections.

11.—Physiology.

(a) and (b) Theoretical Course.

General Physiology.

1. The Cell-membrane, Physico-Chemical processes—diffusion, Osmosis and Dialysis, Osmotic-pressure, Electrolytes, Ionisation, Surface tension, Absorption. Properties of colloids, Catalysis and Endymeaction.

Chemical Pysiology.

2. Chemical composition of the body, Chemistry of carbohydrates, fats, liquids and proteins, Chemical Physiology of blood and lymph. Coagulation, Hæmolysis, Precipitins, Tests for blood. Immunity.

Histology.

3. Histology and development of the cell, Segmentation of ovum and formation of germinal membranes, Microscopical appearances of blood, lymph and milk. Minute structure of the various organs and tissues of the animal body.

Physiological Processes.

4. Physiology of contractile issues, functions of nerve-cells and nerve-fibres, the circulation of the blood, respiration, processes involved in digestion and absorption of food, metabolism, dietetics, vitamines, physiology of endocrine organs, harmones, excretion by the kidneys, skin, lungs and liver, production and regulation of body heat, mechanism of sound production, and speech, Physiology of the Central and Autonomic nervous systems, Special Physiology of the organs of sense and Pyhsiology of growth and reproduction.

(c) Practical Course.

I. The chemistry of carbohydrates, fats and proteins found in blood, milk and common food substances, chemistry of hæmoglobin and its principal derivatives. Uses of the Hæmoglobinometer and direct vision spectroscope, composition of bile, normal constitutents of urine and their estimation, more important abnormal constituents of Pathological urine and their estimation, Cryoscopy.

II. Histological technique involving the use of the microtone and methods of fixing, staining and mounting for the preparation of permanent specimens, minute anatomy of the various organs and tissues of the body, the use of Hæmacytometers.

III. Demonstration of the uses of the more important apparatus employed in Physiological investigation. A practical acquaintance with the methods of performing the following experiments :—

1. **Muscle and nerve.**—Myographic methods of demonstration of the contraction of muscle under various conditions. Tetanus. Fatigue. Works done by the contracting muscle. Conduction in a nerve. Velocity of nerve-impluse.

2. **Experiments on the frog's heart.**—Normal tracing of the heart beats. Modifications of the tracing by the application of heat and cold, drugs and stimulation of the vago-sympathetic trunk.

3. Sphygmographic tracing of the pulse. Determination of the blood pressure in man by means of Sphygmomanometers.

4. Experiments on reflex action in " Spinal " frog.

12. Zoology.

(a) and (b) Theoretical Course.

Scope of zoology and principles of classification.

Animal cell. Cell division Elementary tissues, their morphological differentiation and physiological division of labour. Principles of animal physiology.

General characters of the following groups (including the distinctive characters of the classes, the more important orders represented in Bengal and of the development of the groups marked X) ; Protozoa, Porifera X, Coelentera, Platyhelminthes X, Nemertinea, Nematoda, Rotifera, Annelida X, Arthropoda X, Mollusca X, Echinoderma X, Chordata, Hemichorda, Cephalochorda X, Urochorda X, Craniata-Cyclostomata, Pisces, Amphibia X, Reptilia, Aves X and Mammalia X.

Distribution of animals in time and space.

Theories of evolution. Heredity, variation and adaption. Cell in inheritance. Eugenics.

(c) Practical Course.

Knowledge of micro-technic, including section cutting by paraffin method, Microscopic examination and dissection of Amoeba, Paramoecium, Monocystis, Spongilla, Hydra, Irene, Pheretima, Palaemon, Periplanata, Amellidens, Ampullaria, a starfish, a sea-urchin, a holothurian, Amphioxus, Doliolum, an ascidian, an elasmobranch (or Rohu fish), Bufo, the house gecko, the fowl and Cavia.

13. History of Islam.

There will be two papers on this subject. The first paper will consist of two parts dealing with the History of Islam in India and the History of Islam outside India, respectively. Each part will carry a maximum of 75 marks. The second paper will deal with Islamic Philosophy and Culture and will carry 150 marks.

What the examinee will be expected to know is not the account of battles or history of intrigues, but a good knowledge of the social, political and economical conditions of the Islamic Empire and of the literary, philosophic and scientific activities of the muslims under the Caliphate. In this connection special attention should be paid to foreign and particularly Hellenistic influences on Islamic thought and culture. He will be further required to know the sources of information on his subject contemporary and modern and to estimate their relative importance as works of history. Stress will be laid on the manner and method in which the subject is approached and discussed. Nor will the style be reckoned as less important than the subject matter. The object of the examination will be not to test the memory of the examinee but his grasp of the subject, his power of thinking, his capacity for seizing on the essentials as opposed to non-essentials in a long, complicated narrative.

14. Constitutional History of England and the Empire.

In this paper the main stress will be laid on the period from 1600 A.D. onwards, but candidates will be expected to possess a knowledge of the main episodes of constitutional importance prior to that date. Candidates should also be acquainted with the history of the making of the constitutions of Australia, Canada, South Africa and India. Special knowledge of that of India will be required. The constitutional history of the United States of America, so far as it throws light on English Constitutional History, should be known.

15. Ancient Indian History and Culture.

1. The age of the Vedas, the Samhitas, the Brahmanas and the Sutras
2. Rise and development of Buddhism and Jainism.
3. Political history from the 7th century B.C. to the 12th Century A.D.
4. Administrative system and political theories.
5. Economic condition, including trade and maritime activity.
6. The social organisation of the Post-Vedic period, with special reference to the growth of the caste system.

Books recommended indicating the standard required.

1. Cambridge History of India, Vol. I, pages 1 318.
2. V. A. Smith Early History of India.
3. R. C. Dutt Civilization in Ancient India (omitting chapters on Political History).
4. Dr. P. N. Banerjee Public Administration in Ancient India.

16. Political Theory and Political Organisation.

Politics. This subject will include political theory and political organization. Candidates will be required to show a knowledge of the theory of the state, theories about the origin of the state, theories of law and sovereignty, citizenship, theories about state interference, the structure of Government, forms of Government and the ends of the state. A knowledge of the historical development of some of the more important theories will also be required.

Political organization will include a study of the details of the British constitution and the Indian constitution and the outlines of the constitutions of France, the United States, Germany, Canada, Australia, and South Africa. The history of institutions is not included, but candidates will be required to know the earlier stages from which existing Indian political institutions have directly developed.

17.—Anthropology.

Social.

Candidates will not be expected to have an extensive experience of laboratory and museum work. The subject will be treated with special, but not exclusive, reference to peoples of rude culture including pre-historic civilization.

Physical.

The subject includes pre-historic Archæology and Technology. Candidates will be expected to have such knowledge as may be acquired by laboratory and museum work consisting mainly in the handling and study of specimens and exhibits. The subject will be treated with special, but not exclusive, reference to peoples of rude culture including pre-historic civilization.

18.—Comparative Philology.

The subject shall include—

(*a*) the general principles of the Science of Language, including Elementary, General Phonetics, Families of speech, Evolution of Language in Phonetics, Inflections, Syntax and Meaning, the Evidence of Language in the History of Civilization and History of Philological Speculation.

(*b*) The Philology of one of the following languages to be selected at the option of the candidate :—

Sanskrit, Pali, Persian, Arabic, English, Bengali, Hindustani (Urdu or Hindi).

The paper will be in two parts with 75 marks for each.

19.—Bengali Language and Literature.

The candidate will be expected to possess a general knowledge of the history of development of the Bengali Language and Literature from the time of Chandidas down to the death of Bankim Chandra Chatterjee. The question will demand a first-hand acquaintance with the important works of each period within the above limits, and will include points of Grammar, Philology, Social and Political History, as well as literary criticism. The answers should be given in Bengali, the correctness of which will be taken into consideration in awarding credit.

20.—Geography.

Candidates may be asked to show their ability to draw neat and accurate maps.

A.—Geography of the World.

(1) Elementary Astronomy.

(2) Natural Phenomena—Wind, rain, etc., and their causes.

(3) Land and sea distribution. Main river and mountain systems of the world; their importance, political and economic.

(4) General Climatic Geography of the World.

(5) Main trade routes. Distribution of oil, coal, wheat, wool, cotton, rice, jute tracts.

B.—Geography of India.

(1) General description and Physical Geography.

(2) Relation of Geography to—

(*a*) Climate (with special reference to the monsoon currents).

(*b*) History of India.

(*c*) Economics. The main products of the country and their nature of transport and distribution. Railway and river systems.

(3) Influence of Geography on relations of India with—

(*i*) Neighbouring countries.

(*ii*) United Kingdom.

(4) Ethnographic Geography.

C.—Geography of Bengal.

River and railway system.

Natural products.

Ports.

Trade—Internal and External.

Climate.

21.—International Law.

Peace and War—With special reference to the Independent or Sovereign States, Dependent States, British Colonies and the Native States of India.

Sea and the Territorial waters; Nationals, Aliens and Domicile.

Nationality and nationalisation in India and the Colonies.

Criminal jurisdiction and extradition.

Jurisdiction of the High Court of Justice and the Foreign Courts.

The Peace Treaty, and

The League of Nations Covenants.

Legal relations as affected by war.

Duties of neutral states.

Contraband of war.

22.—Roman Law.

Historical sketch of the Roman Law down to Justinian

General knowledge of the subject with special reference to the law of persons,

Law relating to Real Rights.

Law of Obligations.

Law of Succession—both testamentary and intestate.

Criminal Law and Procedure.

Book recommended:

A Manual of Roman Private Law, by W. W. Buckland, Cambridge University Press, 1925.

23.—Jurisprudence and Principles of Legislation.

Jurisprudence—What it means: its growth as a science of positive law.

A general knowledge of the subject with special reference to

Law and Rights.

Private Law.

The application of law.

Principles of Legislation—with special reference to the Legislative Idealism in the 19th century.

The Rights of the Individual.

Principles of utility and the distribution of property.

Offences and Punishments.

Free Trade and Protection.

The Fundamental doctrines of Socialism—Aims and policy of the Socialists—Socialist views regarding Land and the Landlords, the Capital and Capitalists, Unemployment.

24. English Constitutional Law.

A general study of the subject with special reference to the Nature of Constitutional Law and its place in Jurisprudence.

Nature of Parliamentary Sovereignty.

House of Commons.

House of Lords.

Functions of the Crown in Parliament. Cabinet.

Right to Personal Freedom.

Right of Freedom of Discussion.

Right of Public Meeting.

Conventions of the Constitution.

25.—Hindu Law.

Candidates are required to have a general knowledge of the principles of law and of leading cases in, subjects covered by the following syllabus :—

1. Sources—Ancient and Modern sources. Legislation relating to Hindu Law. Schools of Law.

2. Marriage—Kinds of ; Capacity for marriage and prohibited degrees. Effect of marriage. Rights as between husband and wife.

3. Sonship—Legitimate and adoptive—Effect of illegitimacy—The law of adoption—Joint family, Mitakshara and Dayabhaga law. Partition. Impartible Estates.

4. Law of Inheritance according to the Mitakshara and Dayabhaga Schools.

5. Law of Wills—Hindu Wills Act—Probate and Administration Act—Hindu Disposition of Property Act. Trusts and Endowments. Private and Public Debuttor.

26.—Muhammadan Law (according to the Hanafi and Shiah Schools).

Candidates are required to have a general knowledge of the principles of law and of leading cases in subjects covered by the following syllabus :—

1. Sources. Schools of law. Custom in Muhammadan Law.

2. Marriage—Capacity for marriage—Prohibited relations—Forms of marriage—Essentials of marriage—Effect of marriage—Law of Dower—Divorce.

3. Sonship—Legitimacy—Kinship—Affinity and Fosterage.

4. Law of Inheritance.

5. Law of Gifts—*Donatio mortis causa*—Wakfs public and private—Wakf Validating Act.

27.—Commercial Law.

Arbitration ; Contracts ; Principal and Agent ; Partnership ; Limited Companies ; Guarantees ; Carriage by Land ; Carriage by Sea ; Insurance ; Sale of Goods ; Negotiable Instruments ; Bankruptcy.

28.—Statistics.

(1) Elementary theory of statistics, not depending mainly on the theory of probability nor requiring a knowledge of the calculus, frequency distributions, average percentiles, and simple methods of measuring dispersion, graphic methods ; elementary treatment of qualitative data, *e.g.*, investigation of association by comparison of ratios, consistency of data : the practice of the simplest graphic and algebraic methods of interpolation.

(2) The application of the more practical methods of statistics to the interpretation and analysis of Indian Statistics relating to population, trade, prices and wages.

(3) Elementary Mathematical Statistics including :—Forms of average and measures of dispersion. The normal curve, and methods of deriving other frequency curves. Theory of association, and co-relation for two variables. Theory of errors of sampling as applies to the above.

A wide choice of questions will be given so that a candidate without advanced mathematical knowledge can obtain full marks by answering questions under paragraphs (1) and (2).

POLITICAL DEPARTMENT.

Political.

NOTIFICATIONS.

Jalpaiguri. — No. 13426P. — 22nd August 1936.—In pursuance of sub-section (2) of section 28 of the Auxiliary Force Act, 1920 (XLIX of 1920), and in partial modification of Political Department notification No. 6110P., dated the 6th April 1936, the Governor in Council is pleased to appoint Mr. L. R. Faweus, I.C.S., to be a member of the Advisory Committee for the Jalpaiguri Military area, *vice* Mr. F. W. Robertson, C.I.E., I.C.S., proceeded on leave. 24-Parganas. — No. 6408M. – 18th August 1936.—The following draft of by-laws, which has been framed by the Commissioners of the Bhatpara Municipality, in the district of the 24-Parganas, under section 375(*a*) of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), and which the Government of Bengal (Ministry of Local Self-Government) propose to confirm under section 506 of the Act, is published for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on the 20th November 1936, and any objection or suggestion received by the undersigned through the District Magistrate and the Divisional Commissioner before that date will be duly considered:—

Draft by-laws.

1.—By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of conduct of business in places used for the purposes mentioned in clauses (i) (ii) and (v) of sub-section (1) of section 370.

1. The licensee shall connect all drains in the place licensed under section 370 intended for the discharge of foul water with a municipal sewer, and the licensee shall not allow any foul water or refuse matter from such place to be discharged into a river, or channel, or any other reservoir of water intended for bathing, drinking or any other domestic purpose.

2. Where there is no sewer, the licensee shall collect the waste water from a place licensed under section 370 in properly constructed cesspools. Such cesspools shall be periodically cleansed or treated by the licensee in such a way as to render them inoffensive by activated sludge process or the contents thereof shall be otherwise disposed of in such manner as may be required by the Sanitary Inspector, Health Officer, or Chairman.

3. The licensee shall arrange for sufficient supply of water for cleansing the place licensed under section 370.

4. The licensee shall not cause or suffer any skin or hide which by reason of decomposition has become useless for the purpose of leather dressing, to be kept for a longer time than may be necessary in any part of the place licensed under section 370.

5. The licensee shall, at the close of every working day, cause every floor or pavement in the place licensed under section 370 to be thoroughly swept and washed. He shall, at the same time, cause all filth or refuse deposited on the floor or pavement of such place to be collected in suitable vessels or receptacles furnished with closely fitting covers and to be forthwith removed therein from the place.

6. The licensee shall cause the supply of water in every tank or other receptacle used upon the place licensed under section 370 for the washing or soaking of any skin or hide and not being a liming pit to be renewed as often as may be necessary to prevent the emission of noxious or injurious effluvia from the contents of the tank or other receptacles.

He shall cause every such tank or other receptacle to be furnished with a suitable cover and to be kept covered unless it is required to be kept open.

He shall cause every part of the tank or other receptacle, when emptied, to be thoroughly cleansed and shall cause all filth which has been removed therefrom to be forthwith conveyed from the place licensed under section 370 in suitable vessels or receptacles furnished with closely fitting covers, for disposal in a manner approved by the Commissioners.

7. The licensee shall cause all waste lime which has been taken out of any pit upon the place licensed under section 370 to be forthwith deposited in suitable vessels or receptacles or in a properly constructed cart or carriage which, when filled or loaded, shall be covered in such a manner as to prevent the emission of noxious or injurious effluvia from the contents thereof, and shall with all reasonable despatch be removed from the said place for deposit in a place fixed by the Commissioners or disposal in a manner approved by the Commissioners.

8. The licensee shall cause every beam, table, bench, knife, hammer or other implement or apparatus used upon the place licensed under section 370 for the purpose of unhairing, fleshing, breaking, scrapping, rounding, scudding or stocking any hide, butt or pelt or in any other process of his trade, to be cleansed from time to time as often as may be necessary to prevent any accumulation of filth upon the beam, table, bench, knife, hammer, implement, or apparatus.

9. The licensee shall cause all filth which has been splashed upon any part of the internal surface of any wall of any building upon the place licensed under section 370 to be removed by scraping or by some other effectual means of cleansing at least twice in every year, that is to say, at least once during each of the periods between the first and twenty-first day of March and the first and twenty-first day of September. He shall at the same time cause every part of the internal surface above the floor or pavement of the building to be thoroughly washed with hot limewash:

Provided (*i*) that the foregoing requirements as to limewashing shall not apply to any part of the internal surface of any building which is painted or covered with impervious material and may be otherwise properly cleansed and (*ii*) that this by-law shall not apply to any part of any such building which is used only for the storage of dry leather.

10. The licensee shall cause any part of the internal surface of the walls of any building and every floor or pavement upon the place licensed under section 370 to be kept at all times in good order and repair so as to prevent the absorption therein of any liquid filth or refuse or any noxious or injurious matter which may be splashed or may fall or be deposited thereon.

11. The licensee shall cause every part of the interior and exterior of every tub or other vessel or receptacle used upon the place licensed under section 370 to hold a solution of the material known as "puer" to be thoroughly cleansed by scrubbing or by some other effectual means once at least in every week.

12. In a place licensed under section 370 in which the fleshing meat is dried for subsequent sale for the manufacture of such articles as glue or jujubes, the licensee shall cover the drying area by wire netting so as to prevent carrion birds from carrying away the material and dropping it in the vicinity of inhabited areas.

13. A breach of any of the provisions of by-laws 1 to 12 shall be punishable with fine which may extend to fifty rupees and when the breach is a continuing one, with a further fine which may extend to five rupees for every day after the date of first conviction during which the offender is proved to have persisted in the offence.

II.—By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of conduct of business in places used for the purposes mentioned in clauses (iii), (iv), (vi) and (vii) of sub-section (1) of section 370.

1. The licensee shall not use or allow to be used any portion of a place licensed under section 370, for residential or sleeping purposes, nor shall use or allow to be used any room within a building, in such place as a living or sleeping room, unless it is separated from the remaining portion of the said place by a substantial wall and contains a window opening directly to the sky and of dimensions not less than one-tenth of the superficial area of the room.

2. The licensee shall not employ any person suffering from any contagious or infectious disease at the place licensed under section 370.

3. The licensee shall store all materials which have been received on the place licensed under section 370 and which are not required for immediate use in the trade in such a manner and in such a condition as to prevent the emission of noxious or injurious effluvia therefrom.

4. The licensee shall thoroughly cleanse and wash at the close of every working day all floors or pavements in the place licensed under section 370 and shall collect all fragments of gut or other matter detached in the process of scraping and all garbage, filth or other offensive matter and place them in suitable vessels or receptacles to be forthwith removed with their covers affixed from the said place to a safe place of disposal appointed by the Commissioners or to be disposed of in a manner approved by the Commissioners. Each such vessel shall be constructed of galvanised iron or of some other non-absorbent material and furnish with a closely fitted cover and shall contain a sufficient quantity of a deodorant solution.

5. The licensee shall at the close of every working day thoroughly cleanse with water containing a deodorant every bench, table, tub, vessel, utensil or implement which has been in use during the day in the place licensed under section 370.

6. The licensee shall at the close of every working day remove by scraping or other effectual means all filth or refuse which has been splashed upon any inside portion of the place licensed under section 370.

7. The licensee shall keep every vessel or receptacle in a place licensed under section 370 thoroughly clean even when such vessel or receptacle is not in use.

8. The licensee shall adopt the best practicable means for rendering innocuous all gas or vapour emitted during any trade process either from the articles operated upon or from the contents of any cask, tank, vat, pan, trough or other receptacle upon the place licensed under section 370.

9. The licensee shall thoroughly wash within each first ten days of March, June, September and December of every year the interior of the place licensed under section 370 above the floor or pavement with hot limewash if such place has been in use since the last occasion on which it was so washed:

Provided that this by-law shall not apply to any part of such place as is covered with impervious material, in which case it shall be sufficient thoroughly to cleanse the same by washing with water.

10. The licensee shall not allow facility for the absorption of any liquid filth, refuse or other noxious or injurious matter in the interior of a place licensed under section 370 by reason of want of repair to the surface thereof.

11. The licensee shall adopt all appliances or means which the Commissioners may from time to time require for the purpose of preventing, abating, or minimising any nuisance or annoyance to the neighbourhood or to the public from the use to which a place licensed under section 370 is put and shall at all times maintain them in good and efficient order.

12. The licensee shall trap and connect the drains in a place licensed under section 370 with sewers with the consent of the Commissioners. Where there are no sewers or where permission to connect drains with the existing sewers has been refused by the Commissioners the licensee shall collect waste water from such place in properly constructed cesspools. These should be periodically cleansed and the contents thereof treated in a manner to render them inoffensive or in such other way as the Commissioners may require before disposal in the way recommended by them.

13. A breach of any of the provisions of by-laws 1 to 12 shall be punishable with fine which may extend to fifty rupees and when the breach is a continuing one, with a further fine which may extend to five rupees for every day after the date of the first conviction during which the offender is proved to have persisted in the offence.

III.—By-laws under clause (a) of section 375 of the Bengal Municipal Act, 1932, for the regulation of conduct of business in places used for dyeing mentioned in clause (viii) of sub-section (1) of section 370.

1. The licensee shall not use any part of a place licensed under section 370 for residential or sleeping purposes, nor shall use any room within a building in such place as a living or sleeping room, unless it is separated from the remaining portion of such place by a substantial wall and contains a window opening directly to the sky and of dimensions not less than one-tenth of the superficial area of the room.

2. The licensee shall not employ any person suffering from any contagious or infectious disease on a place licensed under section 370.

3. The licensee shall store all materials which have been received on the place licensed under section 370 and which are not required for immediate use in the trade in such a manner and in such a condition as to prevent the emission of noxious or injurious effluvia therefrom.

4. The licensee shall thoroughly cleanse and wash at the close of every working day all floors or pavements in the place licensed under section 370 and shall collect all residual waste or other offensive matter and place them in suitable vessels or receptacles to be forthwith removed, with their covers affixed, from the said place to a place of disposal appointed by the Commissioners or to any safe place for deposit, wherefrom the same shall subsequently be removed by the Commissioners for disposal.

5. The licensee shall adopt the best practical means for rendering innocuous all vapour emitted during any trade process either from the articles operated upon or from the contents of any cask, tank, vat, pan or other receptacles upon the place licensed under section 370.

6. The licensee shall keep at all times all floors and pavements in a place licensed under section 370 in good order and repair so as to prevent the absorption of any liquid filth or refuse or any noxious or injurious matter which may fall or be deposited thereon.

7. The licensee shall keep the dyeing ground and all the ground surface of the place licensed under section 370 smooth and free from hollows or inequalities so as to prevent any accumulation thereon of any liquid filth or refuse.

8. The licensee shall maintain at all times every drain or means of drainage upon or in connection with the place licensed under section 370 in good order and efficient condition. The licensee shall trap and connect drains of dyeing houses in the said place with sewers with the consent of the Commissioners. Where there are no sewers or where the permission to connect drains with the existing sewers has been refused by the Commissioners, the licensee shall collect the waste water from such place in properly constructed cesspools. These should be periodically cleansed and the contents thereof treated in a manner to render them inoffensive or in such other way as the Commissioners may require before disposal in the way recommended by them.

9. The licensee shall provide air-tight lids or covers for every tank, cask or other receptacle, whether in daily use or not, kept for the purpose of dyeing in a place licensed under section 370. All such receptacles should be covered with air-tight lids overnight so that mosquitoes may not have the chance of gaining entrance into the receptacles.

10. Whenever dyeing is temporarily suspended the licensee shall fill all unused pots in a place licensed under section 370 with sand and shall cover them with mull or gauze tied tightly round their necks to prevent mosquito breeding in them during the period of such suspension

11. The licensee shall keep every vessel or receptacle in a place licensed under section 370 thoroughly clean even when such vessel or receptacle is not in use.

S. BANERJEE,

Secy. to the Board of Revenue, Bengal.

CUSTOM HOUSE, CALCUTTA.

Custom House, Calcutta, the 20th August 1936.

Custom House Agents.

The following rules are prescribed for the grant of Clearing Agents' licenses under section 202 of the Sea Customs Act. These rules and any amendments thereto made from time to time shall apply to all Clearing Agents irrespective of the dates on which their licenses are issued unless the Collector of Customs specially exempts any of the Clearing Agents holding a permanent or provisional license on the date of issue of these rules from the operation of any of the rules:—

1. The number of licenses granted to Clearing Agents will ordinarily be limited to 150 but the Collector of Customs reserves to himself the right of increasing or reducing the number at any time. Vacancies will be filled up as they occur, or once in six months, according to the convenience of the Department, the selected candidate being approved by the Collector.

2. Ordinarily licenses will be granted only to firms or individuals of established position. When a firm or individual applies for a license the following conditions must be satisfied before the applicant's claim can be considered:—

(1) There must be a vacancy on the list.

(2) The applicant must be one whose respectability and reliability is fully vouched for by persons well-known to the Department and must produce at least two certificates of character.

(3) The financial position of the applicant must be thoroughly satisfactory.

(4) The applicant must produce letters from at least six firms of standing expressing their readiness to employ the applicant as a Clearing Agent in Calcutta.

(5) The applicant must agree either to work personally or through a licensed sircar or to employ a person as clerk to be approved by the Department.

(6) The applicant must possess a fair knowledge of English, Bengali and/or Hindustani and also of the Custom House rules and procedure.

3. As a guarantee of his faithful behaviour as regards the Custom House regulations and officers, a Clearing Agent will be required to

deposit Rs. 500 in the Post Office Savings Bank and to pledge the Pass Book to the Collector of Customs and to execute a bond for the amount of deposit in the prescribed form (form I). In addition, every Clearing Agent will be required to furnish another bond (form II), with suitable surety for Rs. 500, or alternatively to make a cash deposit of Rs. 1,000 instead of Rs. 500.

4. A Clearing Agent who has executed a bond in form II must furnish the Collector of Customs every twelve months with a letter signed by the surety stating his willingness to continue to act as security. This will not dispense with the appearance of the surety in person every three years.

5. The Clearing Agent must sign an agreement to bring to the notice of the Collector of Customs the death or insolvency of the surety or his inability satisfactorily to continue his obligations.

6. One Clearing Agent will be allowed to stand security for another provided he can satisfy the Collector of Customs that he has sufficient property to cover his liability and one person will be allowed to stand security for more than one Clearing Agent provided he has sufficient property to enable him to stand security for those Clearing Agents.

7. A Clearing Agent may employ clerks according to the volume of his business subject to the following conditions:—

(1) that the extent of the Clearing Agents' business necessitates the employment of a clerk or clerks,

(2) that the person nominated is of satisfactory character and sufficient education and possesses sufficient knowledge of Customs procedure,

(3) that the Clearing Agent acknowledges responsibility for his clerk's actions.

Such clerks will be licensed under section 203 of the Sea Customs Act.

8. Clearing Agents will be held responsible for seeing that all documents prepared or presented by them are strictly in accordance with the orders relating thereto.

9. Clearing Agents will be required to maintain accounts and submit them for inspection in such form and manner as may be directed from time to time. Misconduct or failure to maintain accounts or to submit them for inspection whenever required will render the license of a Clearing Agent liable to suspension or cancellation.

10. A Clearing Agent's license is also liable to cancellation if the Collector of Customs is satisfied at any time that the volume of work done by him is negligible. A Clearing Agent's license is not transferable by sale or otherwise. Any transfer or attempt at transfer will render the license immediately invalid.

11. The grant of licenses under these rules does not confer a right to accommodation in the Custom House.

G. N. BOWER,
Collector of Customs.

DEPARTMENT OF INDUSTRIES AND LABOUR.

NOTIFICATION.

Simla, the 12th August 1936.

No. L.-3050.—The following draft of certain rules which the Governor-General in Council proposes to make in exercise of the powers conferred by sub-section (*4*) of section 33 of the Factories Act, 1934 (XXV of 1934), and in supersession of the rules published with the notification of the Government of India in the Department of Industries and Labour No. L.-3050, dated the 19th February 1935, is published as required by section 79 of the said Act for the information of all persons likely to be affected thereby, and notice is hereby given that the draft will be taken into consideration on or after the 15th November 1936.

Any objection or suggestions which may be received in respect of the draft before the date specified will be considered by the Governor-General in Council.

DRAFT RULES.

1. (*a*) *Title and application.*—These rules may be called the Hazardous Occupations (Lead) Rules, 1936.

(*b*) They shall apply to all factories in which any operation specified in the Schedule is carried on.

2. *Declaration of occupations as Hazardous.*—The operations specified in the Schedule are declared to be hazardous operations when carried on in any factory.

3. (1) *Definition of "lead compound".*—In these rules "lead compound" means any compound of lead, other than galena, or any mixture which contains a compound of lead, other than galena (but does not include an alloy containing lead);

Provided that the compound or mixture when subjected to the treatment prescribed in sub-rule (3) yields to an aqueous solution of hydro-chloric acid a quantity of soluble lead compound exceeding, when calculated as lead monoxide, five per cent. of the dry weight of the portion taken for analysis.

(2) In the case of paints and similar products and other mixtures containing oil or fat the "dry weight" means the dry weight of the material remaining after the substance has been thoroughly mixed and treated with suitable solvents to remove oil, fats, varnish or other media, and the treatment referred to in sub-rule (1) shall be applied to the material so remaining.

(3) The treatment referred to in sub-rule (1) shall be as follows:—

A weighed quantity of the material which has been dried at 100°C and thoroughly mixed shall be continuously shaken for one hour, at the common temperature, with 1,000 times its weight of an aqueous solution of hydrochloric acid containing 0·25 per cent. by weight of hydrogen chloride. This solution shall thereafter be allowed to stand for one hour and then filtered. The lead salt contained in the clear filtrate shall then be precipitated as lead sulphide and weighed as lead sulphate.

4. *Sampling.*—When an Inspector suspects that any substance used or intended for use in any factory contains a lead compound he may at any time take for analysis sufficient samples of that substance:

Provided that the manager of the factory may, at the time when a sample is taken and on providing the necessary appliances, require the Inspector to divide the sample into two parts and to make and seal and deliver to him one such part.

5. *Prohibition of employment of women, adolescents and children.*—No woman, adolescent or child shall be employed in any factory in any of the operations specified in items (*i*) to (*viii*) inclusive of the Schedule.

6. *Medical certification and examination.*—(1) No person shall be employed in any factory in any of the operations specified in the Schedule unless:—

(*a*) a special certificate of fitness in the Form appended to these rules granted to him by a certifying surgeon appointed under section 12 of the Factories Act, 1934, is in the custody of the manager of the factory; and

(*b*) he carries with him while at work a token giving reference to such certificate.

(2) Every person employed shall be medically examined by a certifying surgeon at intervals of not more than six months, and a record of such examinations shall be entered in the Form appended to these rules.

(3) If at any time the certifying surgeon is of opinion that any person is no longer fit for employment in any of the operations specified in the Schedule, he shall cancel the special certificate of fitness of that person.

(4) No person whose special certificate of fitness has been cancelled shall be employed in any of the operations specified in the Schedule unless the certifying surgeon again certifies him to be fit.

7. *Exhaust draughts.*—Where gas, dust or fume is produced in any of the operations specified in the Schedule, provision shall be made for drawing the gas, dust or fume away from every such person by means of an efficient exhaust draught so contrived as to operate on the gas, dust or fume as closely as possible to the point of origin:

Provided that where the provision of an efficient exhaust draught is not reasonably practicable respirators of a type approved by the Inspector shall be provided by the occupier and worn by every person working under such conditions.

Explanation.—"Efficient exhaust draught" means localised ventilation effected by heat or mechanical means, for the removal of gas, vapour, dust or fumes so as to prevent them (as far as practicable under the atmospheric conditions usually prevailing) from escaping into the air of any place in which work is carried on. No draught shall be deemed efficient which fails to remove smoke generated at the point where such gas, vapour, fumes or dust originate.

8. *Floors and work-benches.*—(1) The floor of every room, in which any person is employed on any of the operations specified in the Schedule, shall be of smooth cement or other smooth impervious material.

(2) The top of every work-bench in every such room shall be of smooth impervious material.

9. *Washing facilities.*—The occupier shall provide and maintain in a cleanly state and in good repair for the use of persons employed on any of the operations specified in the Schedule either—

(*i*) a trough with a smooth impervious surface fitted with a waste pipe without plug, and of sufficient length to allow at least two feet for every five such persons employed at any one time, and having a constant supply of warm water from taps or jets above the trough at intervals of not more than two feet; or

(*ii*) at least one lavatory basin for every five such persons employed at any one time, fitted with a waste pipe and plug, having either a constant supply of hot and cold water or warm water laid on, or (if a constant supply of heated water be not reasonably practicable) a constant supply of cold water laid on, and a supply of hot water always at hand when required for use by such persons;

together with, in either case, a sufficient supply of nail brushes, soap or other suitable cleansing material, and clean towels.

10. *Food, drink and tobacco.*—No food, drink or tobacco shall be brought into, or consumed in, any room in which any person is employed upon any of the operations specified in the Schedule.

11. *Protective clothing.*—Adequate protective clothing such as overalls in a clean condition shall be provided by the occupier and worn by every person employed on any of the operations specified in the Schedule.

Provided that the Chief Inspector of Factories may grant exemption from the operation of this rule to such extent as he deems suitable, where he is satisfied that its observation is not necessary for safeguarding the health of the operatives concerned.

12. *Tools and apparatus.*—All tools and apparatus used in any operation specified in the Schedule shall be kept clean.

13. *Exemption of casual operations.*—If it appears to the Chief Inspector of Factories that owing to the casual nature of any operations specified in head (*ix*) of the Schedule, the application of any provisions of these rules is not necessary for safeguarding the health of persons employed on these operations, he may grant exemption from such provisions to such extent and on such conditions as he may deem fit.

SCHEDULE.

(*i*) Work at a furnace where the reduction or treatment of zinc or lead ores is carried on:

(*ii*) The manipulation, treatment, or reduction of ashes containing lead, the desilverising of lead, the refining of dross containing lead or the melting of lead or old zinc:

(*iii*) The manufacture of alloys containing more than ten per cent. of lead:

(*iv*) The use, except solely in the solid state, of metallic lead or of alloys containing more than ten per cent. of lead:

(*v*) The manufacture of any oxide, carbonate, sulphate, chromate, acetate, nitrate, or silicate of lead:

(*vi*) Mixing or pasting in connection with the manufacture or repair of electric accumulators:

(*vii*) Handling or mixing of lead tetra ethyl:

(*viii*) The cleaning of work-rooms where any of the processes aforesaid are carried on:

*Sold by tender.

Condition.

1. The Officer holding the auction is not bound to accept the highest or any offer for any lot. The sale of any lot, the value of which exceeds Rs. 5,000, shall not be complete until confirmed by the Conservator of Forests, Bengal.

2. If the Officer holding the auction accepts an offer for any lot, the purchaser who has made the accepted offer shall immediately deposit as earnest money Rs. 100 in currency notes if the bid is below Rs. 1,000, Rs. 200 for a bid between Rs. 1,000 and Rs. 2,000, and Rs. 300 for a bid over Rs. 2,000. This earnest money will be returned if the sale is not confirmed, and will be transferred to the security deposit if the sale is confirmed; but if the amount of the earnest money be more than the required security deposit, the excess amount of the earnest money will be credited as part revenue for the lot.

3. Purchasers will be required to deposit security as follows:—

(1) For Clear Felling Lots, 10 per cent. of the purchase money.
(2) For Selection Coupes, 15 per cent. of the purchase money.
(3) For Dry Sal Coupes, 20 per cent. of the purchase money.

Payment of the security deposit according to the foregoing scale must be completed within fifteen days after the date of confirmation of the sale. The amount of security will be calculated to the nearest rupee.

4. Purchasers will be required to sign agreements in the printed form for outright sales (a copy of which may be seen at the Divisional Forest Offices at Darjeeling, Kurseong, Kalimpong, Buxa, Jalpaiguri and Rajabhatkhawa Subdivisional Forest Office).

5. The following are among the conditions of the agreement:—

(*a*) Felling and extraction to be completed before the 31st December 1938 except in the case of clear felling areas which must be completed by the 15th March 1937.

(*b*) The purchase money to be paid in approximately equal instalments on or before the following dates, or as may subsequently be fixed by the Divisional Forest Officer:—

For Clear Felling Lots.

1st instalment	.. ..	1st October 1936.
2nd instalment	.. ..	1st December 1936.
3rd instalment	.. ..	1st February 1937.

For Selection Felling and Dry Felling Lots.

1st instalment	.. ..	1st December 1936.
2nd instalment	.. ..	1st April 1937.
3rd instalment	.. ..	1st November 1937.
4th instalment	.. ..	1st April 1938.

(*c*) In clause 6 of the agreement, a period of two months from date of confirmation of sale will be allowed for claim to shortage in number of trees and timber.

(*d*) Purchasers of green lots must bark all trees within one week of felling, unless previously removed.

6. Failure to complete the payment of security deposit by the prescribed date will render the purchaser liable to forfeiture of the earnest money and failure to sign the agreement within one month of confirmation of sale will render the purchaser liable to forfeiture of the security deposit.

The lot or lots so affected shall be resold by public auction at the discretion of the Divisional Forest Officer, and the purchaser shall be liable for any loss, short of bid, on such resale.

7. In clear felling lots purchasers will be permitted to take away the tops of the trees they buy for fuel on free cart-load permit, until 15th March 1937, after which royalty rate will have to be paid for any such export. Tops of either over 8 feet in length or more than 3 feet in girth must be hammer marked as timber. Sufficient Sal tops must be left by the purchasers for fencing the plantations. Purchasers of the Rajabhatkhawa Clearing Felling areas will not be allowed to take away the Sal tops for fuel, this coupe only includes the timber in the trees sold and not pieces of under 8 feet in length and 3 feet in girth.

N.B.—The girth of green trees recorded above are at 4 feet from the ground and are over bark and are from the thicker end in the case of felled trees and logs.

F. J. A. HART, Deputy Conservator of Forests, Buxa Division.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Uncovenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are (1) that widowed daughters incapable of re-marriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.
